Robert R. McCord

Perry Maxwell's Prairie Dunes Mal Elliott,2002-05-29 Prairie Dunes Country Club is an oddity. It sits in the heartland of America, but is considered by many to have the characteristics of a seaside links golf course. Its original designer, Perry Maxwell, was a banker. Its construction was begun in 1937, but it wasn't fully completed until 20 years later. Yet, Prairie Dunes is one of the best golf courses in the world. In 2003, Golf Digest placed it at No. 25 in its annual "Top 100 Courses in America" list. Perry Maxwell's Prairie Dunes, by Mal Elliott, is the remarkable story of how this remarkable golf course came to be. Vintage photos, historical text, and beautiful full-color photography by John Johnson take the reader through every stage of development of this historic course – site of the 2002 U.S. Women's Open.

Dream Golf Stephen Goodwin,2010-06-01 Mike Keiser followed his instincts to build courses that speak to golf as a rugged adventure. Steve Goodwin's spirited book will speak to the golfing soul in you. –Lorne Rubenstein, columnist for The Globe and Mail (Canada) and author of A Season in Dornoch On a wild, windblown bluff high above the Pacific sits one of America's premier golfing destinations, Bandon Dunes. Golf enthusiast Mike Keiser had the dream of building this British-style links course on a stretch of Oregon's rugged coast, and Dream Golf is the first all-inclusive account of how he turned his passion into a reality. Now, in this updated and expanded edition, golf writer Stephen Goodwin revisits Bandon Dunes and introduces readers to Keiser's latest effort there, a new course named Old Macdonald that will present golfers with a more rugged, untamed version of the game. This new approach to the sport is, in fact, a return to the game's origins, with a very deep bow to Charles Blair Macdonald (1856 -1939), the father of American golf course architecture and one of the founders of the U.S. Golf Association. This highly anticipated fourth course, designed by renowned golf course architect Tom Doak along with Jim Urbina – as detailed in Dream Golf – will further enhance Bandon Dunes' reputation as a place where golf really does seem to capture the ancient magic of the game.

Birdies, Bogeys, and Bipolar Disorder Michael Wellington,2015-08-25 The gripping true story of one man's struggles through the terrifying highs and crushing lows of bipolar disorder. In Birdies, Bogeys, and Bipolar Disorder, author and professional golfer Michael Wellington recounts a heartbreaking story of not just hitting, but skidding along rock bottom as he struggles to control a condition that for a long time controlled him: bipolar disorder. With the help of his family, a few amazing friends, and the game of golf, he has regained balance and can now share his story. The millions of people in the United States who suffer some form of mood disorder will not only find the author's story relatable, educational, and hopeful but can also benefit from Michael's experience to help control their own disorder. Michael offers the Fourteen Clubs, a bag of tools to keep the bipolar mind in balance. Using these clubs daily can help you avoid both mania and depression.

Golf Magazine's Great Golf Courses You Can Play Robert Scharff,1973

Kansas ,2000

Beyond the Dream Bruce Johnson,1914-07-31 This is a story behind how difficult it was to get development approval for the Bandon Dunes Golf Resort concept; what and how the necessary infrastructure was put in place to support the golf activity; what distinguishes this golf resort from other golf resorts, especially community-oriented golf resorts; and how the vision of Dream Golf was augmented to include a regional approach to coastal conservation. To turn a vision into a permitted development meant confronting a complex land planning and public review process prescribed by state law. After obtaining an initial development approval, the team proceeded to design and oversee construction of the destination golf resort. Over the years, the resort grew and expanded beyond its original design program. When most of the pieces of the master plan were in place, the owner came up with a surprise. He wasn't finished with his dream: he wanted to build one more golf course-- something special--but it wasn't allowed in the master plan. As the story unfolded, resulting changes produced an unforeseen outcome that took the initial dream golf vision beyond the dream.
