Gregory R. Pohl,Robert A. Cannings,Jean-François Landry,David G. Holden,Geoffrey G. E. Scudder,2015 Moths and butterflies (Lepidoptera) are one of the most diverse and economically important groups of insects, with approximately 157,000 species worldwide. This book establishes a definitive list of the species that occur in BC, and clarifies erroneous records in past works. It provides a knowledge baseline that will be useful to resource and conservation managers, biodiversity researchers, taxonomists, amateur collectors, and naturalists.--Back cover.

**Pro-Family Politics and Fringe Parties in Canada** Chris MacKenzie,2014-05-14 Pro-Family Politics and Fringe Parties in Canada explores the organizational and ideological nature of political parties that are initially formed to do the work of social movements. Specifically, it examines the development of the Family Coalition Party of British Columbia (FCP) from its origins as a group of alienated Social Credit Party members to its rebirth as the Unity Party of British Columbia, and through its struggles as a marginal political entity along the way. While addressing the FCP's relationship to the larger North American pro-family movement, Chris MacKenzie also deftly demonstrates how the party can be seen as organizationally congruent with its ideological antithesis, the Green Party. Basing his findings on seven years of field research, he identifies the obstacles that political parties involved in social movement work must overcome in order for them to achieve their goals. He concludes that, despite their invaluable contribution to democracy, such party / movements have limited political institutionalization. Consequently, their only realistic goal may be to merge their ideals with those of another, larger political body. This book makes a substantial contribution to our understanding of the genesis, development, and impact of political party / movements in Canada. Moreover, it provides useful insight into the dynamics and issues that make up the current pro-family movements in Canada and the United States.

*Public Education* Myron Lieberman,1993 In this blistering critique of our failing public schools, Lieberman explains why public education is in irreversible and terminal decline and tells what we must do to get American schooling back on track. Vouchers and the Provision of Public Services C. Eugene Steuerle,Van Doorn Ooms,George E. Peterson,Robert D.

Reischauer,2010-12-01 For decades, the use of vouchers has been widely debated. But often lost in the heat of debate is the fact that vouchers are just another tool in the government's tool chest, a restricted subsidy that falls somewhere between the extremes of cash and direct government provision of services. The instrument itself is not new—the 1944 GI Bill of Rights was a voucher, and vouchers for food, college aid, and housing have been in place for decades. Until now, however, the study of vouchers has been restricted to a few controversial applications. This volume, which grew out of a conference sponsored by the Brookings Institution, the Urban Institute, and the Committee for Economic Development, fills the gap, offering a framework for comparative analysis of specific policy issues related to vouchers. Its 16 essays address the economics, politics, and legal issues of voucher use and explore how vouchers are currently employed in the United States and abroad for education, child care, job training, housing, and health care. C. Eugene Steuerle is a senior fellow at the Urban Institute and has worked under four different U.S. presidents on a variety of reform issues in such areas as social security, budget, tax, and health policy. Robert D. Reischauer, a senior fellow in Economic Studies at the Brookings Institution, was director of the Congressional Budget Office from 1989 to 1995. George Peterson is a senior fellow at the Urban Institute; from 1976 to 1985 he directed the Institute's Public Finance Research Center. Van Doorn Ooms, senior vice president and director of research at the Committee for Economic Development, was formerly executive director for policy and chief economist of the Committee on the Budget, U.S. House of Representatives, 1989-1990, and was the Budget Committee's chief economist from 1981 to 1988.
