Jimmy Carter

Mr. Buchanan's Administration James Buchanan, 2000 An autobiographical vindication of the policy of the Buchanan administration during the last months of his term, this book is an important source for understanding the political events leading to the secession and the Civil War. Throughout his administration, Buchanan was constantly plagued with the issues of slavery, even though the existence of domestic slavery in the South was recognized and protected by the Constitution of the United States. This book details the rising conflict within the nation as Southern slave holding states argued with Northern abolitionists and Anti-Slavery societies as to whether or not slavery should continue to flourish in the United States.

The Character of John Adams Peter Shaw, 2014-01-01 The formal side of Adams is reconciled with his remarkably colorful private life by Shaw's penetrating grasp of the whole man. Considerable attention is given to his clash of wills with Franklin in Europe and his later relationship with Jefferson. The account of Adams's twenty-five years of retirement after losing the presidency resolves some of the dilemmas arising from the long career of a man who was never really suited by temperament for politics. Originally published in 1976. A UNC Press Enduring Edition -- UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original, and are presented in affordable paperback formats, bringing readers both historical and cultural value.

The Presidency of James Earl Carter, Jr Burton Ira Kaufman, Scott Kaufman, 2006 A thoroughly revised, updated, and newly illustrated version of the Gaddis Smith called the best book on the totality of the Carter presidency. The new edition includes more on the former president's foreign and environmental policies and expands coverage of the personal Carter as well as his wife Rosalyn's activist role during his administration.

The World Book Encyclopedia, 2002 An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

The Rise of Andrew Jackson David S. Heidler, Jeanne T. Heidler, 2018-10-23 The story of Andrew Jackson's improbable ascent to the White House, centered on the handlers and propagandists who made it possible Andrew Jackson was volatile and prone to violence, and well into his forties his sole claim on the public's affections derived from his victory in a thirty-minute battle at New Orleans in early 1815. Yet those in his immediate circle believed he was a great man who should be president of the United States. Jackson's election in 1828 is usually viewed as a result of the expansion of democracy. Historians David and Jeanne Heidler argue that he actually owed his victory to his closest supporters, who wrote hagiographies of him, founded newspapers to savage his enemies, and built a political network that was always on message. In transforming a difficult man into a paragon of republican virtue, the Jacksonites exploded the old order and created a mode of electioneering that has been mimicked ever since. !--[endif]--

Millard Fillmore: Biography Of A President Robert J. Rayback, 2015-11-06 Professor Robert J. Rayback's history of Millard Fillmore is still the best biography of the 13th President of the United States. In one of the many unexplained, unfortunate quirks of history, most of the official papers of Fillmore's administration were destroyed by his son. Scholars have consequently been denied the source material which is so essential to examining and gaining insight into the underlying truth of a Presidency. Regarding Fillmore, the few records that do survive can only be compiled piecemeal, a laborious task which few have had the stamina to undertake. Thus is the historical importance of Robert J. Rayback's authoritative biography, which gives documented substance to Fillmore and his three years in office. Thoughtful and objective, Rayback's balanced portrayal lauds Fillmore's astuteness, as in sending Matthew Perry to open Japan to trade, and assays his faults, such as agreeing to run on the "Know Nothing" ticket in 1856.

We see, as John Lord O'Brian, former regent of the University of the State of New York noted, "a devoted patriot who in all activities sought guidance from his own conscience during the critical events of the mid-nineteenth century." Julius Pratt of the University of Buffalo concludes from the book that "without Fillmore there could have been no Lincoln."-Print ed.

Jimmy Carter Linda George, Charles George, 2000 Presents a biography of the United States president, from his childhood in Georgia to his current activities with the Carter Center and Habitat for Humanity, discussing important historical events that happened during his career.

Keeping Faith Jimmy Carter, 2013-10-01 Available for the first time in paperback, Keeping Faith is Jimmy Carter's account of the satisfaction, frustration, and solitude that attend the man in the Oval Office. Keeping Faith is Jimmy Carter's account of the satisfaction, frustration, and solitude that attend the man in the Oval Office. Mr. Carter writes candidly about the crises that confronted him during his tenure as President of the United States and leader of the free world, from 1977 to 1981. "The President who cared" details his anguish over the hostage crisis in Iran, his triumph against all odds at Camp David, his secret communications with China's Deng Xiaoping, and his dramatic and revealing encounters with Soviet President Leonid Brezhnev, West German Chancellor Helmut Schmidt, and other world leaders. Mr. Carter also shares glimpses of his private world—his feelings of being an outsider in Washington, his relationship with Rosalynn, his pain about the attacks on his friends and his brother Billy. Captivatingly written, this rich historical document delineates a morally responsible president who has continued to earn respect and admiration as a world statesman and advocate for the poor and repressed of all nations.

Martin van Buren and the American Political System Donald B. Cole, 2014-07-14 Donald Cole analyzes the political skills that brought Van Buren the nickname Little Magician, describing how he built the Albany Regency (which became a model for political party machines) and how he created the Democratic party of Andrew Jackson. Originally published in 1984. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The Philippines Theodore Roosevelt, 1902

The Great Little Madison Jean Fritz, 1998-02-23 In the days before microphones and TV interviews, getting people to listen to you was not an easy task. But James Madison used his quiet eloquence, intelligence and passion for unified colonies to help shape the Constitution, steer America through the turmoil of two wars, and ensure that our government, and nation, remained intact. An excellent, fascinating, indispensable resource. —Kirkus Reviews, pointer review The book is rich in the sort of detail that illuminates the man, but is not limited to personal information; a great deal of government history is woven into the biography. —Horn Book, starred review Fritz has given a vivid picture of the man and an equally vivid picture of the problems that faced the leaders of the new nation in the formative years. —The Bulletin of the Center for Children's Books, starred review Young readers will feel like they know the 'Great Little Madison' very well. —School Library Journal
