The Encyclopaedia Britannica Hugh Chisholm,1911

Britannica Concise Encyclopedia Encyclopaedia Britannica, Inc.,2008-05-01 Britannica Concise Encyclopedia is the perfect resource for information on the people, places, and events of yesterday and today. Students, teachers, and librarians can find fast facts combined with the quality and accuracy that have made Britannica the brand to trust. A tool for both the classroom and the library, no other desk reference can compare.

The Britannica Guide to Modern China Jonathan Mirsky,2008 One in a series of Britannica Guides to some of today's key issues, this book looks at how China has been transformed from a peasant economy to its present position as a world superpower.

The History of China Britannica Educational Publishing,2010-04-01 China's unmatched ability to reinvent itself over the centuries is perhaps its most timeless asset. Even in the wake of violent civil wars, Mongol invaders, and turbulent governance, China has endured and, in recent times, achieved a level of prosperity rivaled by few other countries in the world. The events that transformed China from an imperial nation to a superpower are chronicled in this comprehensive volume that introduces the history of the world's largest and one of its most dynamic populations. Accompanied by vivid images, the narrative provides readers with new perspective on this ancient culture.

War Trash Ha Jin,2007-12-18 Ha Jin's masterful new novel casts a searchlight into a forgotten corner of modern history, the experience of Chinese soldiers held in U.S. POW camps during the Korean War. In 1951 Yu Yuan, a scholarly and self-effacing clerical officer in Mao's "volunteer" army, is taken prisoner south of the 38th Parallel. Because he speaks English, he soon becomes an intermediary between his compatriots and their American captors. With Yuan as guide, we are ushered into the secret world behind the barbed wire, a world where kindness alternates with blinding cruelty and one has infinitely more to fear from one's fellow prisoners than from the guards. Vivid in its historical detail, profound in its imaginative empathy, War Trash is Ha Jin's most ambitious book to date.

The Geography of China Britannica Educational Publishing,2010-04-01 With its flourishing metropolises, China has come to be identified with urban life and rapid technological advancement. Yet much of its landscape also boasts communities sustained by wondrous natural resources, which contribute to the scenic and spiritual beauty of the nation as well as its economic productivity. Within these pages, readers are invited to tour China's cities, villages, and countryside. They'll visit the natural and manmade landmarks that reveal as much about the history of this vast nation as its geography.

Under the Red Flag Ha Jin,1999 Set in the northern Chinese provincial town of Dismount Fort, these 12 stories offer a fascinating glimpse of the lives of peasants, soldiers, workers, and party officials during the Great Cultural Revolution.

Journey to the West Wu Cheng'en,2018-08-14 The bestselling Journey to the West comic book by artist Chang Boon Kiat is now back in a brand new fully coloured edition. Journey to the West is one of the greatest classics in Chinese literature. It tells the epic tale of the monk Xuanzang who journeys to the West in search of the Buddhist sutras with his disciples, Sun Wukong, Sandy and Pigsy. Along the way, Xuanzang's life was threatened by the diabolical White Bone Spirit, the menacing Red Child and his fearsome parents and, a host of evil spirits who sought to devour Xuanzang's flesh to attain immortality. Bear witness to the formidable Sun Wukong's (Monkey God) prowess as he takes them on, using his Fiery Eyes, Golden Cudgel, Somersault Cloud, and quick wits! Be prepared for a galloping read that will leave you breathless!

Introduction to Social Systems Engineering Huijiong Wang,Shantong Li,2018-03-28 This book integrates the basic theories (GST and Parson's AGIL framework), applying them to the components of social systems, state-run and business firms. China's development experience offers a valuable case study that can provide readers deeper insights into this comparatively young discipline, and into China. Though the discipline of systems engineering and its application to hardware engineering system are well established, social systems engineering is an emerging discipline still being explored. This book may be the first English-language publication on this promising subject.

The Culture of China Britannica Educational Publishing,2010 Reverberations of China's diversity and multiethnic heritage are visible in everything from the cuisine and languages to the beliefs and arts of the vast nation. In addition to linking the Chinese to their rich past, a number of these traditions have been absorbed by cultures around the world and have granted many entrée into a nation otherwise far-removed from their own. This volume treats readers to a unique sensory experience, allowing them to better appreciate the sights, sounds, and tastes that have been developed and refined in China for centuries.

A Dictionary of Maqiao Han Shaogong,2005-09-27 From the daring imagination of one of China's greatest living novelists comes a work of startling power and originality—the story of a young man “displaced” to a small village in rural China during the 1960s. Told in the format of a dictionary, with a series of vignettes disguised as entries, A Dictionary of Maqiao is a novel of bold invention—and a fascinating, comic, deeply moving journey through the dark heart of the Cultural Revolution. Entries trace the wisdom and absurdities of Maqiao: the petty squabbles, family grudges, poverty, infidelities, fantasies, lunatics, bullies, superstitions, and especially the odd logic in their use of language—where the word for “beginning” is the same as the word for “end”; “little big brother” means older sister; to be “scientific” means to be lazy; and “streetsickness” is a disease afflicting villagers visiting urban areas. Filled with colorful characters—from a weeping ox to a man so poisonous that snakes die when they bite him—A Dictionary of Maqiao is both an important work of Chinese literature and a probing inquiry into the extraordinary power of language.

Mythbusting the Cult of Confucius Wayne Deeker,2013-03-14 China is ever-more important to western countries, yet remains shrouded in myth. This book is the first to part those myths and demystify the realities of Chinese ways. Western people need to know because Chinese traits and values, combined with China's modern power, now literally affect all. This book examines the ancient origins of Chinese thinking in Confucianism and consequences for the modern world: it is especially relevant to business and government relations with China, also to educational and immigration issues. Yet it contains far more than warnings alone. Above all, it shows ways western people might learn from Chinese people, and to compassionately help them break free of their past.

Recent Developments in the Law of the Sea And China University of Virginia. Center for Oceans Law and Policy. Conference,2006 The focus of this book is on current ocean law and policy issues particularly in the region around China. The work will be useful to anyone concerned with law of the sea in general and the evolving attitudes of States near China in particular.

Universal and Particular–Ideological Developments in the Contemporary Chinese Confucian Revival Movement (2000–2020) Wei Shi,2023-11-27 Wei Shi’s well-crafted study weaves together historical context, ideological complexities, and insightful case studies on Confucian metaphysics, ethics, and politics. Engagingly written, it seamlessly bridges the gap between universal and nationalist (particular) perspectives, offering a rich tapestry of ideas and satisfying unity. Shi describes the profound impact of Confucian revival on China's cultural identity. She argues that Confucian ideas continue to shape China's trajectory in an ever-changing world. Specialists, graduate students, and enthusiasts will find this work an invaluable resource in understanding the multifaceted landscape of China’s Confucian revival in the twenty-first century.

Lexicography: Lexicography, metalexicography and reference science R. R. K. Hartmann,2003

Chinese America Birgit Zinzius,2005 Chinese America - Stereotype and Reality is a comprehensive and fascinating textbook about the Chinese in America. Covering more than 150 years of history, the book documents the increasing importance of the Chinese as a social group: from immigration history to the latest immigration legislation, from educational achievements to socio-cultural and political accomplishments. Employing the author's detailed knowledge of the Chinese Diaspora, combined with her meticulous research, the book explores the history, diversity, socio-cultural structures, networks, and achievements of this often-overlooked ethnicity. It highlights how, based on their current position, Chinese Americans are well-placed to play a major role in future relations between China and the United States - the two largest economies of the twenty-first century.

A Brief History of Encyclopedias Andrew Brown,2011 Including topics such as Wikipedia's importance as a global phenomenon, this is a timely consideration of the roles of the guardians and editors of information throughout history Encyclopedias have traditionally claimed to provide absolute knowledge, yet with information now among the world's most valuable commodities, this Brief History is a sensible deliberation on how accurate that claim can ever be. While the omissions and distortions of the Great Soviet Encyclopedia may seem easy enough to spot, those of—for example—the Britannica, the Universalis, or the Brockhaus may not be so widely known. Since the Middle Ages, rapid advancements in science have made all encyclopedias effectively obsolete virtually immediately as they are published, which begs the question: Is the encyclopedic project fundamentally flawed? Also discussing the impact online encyclopedias have had on the conundrum, this is a fascinating account of an unjustly neglected area of cultural history.

The World Book Encyclopedia ,2002 An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

Keeping My Mandarin Alive Kuan Yew Lee,2005 Accompanying DVD-ROM contains ... snippets of an interview with MM Lee and a demo version of the software he has been using to learn Mandarin; samples of resource materials he has been using to pick up the language; resource guide for Mandarin learners (e.g., Chinese software, useful websites and dictionaries. -- p. [4] of cover.

De-politicization of Ethnic Questions in China Lizhong Xie,2013-12-30 De-politicizing issues of ethnicity is a new theoretical approach to study ethnic questions actively propounded and elaborated by Professor Ma Rong of Sociology Department of Peking University in the past ten years. In the recent years, this theoretical approach has aroused biggish responses from the academic community in Mainland China, the relevant government departments, and the general public. It is likely to elicit vigorous discussions in the years ahead. The book contains eight selected chapters which represent the main contributions to the debate. The first chapter by Ma Rong is the key paper where in he lays out his main ideas and arguments. The remaining chapters deal with both positive and negative responses to the first chapter, and his replies to them.

This is likewise one of the factors by obtaining the soft documents of this **Britannica Chinese Concise Encyclopedia** by online. You might not require more time to spend to go to the ebook inauguration as skillfully as search for them. In some cases, you likewise pull off not discover the notice Britannica Chinese Concise Encyclopedia that you are looking for. It will totally squander the time.

While this might not be the Britannica Chinese Concise Encyclopedia full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Britannica Chinese Concise Encyclopedia eBooks, including some popular titles.

FAQs About Britannica Chinese Concise Encyclopedia Books

What is a Britannica Chinese Concise Encyclopedia PDF?

A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Britannica Chinese Concise Encyclopedia PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Britannica Chinese Concise Encyclopedia PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Britannica Chinese Concise Encyclopedia PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like

Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Britannica Chinese Concise Encyclopedia PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
