Dirk Proske, Pieter van Gelder

Bridge the Gap Brian Stroh, 2018-05-16 Bridge the Gap tells the story of how one church answered the question would anyone miss us if we stopped being a church? through a ground-breaking relationship with an under-resourced public school. In an increasingly divisive and polarized culture, there are opportunities for churches to be communities that demonstrate tangible care to people and organizations in their neighborhoods and communities. The local public school is an amazing and often untapped partnership for churches to come alongside and demonstrate tangible care for the school and its staff and students.

The Church of Irresistible Influence Robert Lewis, Rob Wilkins, 2002-10-27 Now available in paperback. The inspiring story of how a church showed God's love to a dying culture by building bridges to its neighborhood, community, and world.

Didn't See It Coming Carey Nieuwhof, 2021-08-24 An influential pastor, podcaster, and thought leader believes it's not only possible to predict life's hardest moments, but also to alter outcomes, overcome challenges, and defeat your fiercest adversaries. Founding Pastor of one of North America's most influential churches, Carey Nieuwhof wants to help you avoid and overcome life's seven hardest and most crippling challenges: cynicism, compromise, disconnectedness, irrelevance, pride, burnout, and emptiness. These are challenges that few of us expect but that we all experience at some point. If you have yet to confront these obstacles, Carey provides clear tools and guidelines for anticipation

and avoidance. On the other hand, if you already feel stuck in a painful experience or are wrestling with one of these challenges, he provides the steps you need to find a way out and a way forward into a more powerful and vibrant future. Now available in paperback edition.

Keepsakes Donna Stutts-Piras, 2024-01-22 *Keepsakes: The Heart Series* is a journey from fear into freedom, written for women everywhere who struggle with never being good enough to be loved. It is my story, but it is also the story of so many like me, searching for confidence and peace. I remember thinking, Lord, it is so unfair if you return when I am having a bad day or I'm not being as good as I should be or if I didn't score enough points that day to get into heaven. Like so many, I lived in subtle fear that my life was judged on an invisible scale, with each deed being measured against perfection. Once I understood, when I accepted Christ, God's son, into my heart, I was saved; I was going to heaven! I could never be good enough--on my bad days or my good days--to get into heaven, but Christ inside me could. That's when I stopped focusing on myself and my performance, and I started understanding who God was. And I now get to lean on, depend on, talk to, and cry with my King every day on my special journey of life. He knows my every thought, my every motivation, my every deed; he knows my ugly, and he still loves me. Not like the love from childhood, where I had to be perfect to be accepted, but an unconditional, never-ending love. He walks hand in hand with me through every season--no scales, just a hand holding mine. My purpose in writing is simply this: that you who believe in God's Son will know beyond the shadow of a doubt that you have eternal life, the reality and not the illusion. And how bold and free we then become in his presence, freely asking according to his will, sure that he is listening. And if we are confident that he is listening, we know that what we have asked for is as good as ours. (1 John 5:13-15)

The Science of Virtue Mark R. McMinn, 2017-08-22 The church and science have drifted apart over the past century. Today the church is often deemed irrelevant by those who trust science, and science is often deemed irrelevant by those whose primary loyalties are to the church. However, this book shows that the new science of virtue--the field of positive psychology--can serve as a bridge point between science and the church and can help renew meaningful conversation. In essence, positive psychology examines how ordinary people can become happier and more fulfilled. Mark McMinn clarifies how positive psychology can complement Christian faith and promote happiness and personal flourishing. In addition, he shows how the church can help strengthen positive psychology. McMinn brings the church's experience and wisdom on six virtues--humility, forgiveness, gratitude, grace, hope, and wisdom--into conversation with intriguing scientific findings from positive psychology. Each chapter includes a section addressing Christian counselors who seek to promote happiness and fulfillment in others.

Volcanic Successions Modern and Ancient R. Cas, J. Wright, 2012-12-06 One of our aims in the book is to provide geologists with a sound basis for making their own well founded interpretations. For that reason we cover not only concepts about processes, and the nature of the products, but also methods and approaches that may be useful in analysing both modern and ancient successions. Most importantly, we treat the diversity of products in volcanic terrains as facies, and we use the method of facies analysis and interpretation as a means of constructing facies models for different volcanic

settings. These models will, we hope, be useful as norms for comparison for workers in ancient terrains. The idea for this book came into being between 1981 and 1982 when J. V. W. came to Monash University to take up a Monash Postdoctoral Fellowship. During this period a short course on facies analysis in modern and ancient successions was put together, integrating J.V.W.'s extensive volcanological experience in numerous modern volcanic terrains with R.A.F.C.'s extensive sedimentological and volcanological experience in older volcanic and associated sedimentary successions in the Palaeozoic and Precambrian of Australia. The enthusiastic response from the participants to the first short course, taught in May 1982, and to subsequent annual re-runs, encouraged us to develop the short course notes into this book. The idea for both the short course and the book arose because we felt that there was no single source available that comprehensively attempted to address the problems of analysing, interpreting and understanding the complexity of processes, products and stratigraphy in volcanic terrains.

Safety of historical stone arch bridges Dirk Proske, Pieter van Gelder, 2009-09-18 Historical stone arch bridges are still a major part of the infrastructure in many countries. Although this type of bridge has proven to be an efficient construction type, it often poses the problem of insufficient numerical models of the load bearing behavior. Therefore the book introduces methods to adapt life loads and introduces different types of numerical models of the load resistance respectively. The book continues with the introduction of specific damages and strengthening techniques. The book particularly focuses on the probabilistic safety assessment of historical arch bridges, for which often only limited material and structural data is available.

The New Peoplemaking Virginia Satir, 1988 Revised and expanded seminal work on families, with more than a million copies sold in 12 languages. The New Peoplemaking expresses Satir's most

evolved thoughts on self-worth, communication, family systems, and the ways in which people relate to one another. Drawn on Satir's lifetime of experience with thousands of families around the world, it is written in the engaging style for which she is famous. The New Peoplemaking is completely revised and enlarged by six new chapters that elaborate on the whole of life.

God Has a Name John Mark Comer, 2017-03-28 God Has a Name is a simple yet profound guide to understanding God in a new light--focusing on what God says about himself. This one shift has the potential to radically alter how you relate to God, not as a doctrine, but as a relational being who responds to you in an elastic, back-and-forth way. In God Has a Name, John Mark Comer takes you line by line through Exodus 34:6-8--Yahweh's self-revelation on Mount Sinai, one of the most quoted passages in the Bible. Along the way, Comer addresses some of the most profound questions he came across as he studied these noted lines in Exodus, including: Why do we feel this gap between us and God? Could it be that a lot of what we think about God is wrong? Not all wrong, but wrong enough to mess up how we relate to him? What if our God is really a projection of our own identity, ideas, and desires? What if the real God is different, but far better than we could ever imagine? No matter where you are in your spiritual journey, the act of learning who God is just might surprise you--and change everything.

Zeta Major Simon Messingham, 1998 In his fourth incarnation, the Doctor landed on the planet Zeta Minor, a world located on the edge of the known universe, the bridge-point for the opposite universes of matter and anti-matter. Now in his fifth life, the Doctor meets the same race he landed there before, and once again they are eager to harness its secrets -- with terrifyingly dangerous results. Caught up in a situation akin to a Jacobean revenge tragedy, the Doctor must fight his way through layers of court intrigue before he can try to stop the people really in control from allowing the

forces of Anti-matter free reign to destroy every life-form in the universe.

Enjoying God Tim Chester, 2018-09-01 Discover the key to enjoying God in every moment of every day We believe in God, we serve God, we trust God, but would we say that we experience God on a day to day basis? Do we really know him personally? What exactly does a relationship with God look like, and how is it even possible? In this seminal work by Tim Chester, we'll see how the three persons of the Trinity relate to us in our day-to-day lives and how to respond. We'll discover that as we interact more with God, and understand how awesome he is, we will experience the joy of being known by the creator of the universe. Every Christian will benefit from discovering the key to enjoying God in every moment of everyday.

Liquid Church Tim Lucas, Warren Bird, 2019-09-10 In today's fluid culture, many churches are adrift--longing to reach spiritually thirsty people, but failing to make an impact. Have you noticed? Congregations are stuck or declining. Millennials and Gen Z are walking away. Volunteers and their generosity are drying up. Is your city, town, or neighborhood spiritually dry? Do you long to see more of the living water of Jesus flowing freely through your community, generating a fresh wave of ministry momentum? Buckle up: you're in for a whitewater ride! Liquid Church tells the fascinating story of a New Jersey church that began on accident and grew into one of America's 100 Fastest-Growing Churches, with over 5,000 in weekly attendance and more than 2,400 baptisms to date. Their secret? They harnessed the power of six powerful ministry currents sweeping across North America including: special needs, creative communication, ministry mergers, compassionate cause, radical generosity, and leadership development. With powerful stories and scriptural insights, backed by national research, Tim Lucas and Warren Bird describe dozens of fresh ideas, new ministry wineskins, and hard-won leadership learnings that resonate with rising generations in today's show-

then-tell culture. Each chapter includes practical tools, real-life examples, and links to Other Churches Making Waves with cutting-edge ministry ideas designed to help saturate your city for Christ. Ready to dive deeper? Whether you serve a brand-new church plant, fast-growing congregation, or an aging ministry ready for reinvention, Liquid Church is an inspiring and practical guide for leaders ready to reach their spiritually thirsty neighbors--those who have given up on church, but haven't given up on God.

Fulham Old and New Charles James Feret,1900

The Case for Christ Lee Strobel,2010-11 The book consists primarily of interviews between Strobel (a former legal editor at the Chicago Tribune) and biblical scholars such as Bruce Metzger. Each interview is based on a simple question, concerning historical evidence (for example, Can the Biographies of Jesus Be Trusted?), scientific evidence, (Does Archaeology Confirm or Contradict Jesus' Biographies?), and psychiatric evidence (Was Jesus Crazy When He Claimed to Be the Son of God?). Together, these interviews compose a case brief defending Jesus' divinity, and urging readers to reach a verdict of their own.
