Sacred Medicine Lissa Rankin, MD, 2024-05 “Sacred Medicine is a book of inclusion. It does not prescribe nor preach nor proselytize: it illustrates, informs, and illuminates.” —From the foreword by Dr. Gabor Maté, author of *When the Body Says No* and *In the Realm of Hungry Ghosts* In 2007, Lissa Rankin left a promising career in medicine to tend to her own health and well-being. Her search to discover why people really get sick and what truly optimizes health outcomes launched a bestselling book, two television specials, and a revolution in the way we look at mind-body medicine. But so many questions remained for this doctor and skeptic. How is it that some people do everything right and stay sick, while others seem to do nothing extraordinary yet fully recover? How does faith healing work—or does it? What’s behind the phenomenon of spontaneous remission—and is this something we can influence? Can we make ourselves miracle-prone? Certain that, if she looked hard enough, she would find the answers, Dr. Rankin embarked on a decade-long journey to explore these questions and more. The result is *Sacred Medicine*, both a seeker’s travelogue and a discerning guide to the sometimes-perilous paths available to patients when wellness fads, lifestyle changes, and doctors have failed them. In *Sacred Medicine*, you’ll follow Dr. Rankin around the world to meet healers gifted and flawed, go on pilgrimage to sacred sites, investigate the science of healing, and learn how to stay safe when seeking a healer. You’ll receive the wisdom offered by Indigenous cultures for whom healing begins with our sacred connection to Mother Earth, and dive deep into the cutting-edge trauma research that is igniting a medical revolution. Rich with practices and protocols that Dr. Rankin has found particularly effective, *Sacred Medicine*

delivers a thoughtful, grounded exploration of questions around how we heal—and a path of hope for those in need.

There's a reason Alison Green has been called "the Dear Abby of the work world." Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

In the pages of her notebook, she writes all about Zoe--the most amazing best friend anyone could dream of. But when pretend Zoe appears in real life thanks to a magical experiment gone right, Jade isn't so sure if she likes sharing her imaginary friend with the real world. In October 2016, Maine resident Libby Chamberlain created a “secret” Facebook group encouraging a handful of friends to wear pantsuits to the polls. Overnight, the group of thirty exploded to 24,000 members. By November 8, the group was three million strong. Since Pantsuit Nation’s inception, its members have shared personal stories that illustrate the complexities of living in a vibrant, oftentimes contentious democracy. Members turn to Pantsuit Nation as a place of refuge and inspiration, where marginalized voices are amplified, faces are put to political decisions, resources are shared, and activism is ignited. Talk Triggers Jay Baer, Daniel Lemin, 2018-10-02 Talk

Triggers is the definitive, practical guide on how to use bold operational differentiators to create customer conversations, written by best-selling authors and marketing experts Jay Baer and Daniel Lemin. Word of mouth is directly responsible for 19% of all purchases, and influences as much as 90%. Every human on earth relies on word of mouth to make buying decisions. Yet even today, fewer than 1% of companies have an actual strategy for generating these crucial customer conversations. Talk Triggers provides that strategy in a compelling, relevant, timely book that can be put into practice immediately, by any business. The key to activating customer chatter is the realization that same is lame. Nobody says let me tell you about this perfectly adequate experience I had last night. The strategic, operational differentiator is what gives customers something to tell a story about. Companies (including the 30+ profiled in Talk Triggers) must dare to be different and exceed expectations in one or more palpable ways. That's when word of mouth becomes involuntary: the customers of these businesses simply MUST tell someone else. Talk Triggers contains: Proprietary research into why and how customers talk More than 30 detailed case studies of extraordinary results from Doubletree Hotels by Hilton and their warm cookie upon arrival, The Cheesecake Factory and their giant menu, Five Guys Burgers and their extra fries in the bag, Penn & Teller and their nightly meet and greet sessions, and a host of delightful small businesses The 4-5-6 learning system (the 4 requirements for a differentiator to be a talk trigger; the 5 types of talk triggers; and the 6-step process for creating talk triggers) Surprises in the text that are (of course) word of mouth propellants Consumers are wired to discuss what is different, and ignore what is average. Talk Triggers not only dares the reader to differentiate, it

includes the precise formula for doing it. Combining compelling stories, inspirational examples, and practical how-to, Talk Triggers is the first indispensable book about word of mouth. It's a book that will create conversation about the power of conversation.

How Stella Learned to Talk Christina

Hunger, 2021-05-04 INSTANT NEW YORK TIMES

BESTSELLER An incredible, revolutionary true story and surprisingly simple guide to teaching your dog to talk from speech-language pathologist Christina Hunger, who has taught her dog, Stella, to communicate using simple paw-sized buttons associated with different words. When speech-language pathologist Christina Hunger first came home with her puppy, Stella, it didn't take long for her to start drawing connections between her job and her new pet. During the day, she worked with toddlers with significant delays in language development and used Augmentative and Alternative Communication (AAC) devices to help them communicate. At night, she wondered: If dogs can understand words we say to them, shouldn't they be able to say words to us? Can dogs use AAC to communicate with humans? Christina decided to put her theory to the test with Stella and started using a paw-sized button programmed with her voice to say the word "outside" when clicked, whenever she took Stella out of the house. A few years later, Stella now has a bank of more than thirty word buttons, and uses them daily either individually or together to create near-complete sentences. *How Stella Learned to Talk* is part memoir and part how-to guide. It chronicles the journey Christina and Stella have taken together, from the day they met, to the day Stella

“spoke” her first word, and the other breakthroughs they’ve had since. It also reveals the techniques Christina used to teach Stella, broken down into simple stages and actionable steps any dog owner can use to start communicating with their pets. Filled with conversations that Stella and Christina have had, as well as the attention to developmental detail that only a speech-language pathologist could know, *How Stella Learned to Talk* will be the indispensable dog book for the new decade.
