An Adventure Chengmin Zhang,2023-02-01 This is a popular science book surrounding astronauts' life on the space station. The book not only highlights the weightlessness experience of astronauts and the extraordinary phenomena they witness, but also illustrates the physics behind these events, which opens a new window for readers to explore the outer space. This book is especially fun for those who are curious about the life details of astronauts on the space station. The book is based on real events, and features images and cartoons that vividly depict unusual scenes between the outer space and the earth. Physical principles become easier to understand with these visual aids. During the reading, readers can immerse themselves in the enjoyable adventure of space travel and the strange feeling of weightlessness while having their doubts of every oddity solved. The book elaborates on the interesting contrast between the space and the earth, and provides readers with a stunning new perspective with easily comprehensible language and examples.

**Fed Up!** Colin Lancaster, 2021-05-04 *Fed Up!* tells the story of a global macro trader working amidst the greatest market panic we have seen since the Great Depression. As the COVID-19 pandemic spreads across the world, readers are taken through the late-stage decadence of an exuberant market bubble to the depths of the market crash and into the early innings of a recovery. It provides readers with a front row seat on trading activity, allowing them to experience the heartbeat of the markets. It's also about money and opportunity. It's about the moral dilemma of a man who is struggling as he reaches his own peak. Readers will experience the frenetic pace of life as a trader and will connect with the protagonist, experiencing his struggle to balance his personal values with the compromised values of the world around him. It shines a light on the largest policy issues confronting the U.S., while offering an entertaining and humorous look at the guys and gals who are the new market operators. This riveting account of the 2020 market crash from inside the mind of a global macro trader will serve as an exciting, nail-biting record of current times. It is about making fortunes while the world slips into misfortune. Will he beat the markets or will the markets beat him?
