Cupid's Match Lauren Palphreyman, 2019-10-01 He's mythologically hot, a little bit wicked, and almost 100% immortal. And he'll hit you right in the heart . . . Miss Black, we have a big problem." Lila Black doesn't believe in matchmaking, let alone soul mates. So then why is she constantly being hassled by the Cupids Matchmaking Service? But this gilded, cherub-bedecked dating agency isn't exactly what it seems . . . and it's about to turn Lila's entire world upside down. It turns out that Cupids Matchmaking is the real deal. As in, it's run by actual cupids—who don't look at all like they do in the paintings—and they have a serious problem with Lila's "match." Because this guy shouldn't be in the system. He shouldn't have a match. And while he's irresistibly hot, he's also incredibly dangerous. Because Lila's true love match is Cupid. The original bad boy of love. And he wants her. Now Lila's once-normal teenaged world has exploded into a mythological nightmare overrun by crime-lord sirens, wrathful cupid hit men, magic arrows that cause no end of trouble, and a mischievous, not-so-angelic love god she can't seem to stop herself from falling for . . . Adored by 50 million readers on Wattpad, Lauren Palphreyman's smash-hit book is now in print for the first time.

How to Help a Cupid Sue Fliess, 2022-01-04 Valentine's Day is all about showing kindness to the most important people in your life—and if you're caring and thoughtful, you can help Cupid spread love and happiness, too! Will you spot a

Cupid this Valentine's day? If you do, will you be ready to help him spread love and kindness? By being observant, helpful, and friendly, you can lend Cupid a hand, and together you can make special cards and gifts to show all your favorite people how much they mean to you. So, grab some supplies—stickers, markers, crayons, colored paper, glue, and whatever else you like (it's the thought that counts on Valentine's Day!)—and think of heartfelt messages to share with your loved ones. Then be ready to meet Cupid and work together to spread cheer and happiness! Sue Fliess's poetic read-aloud text and Simona Sanfilippo's vibrant, whimsical illustrations will provide joy for young readers eager to help Cupid share the love! Also included are guides for teachers and parents about how to engage children in making Valentine's Day cards and how to interest them in the history of the holiday, the mythology behind the winged messenger Cupid, and the value of being thoughtful and kind to everyone.

Art, Representation, and Make-Believe Sonia Sedivy, 2021-06-06 This is the first collection of essays focused on the many-faceted work of Kendall L. Walton. Walton has shaped debate about the arts for the last 50 years. He provides a comprehensive framework for understanding arts in terms of the human capacity of make-believe that shows how different arts – visual, photographic, musical, literary, or poetic – can be explained in terms of complex structures of pretense, perception, imagining, empathy, and emotion. His groundbreaking work has been taken beyond

aesthetics to address foundational issues concerning linguistic and scientific representations – for example, about the nature of scientific modelling or to explain how much of what we say is quite different from the literal meanings of our words. Contributions from a diverse group of philosophers probe Walton's detailed proposals and the themes for research they open. The essays provide an overview of important debates that have Walton's work at their core. This book will be of interest to scholars and graduate students working on aesthetics across the humanities, as well as those interested in the topic of representation and its intersection with perception, language, science, and metaphysics.

The Headless Cupid Zilpha Keatley

Snyder, 2012-10-23 When the four Stanley children meet Amanda, their new stepsister, they're amazed to learn that she studies witchcraft. They're stunned to see her dressed in a strange costume, carrying a pet crow and surrounded by a pile of books about the supernatural. It's not long before Amanda promises to give witchcraft lessons to David, Jamie, and the twins. But that's when strange things start happening in their old house. David suspects Amanda of causing mischief, until they learn that the house really was haunted long ago. Legend has it that a ghost cut the head off of a wooden cupid on the stairway. Has the ghost returned to strike again?

Vintage Pop-up Cards Taylor Hagerty, 2007 Holiday cards, sweetheart cards, humorous cards: they're

all popping up" in this charming vintage collection. Warmly colored, and richly adorned with lace, beads, satin, and feathers, there's nothing like them in the stores! These elaborate pre-1923 classics are not only beautiful in and of themselves; when disassembled, they also form the basis for 25 brand-new projects. After learning in detail exactly how these dimensional treasures are put together--the tools and techniques, the basics of construction, and the most authentic embellishments--you're armed with the inspiration to create your own. Each project includes a photo of the card in its original form, images of every element in the card to photocopy or cut out, and instructions for rebuilding and redecorating your masterpiece.
