Multiplying this value with the number of shipments handled per day can be astonishing! However, the reason most new freight brokers fail to succeed is because they lack proper knowledge and understanding of the business and what they hope to achieve. Before commencing a new freight brokerage business, you have to take into account several factors, one of which is getting educated. This is likely the most critical factor to consider when starting your brokerage business. The key to success is knowledge and to be successful, you must be well-informed about the freight moving industry. Besides from knowledge, you must be ready to build your network of shippers and carriers, as well as being ready to take on any financial obligations of the business, and several others The reason why I have written this book, *The Freight Broker Book*, is to demystify the complexities you will face as a new freight broker and to educate you on the ins and out of how to run a successful freight brokerage business from start to finish. **The Complete Guide to Becoming a Successful Mortgage Broker** Patricia Hughes, 2008 A reliable mortgage broker is in constant demand and never short on business in any economic condition. According to the U.S. Department of Labor, the average income of mortgage brokers is \$43,210. The mortgage brokering business is one of the fastest growing occupations in America today, yet the financial success rate for these new brokers is dismal. It is estimated that less than 30 percent of new mortgage brokers ever become financially successful. Virtually all mortgage brokers are paid strictly on commission, so there is little motivation for the company to help you succeed. You need the proper training to be prepared. This new book will provide you with a road map to financial success. You will learn how NOT to make the big mistakes most new brokers make, how to put a loan package together, how to find borrowers, how and what to charge, how to guarantee your fee, how to make buyers and sellers happy, and how to quickly and easily locate the best deals for your customers. Additionally, this book provides you with information on licensing and exam fees, the expenses of doing business, your vehicle and insurance coverage, sales techniques, simple methods to get hundreds of referrals, software programs that make running your business effortless, the private mortgage segment, the commercial market, secrets to using the Internet, realtors, online tools and ideas, mortgage technology tips, Internet leads, building partnerships, and much more. We also spent thousands of hours interviewing, e-mailing, and communicating with hundreds of today's most successful mortgage brokers. This book is a compilation of their secrets and proven, successful ideas. If you are interested in learning hundreds of hints, tricks, and secrets on how to earn a high, consistent income as a broker, this book is for you.
