Little Learning Labs: Math Games for Kids Rebecca Rapoport, J.A. Yoder, 2019-09-03 Little Learning Labs: Math Games for Kids—an abridged paperback edition of Math Games Lab for Kids—presents 25+ hands-on activities that include coloring, art, puzzles, and more that make learning about math fun. Explore geometry and topology by building, drawing, and transforming

shapes. Discover how to color maps like a mathematician by using the fewest colors possible. Draw graphs to learn the language of connections. Create mind-bending fractals with straight lines and repeat shapes. Everything you need to complete the activities can either be found in the book or around the house. The popular Little Learning Labs series (based on the larger format Lab for Kids series) features a growing list of books that share hands-on activities and projects on a wide host of topics, including art, astronomy, geology, math, and even bugs—all authored by established experts in their fields. Each lab contains a complete materials list, clear step-by-step photographs of the process, as well as finished samples. The activities are open-ended, designed to be explored over and over, often with different results. Geared toward being taught or guided by adults, they are enriching for a range of ages and skill levels. Gain firsthand knowledge on your favorite topic with Little Learning Labs. Open Little Learning Labs: Math Games for Kids and start exploring the exciting world of math!

Look and Learn Insects Sarah Parvis, 2016-08-30 A simple, fully-illustrated introduction to insects comes packaged with a magnifier jar to encourage kids to explore and better understand the natural world around them. The clear, easy-to-follow reference is designed for a young audience with large pictures and minimal text highlighting the most interesting things to notice about the most common insects in North America--butterflies, beetles, and other fascinating critters easily spotted in backyards or parks. Packaged with a magnifier jar, the book also highlights features and behaviors children can look for if they have the chance to observe an insect up-close. A portable checklist (to help explorers identify the common insects they'll encounter on a walk outside), and an interactive poster complete the package. An exciting

resource for budding naturalists, this kit will get children (ages 4 and up) excited about experiencing nature up-close.
