**Make Your Own Bucket List** Andrew Gall,2012-09-18 Your personalized list of things to do before it's too late Sure, some people dream of seeing the pyramids, owning a Ferrari, and swimming with sharks, but that doesn't mean that you do. Make Your Own Bucket List isn't just someone else's list of exciting activities, interesting people, and wonders of the world. With this book, you will follow your wildest passions, explore unforgettable destinations, and go on adventures you've never imagined - all on your own terms. By answering the 200 entertaining prompts, you will come up with personalized options for where to visit, what to do, who to see, and, most important, what risky stunts to pull before you bite the big one. When you die might not be left up to you, but with Make Your Own Bucket List, what you do beforehand will be.

**Seeing Red Cars** Laura Goodrich,2011-08-18 Surely you've experienced something like this: you buy a red car, and suddenly red cars appear everywhere. Why? Drawing on the latest scientific research, Laura Goodrich shows you how to stop fixating on negatives and rewire your brain to focus on positive outcomes. Unique and practical exercises - including a free online toolkit - and dozens of enlightening real - life stories help you identify what you truly want so that it drives everything you do. And Goodrich shows how Seeing Red Cars can build organizational cultures in which employees are playing to their passions and strengths, focusing on what they want, and achieving breakthrough results.
