The Rocky Horror Show Richard O'Brien,1983 Rock Musical Characters: 7 males, 3 females Scenery: Interior That sweet transvestite and his motley crew did the time warp on Broadway in a 25th anniversary revival. Complete with sass from the audience, cascading toilet paper and an array of other audience participation props, this deliberately kitschy rock 'n' roll sci fi gothic is more fun than ever. A socko wacko weirdo rock concert.-WNBC TV. A musical that deals with mutating identity and time warps becomes one of the most mutated, time warped phenomena in show business.-N.Y. Times. Campy trash.-Time.

What Parish Are You From? Eileen M. McMahon,2014-07-11 For Irish Americans as well as for Chicago's other ethnic groups, the local parish once formed the nucleus of daily life. Focusing on the parish of St. Sabina's in the southwest Chicago neighborhood of Auburn-Gresham, Eileen McMahon takes a penetrating look at the response of Catholic ethnics to life in twentieth-century America. She reveals the role the parish church played in achieving a cohesive and vital ethnic neighborhood and shows how ethno-religious distinctions gave way to racial differences as a central point of identity and conflict. For most of this century the parish served as an important mechanism for helping Irish Catholics cope with a dominant Protestant-American culture. Anti-Catholicism in the society at large contributed to dependency on parishes and to a desire for separateness from the American mainstream. As much as Catholics may have wanted to insulate themselves in their parish communities, however, Chicago demographics and the fluid nature of the larger society made this ultimately impossible. Despite efforts at integration attempted by St. Sabina's liberal clergy, white parishioners viewed black migration into their neighborhood as a threat to their way of life and resisted it even as they relocated to the suburbs. The transition from white to black neighborhoods and parishes is a major theme of twentieth-century urban history. The experience of St. Sabina's, which changed from a predominantly Irish parish to a vibrant African-American Catholic community, provides insights into this social trend and suggests how the interplay between faith and ethnicity contributes to a resistance to change.

OMG Where Are You? Samantha X. Arellano,2019-09-17 Take a journey into a child's mind and many questions they may have about God. The main character is portrayed as a silhouette to allow a young reader to put themselves into the story. The flow of words are sweet to the ear with rhymes that unfold a story as the child finds God within themselves, through their eyes and how they feel in their heart.

Mendelssohn in Performance Siegwart Reichwald,2008-09-25 Exploring many aspects of Felix Mendelssohn's multi-faceted career as musician and how it intersects with his work as composer, contributors discuss practical issues of music making such as performance space, instruments, tempo markings, dynamics, phrasings, articulations, fingerings, and instrument techniques. They present the conceptual and ideological underpinnings of Mendelssohn's approach to performance, interpretation, and composing through the contextualization of specific performance events and through the theoretic actualization of performances of specific works. Contributors rely on manuscripts, marked or edited scores, and performance parts to convey a deeper understanding of musical expression in 19th-century Germany. This study of Mendelssohn's work as conductor, pianist, organist, violist, accompanist, music director, and editor of old and new music offers valuable perspectives on 19th-century performance practice issues.

Love, Mrs. Euker Susan Cunningham Euker,2021-01-11 *Love, Mrs. Euker* is a series of vignettes written by a 40-year-old former teacher who returns to the classroom after ten years of retirement, leaving the calm and comfort of her well-ordered suburban life as a wife and mother for the wilds of a modern blackboard jungle. While she aspired to have a positive influence on her students, what she didn't foresee was the unexpected impact returning to teaching would have on her. In the true spirit of coddiwompling defined as traveling in a purposeful manner towards a vague destination, this Baltimore-based schoolteacher left her domestic cocoon and journeyed headlong into an unforeseen and unsettling future. While her family remained her central focus, she discovered a different dimension to her life, and in teaching teenagers, learned much about herself. Experience the joys and heartbreak of a life-changing career in education as you stand in a teacher's shoes as she cheers her students' success, grieves over lives interrupted, and experiences the challenge and rewards of preparing young people for an uncharted future. With wit, hard-earned wisdom and confessed foibles here and there, this veteran teacher presents a candid, insightful perspective of a career in education in all its tedium and shining moments of glory. In her account of twenty years of coaching, instructing, guiding and counseling students, live through the triumph and tears as she recounts her purposeful journey towards a vague destination. In this tribute to her former students at Hereford High School in suburban Baltimore, she writes for everyone who has ever sat in a classroom, or held a piece of chalk in their hand, or dreamed of inspiring the future. This is a love letter to teachers and their students everywhere.

Why Elephants Have Big Ears Chris Lavers,2011-04-01 *Why Elephants Have Big Ears* is the result of one man's lifelong quest to understand why the creatures of the earth appear and act as they do. In a wry manner and personal tone, Chris Lavers explores and solves some of nature's most challenging evolutionary mysteries, such as why birds are small and plentiful, why rivers and lakes are dominated by the few remaining large reptiles, why most of the large land-dwellers are mammals, and many more.

Full Dissidence Howard Bryant, 2020-01-21 A bold and impassioned meditation on injustice in our country that punctures the illusion of a postracial America and reveals it as a place where authoritarianism looms large. Whether the issues are protest, labor, patriotism, or class division, it is clear that professional sports are no longer simply fun and games. Rather, the industry is a hotbed of fractures and inequities that reflect and even drive some of the most divisive issues in our country. The nine provocative and deeply personal essays in Full Dissidence confront the dangerous narratives that are shaping the current dialogue in sports and mainstream culture. The book is a reflection on a culture where African Americans continue to navigate the sharp edges of whiteness—as citizens who are always at risk of being told, often directly from the White House, to go back to where they came from. The topics Howard Bryant takes on include the player-owner relationship, the militarization of sports, the myth of integration, the erasure of black identity as a condition of success, and the kleptocracy that has forced America to ask itself if its beliefs of freedom and democracy are more than just words. In a time when authoritarianism is creeping into our lives and is being embraced in our politics, Full Dissidence will make us question the strength of the bonds we think we have with our fellow citizens, and it shows us why we must break from the malignant behaviors that have become normalized in everyday life.
