Infectious Diseases of Brunei 2010 edition Stephen Berger,GIDEON Informatics,2010-09-17 Infectious Diseases of Brunei is one in a series of GIDEON ebooks which summarize the status of individual infectious diseases, in every country of the world. Data are based on the GIDEON web application (www.gideononline.com) which relies on standard text books, peer-review journals, Health Ministry reports and ProMED, supplemented by an ongoing search of the medical literature. Chapters are arranged alphabetically, by disease name. Each section is divided into four sections: 1. Descriptive epidemiology 2. Summary of clinical features 3. Status of the disease in Brunei 4. References There are 347 generic infectious diseases in the world today. 191 of these are endemic, or potentially endemic, to Brunei. A number of other diseases are not relevant to Brunei and have not been included in this book. In addition to endemic diseases, all published data regarding imported diseases and infection among expatriates from Brunei are included.

Brunei Darussalam ,1984

Historical Dictionary of Brunei Darussalam Jatswan S. Sidhu,2016-12-20 After being a British protectorate for about 96 years since the 1888 Treaty of Protection, the modern state of Negara Brunei Darussalam (Abode of Peace) eventually obtained its independence from Great Britain on 1 January 1984. Run by a royal family that established a kingdom in Brunei some 650 years ago, the first sultan, Muhammad Shah (Alak Betatar) was installed in c.1363. Sultan Hassanal Bolkiah, the current ruler, is the 29th sultan of the lineage and is one of the richest men in the world. In spite of being called a mini-state, Brunei is well-known around the world because its population enjoys one of the highest gross national income per capita in the world, at an average of US\$39,943 (2015) a year. This third edition of Historical Dictionary of Brunei Darussalam contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 300 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent access point for students, researchers, and anyone wanting to know more about the Brunei Darussalam.

Annual Report on the Social and Economic Progress of the People of Brunei Brunei,1966

Continuity and Change in Brunei Darussalam Victor T. King,Stephen C. Druce,2020-10-29 This book analyses the processes of social and economic change in Brunei Darussalam. Drawing on recent studies undertaken by both locally based scholars and senior researchers from outside the state, the book explores the underlying strengths, characteristics, and uniqueness of Malay Islamic Monarchy in Brunei Darussalam in a historical context and examines these in an increasingly challenging regional and global environment. It considers events in Brunei's recent history and current socio-cultural transformations, which give expression to the traumatic years of decolonisation in Southeast Asia. A wide range of issues focus on foreign, non-Bruneian narratives of Brunei as against insider or domestic accounts of the sultanate, the status of minority ethnic groups in Brunei and the concept of 'Brunei society', as well as changes in the character and composition of the famous 'water village', Kampong Ayer, as the cultural heartland of Brunei Malay culture and the socio-cultural and economic effects of the resettlement of substantial segments of the population from a 'life on water' to a 'life on land'. A timely and very important study on Brunei Darussalam, the book will be of interest to anthropologists, sociologists, historians, geographers, and area studies specialists in Southeast Asian Studies and Asian Studies.

A History of Brunei Graham E. Saunders,1994 Sultan Omar Ali Saifuddin III preserved the absolute monarchy and links with Britain as Brunei grew wealthy on the exploitation of oil and natural gas. The story ends with the attainment of full independence in 1984 and a survey of the reign since then of Sultan Sir Hassanal Bolkiah, who celebrated the twenty-fifth anniversary of his coronation in 1993.

Annual Report on Brunei Brunei,1961

Oil and Economic Development Issues in Brunei B. A. Hamzah,1980 This paper seeks to explain the linkage between oil and development in Brunei. Oil is presently the biggest business in Brunei. As elsewhere, it is fraught with political overtones. The oil industry in Brunei is dominated by Brunei Shell. However, unlike the position of oil companies in other oil exporting countries, that of Brunei Shell is so dominant and privileged that it has created for itself a state within a sultanate. Indeed, it is fashionable to speak of 'Brunei Shell' and 'Brunei' as one entity. But as the nation prepares for independence, the anomalous state-company relationship is likely to wear thin. From the econometric perspective, there are hardly any forward or backward linkages arising from the activities of Brunei Shell. The real linkage, however, lies in the fact that Brunei finances all its projects from petro-dollars.
