Fun Facts About Snakes About the Author About Snakes Did you know that snakes are one of the most misunderstood creatures in the animal kingdom? In this book we are going to learn about snakes. We are going to talk about where they live, how they hunt, what they eat, and learn some fun and interesting facts about snakes. One thing that is very interesting about snakes is that some species lay eggs to hatch and other species give birth to live young. As we talk about each different snake keep an eye out for which ones lay eggs and which have live babies. Snakes are also grouped together in different families just like humans! We will learn a few of the snake families and some of the snakes that belong to them.

Slithering Snakes (Readaloud) Pam Holden, 2020-12-07 Snakes live in many countries of the world. They belong to the group of animals called reptiles, which have cold blood and scaly skin. A snake is an unusual animal, because it has a simple body with no legs, just a skull and a bendy backbone. It looks like a head and one long tail, but it is not really a simple animal, as it can be dangerous.
