Smash and Grab Maz Maddox,2020-07-17 My standard issued lab badge reads 'Simon' but it really should say 'unexciting nerd with no social life' Don't get me wrong -- I love what I do with a passion, but it doesn't leave a lot of time for much else.Especially romance.While chipping away at my work, I'm suddenly the person between hired cartel muscle and the fossil that will define my career.Which isn't the most insane part of the story.My savior is a chaotic, bat-wielding punk with a bubble gum pink mohawk and a killer smile. In a mad dash to escape the thieves, my knight in studded armor sweeps me across the country while hitting every tourist trap along the way. Bubble Jordan Morris, Sarah Morgan, 2021-07-13 Based on the smash-hit audio serial, *Bubble* is a hilarious high-energy graphic novel with a satirical take on the “gig economy.” Built and maintained by corporate benevolence, the city of Fairhaven is a literal bubble of safety and order (and amazing coffee) in the midst of the Brush, a harsh alien wilderness ruled by monstrous Imps and rogue bands of humans. Humans like Morgan, who’s Brush-born and Bubble-raised and fully capable of fending off an Imp attack during her morning jog. She’s got a great routine going—she has a chill day job, she recreationally kills the occasional Imp, then she takes that Imp home for her roommate and BFF, Annie, to transform into drugs as a side hustle. But cracks appear in her tidy life when one of those Imps nearly murders a delivery guy in her apartment, accidentally transforming him into a Brush-powered mutant in the process. And when Morgan’s company launches Huntr, a gig economy app for Imp extermination, she finds herself press-ganged into kicking her stabby side job up to the next level as she battles a parade of monsters and monstrously Brush-turned citizens, from a living hipster beard to a book club hive mind.

Being the Person Your Dog Thinks You Are Jim Davies, 2021-02-02 A crisp and sparkling blend of cognitive science and human behavior that offers meaningful and attainable pathways towards becoming our best selves. Why do we feel like in order to be productive, happy, or good, we must sacrifice everything else? Is it possible to feel all three at once? Without even knowing it, we’re doing things everyday to sabotage ourselves and our societies, habits that prevent us from optimizing long term happiness. Where most books imagine solutions that, when enacted, fail to fundamentally improve our lives, Jim Davies grounds his research in cognitive science to show you not only what works, but how much it works. *Being the Person Your Dog Thinks You Are* shows us how we can use science to become our best selves, using resources we already have within our own brains. Davies's book challenges and inspires us to approach the big picture while also staying mindful of the everyday details in real life. Davies proves why multitasking is bad for you, when a little unmindfulness can be good for you, how to best justify which charities to donate to, and how to hack your brain. The most surprising truth Davies offers us spreads across these pages like wildfire: you too can lead an optimally good life, not through uprooting your life from the ground up, but from adapting your mentality to your given present. A better life doesn’t need to look like a massive change—like our beloved dogs who already view us as our best selves, it’s already much closer than you think.
