Billy the Bubble Gum Jodi Braut,2007-08-30 On Halloween, a piece of dropped bubblegum named Billy meets up with other pieces of dropped candy. They get together and make their way to a children's hospital. There they do a good deed for the children and make it a memorable evening for the children.

Curse of the Black Bubblegum Colleen Crowlie,2017-09-29 The Curse of the Black Bubble Gum is the creative child of multiple generations of storytellers. It started with John Steinbeck's story The Affair at 7, Rue de M which is from the perspective of the father of a bubblegum obsessed child as they vacation in Paris. This menacing bubblegum horror story is from the eye of a young boy who lives in Bisbee, Arizona. He gets the cursed gum from an old haunted home

on the Tombstone Canyon. In an old mining town like this, there's a generous share of creaking old homes with chipping paint and who-knows-what inside. It's here our Trick or Treating hero first finds the gum, only to find out later that night it's alive. This Halloween picture book is filled with creepy crawling gum, and sights in Bisbee both spooky and familiar. It's a story with humor and chills that your children can relate to, and you can have fun reading aloud.

*Atomic Bomb Cinema* Jerome F. Shapiro, 2013-05-13

Unfathomably merciless and powerful, the atomic bomb has left its indelible mark on film. In *Atomic Bomb Cinema*, Jerome F. Shapiro unearths the unspoken legacy of the bombing of Nagasaki and Hiroshima and its complex aftermath in American and Japanese cinema. According to Shapiro, a Bomb film is never simply an exercise in ideology or paranoia. He examines hundreds of films like *Godzilla*, *Dr. Strangelove*, and *The Terminator* as a body of work held together by ancient narrative and symbolic traditions that extol

survival under devastating conditions. Drawing extensively on both English-language and Japanese-language sources, Shapiro argues that such films not only grapple with our nuclear anxieties, but also offer signs of hope that humanity is capable of repairing a damaged and divided world.
