Build Your Own Low-Power Transmitters Rudolf F. Graf, William Sheets, 2001-08-24 Rudolf Graf and William Sheets have written a book containing twenty low-power (LP) transmitter projects, perfect for the electronics hobbyist and radio experimenter. Now that the FCC has changed its regulations about pirate transmissions, more and more people are setting up radio and video stations for broadcast from their homes. Build Your Own Low-Power Transmitters addresses applications for hobbyist broadcasting of AM, SSB, TV, FM Stereo and NBFM VHF-UHF signals with equipment the reader can build himself for thousands of dollars less than similar equipment sold on the retail market. The authors also fully explore the legal limits and ramifications of using the equipment as well as how to get the best performance for optimum range. The key advantage is referencing a low-cost source for all needed parts, including the printed circuit board, as well as the kit. Projects in the book include: LP FM stereo transmitter; digitally synthesized PLL FM stereo transmitter; LP AM transmitter for 150-1710 KHz; radio control transmitter/receiver; carrier current transmitter and AM and FM receivers; LP VHF one-way and two-way audio links; 1-watt 40-meter CW transmitter for ham radio use; SSB LP transmitter for 10-meter ham radio use; 2-meter VHF FM ham radio transmitter; FM video link for 900 MHz NTSC/PAL operation; 2-watt TV transmitters for 440, 900 and 1300 MHz amateur TV NTSC/PAL transmissions; linear amplifier for 440MHz, 10-15watt NTSC/PAL operation; Downconverters for 440, 900 and 1300 MHz with VHF channel 3 or 4 output; TV video receiving systems and AM-FM IF systems; LP video link for UHF channels 14-18; 1-watt CW beacon transmitter for Part 15 LF radio experimentation; CW identifier for transmitters; test equipment projects for LP transmitters; as well as an RF power meter and modulation monitor. Complete source information will be included to help each reader find the kits and parts they need to build these fascinating projects. Unique among comparable project books, this one offers a low-cost source for all parts, including the printed circuit board. This allows immediate completion without needing to search for difficult to find parts Features twenty low-power transmitter projects

Build Your Author Platform Carole Jelen, Michael McCallister, 2014-05-13 A great book is no longer enough. An author platform is the most powerful key to success in today's saturated market, and increasingly, publishers are demanding that new authors come to them with an existing audience of interested followers. Authors who are self-publishing have an even bigger need to build an engaged audience. Social media makes building the author platform easier than ever, but, unfortunately, most authors struggle to get it right. How can authors create their unique platform, connect with followers, write a manuscript, and grow their business? In Build Your Author Platform: The New Rules, top literary agent Carole Jelen and tech expert Michael McCallister apply their combined 35 years of expertise to outline 14 practical, hands-on steps to create a presence that will produce high book sales and expanded audience. From pre-publication through book launch and beyond, authors will learn how to: • Define goals and a unique brand • Employ successful website

strategies, content, social presence, media authority, and training • Secure positive reviews • Attract viewers efficiently without cost Filled with detailed lessons, examples, success stories, and techniques used by marketing departments at major publishers, Build Your Author Platform is an indispensable guide for anyone looking for insight into publishing, promoting, and marketing books.

Build Your Confidence with CBT: 6 Simple Steps to Be Happier, More Successful and Fulfilled Manja de Neef,2015-09-16 We all have times when we lack confidence but some of us criticize ourselves constantly. Our self-esteem can suffer, leaving us feeling stressed. The renowned therapist Manja de Neef has helped hundreds of people overcome their low self-esteem and heal the pain in their lives with her practical Cognitive Behavioural Therapy (CBT) approach. No matter how harsh your inner critic, in *Build Your Confidence with CBT* Manja gives you the insight and tools to vastly improve your ability to develop a positive self-image. By spending 15 minutes a day, twice a day, on her CBT exercises you will learn how to practice self-acceptance and live the life you want - moving from a position of putting yourself down to feeling confident. This empowering, life-affirming book will help you overcome your insecurities and move forward with your life.

Build Your Own CNC Machine James Floyd Kelly,Patrick Hood-Daniel,2010-02-09 Do you like to build things? Are you ever frustrated at having to compromise your designs to fit whatever parts happen to be available? Would you like to fabricate your own parts? *Build Your Own CNC Machine* is the book to get you started. CNC expert Patrick Hood-Daniel and best-selling author James Kelly team up to show you how to construct your very own CNC machine. Then they go on to show you how to use it, how to document your designs in computer-aided design (CAD) programs, and how to

output your designs as specifications and tool paths that feed into the CNC machine, controlling it as it builds whatever parts your imagination can dream up. Don't be intimidated by abbreviations like CNC and terms like computer-aided design. Patrick and James have chosen a CNC-machine design that is simple to fabricate. You need only basic woodworking skills and a budget of perhaps \$500 to \$1,000 to spend on the wood, a router, and various other parts that you'll need. With some patience and some follow-through, you'll soon be up and running with a really fun machine that'll unleash your creativity and turn your imagination into physical reality. The authors go on to show you how to test your machine, including configuring the software. Provides links for learning how to design and mill whatever you can dream up The perfect parent/child project that is also suitable for scouting groups, clubs, school shop classes, and other organizations that benefit from projects that foster skills development and teamwork No unusual tools needed beyond a circular saw and what you likely already have in your home toolbox Teaches you to design and mill your very own wooden and aluminum parts, toys, gadgets—whatever you can dream up

Build Your Dream Network J. Kelly Hoey,2018-01-02 Cut through the networking noise and start building the powerful, real relationships needed to succeed in our digital world If you think of networking as schmoozing at boring cocktail parties or scrolling through LinkedIn for new contacts to add, think again. In the social media age, you need a modern roadmap for creating and cultivating meaningful connections to stand out from the crowd and achieve any of your goals, no matter how big or small. In Build Your Dream Network, acclaimed business columnist and networking expert J. Kelly Hoey offers a fresh new approach to mastering this timeworn skill in a world where everyone is posting, liking, and friending fast and furiously, but many are failing to leverage their connections successfully. Hoey presents innovative strategies for forming strong relationships—the genuine, mutually beneficial, long-lasting kind—using all of the social tools at your disposal. She also reveals creative and surprisingly simple ways to harness the power of your network to accomplish any ambition, from landing your dream job or a coveted account or client to successfully crowdfunding a new business venture. Build Your Dream Network will help you: - Determine the most effective ways to connect with others so you don't clutter your calendar with dead-end coffee dates and informational interviews - Synchronize IRL networking efforts with your digital outreach - Turn "closed door" conversations into strong personal relationships and business opportunities - Eliminate FOMO by keeping your networking efforts focused Packed with infographics, flowcharts, and encouraging advice, Build Your Dream Network shows how small adjustments in your daily routine, generosity, and goal-focused efforts are all it takes to set you apart and ignite the powerful connections that will lead to major opportunities for success.

The Art of the Q Charlie Van Hecke, 2014-05-19 The Art of the Q Build Your Business with Questions by Charlie Van Hecke Charlie Van Hecke's new book, *The Art of the Q*, makes the case that we are all in sales! From beginning to end, *The Art of the Q* provides real-life examples and case studies. Charlie Van Hecke persuasively shows the reader how to make specific changes that lead to success, through relationships built on trust. This fast-paced business book begins with basic questioning skills to help readers connect, engage, and understand their customers. The author provides case studies from 17 different industries, with examples, samples, and actual interactive scripts to improve business relationships. Transitioning quickly to more assertive intermediate skill sets, Charlie shows how to qualify customers by asking planned-out question sequences. This saves time and helps business owners, sales people, and other business professionals to focus on their customers. Highlighting the value of internal qualities like empathy and persistence, Charlie advises business people how to grow from the inside out. Charlie Van Hecke's advanced SCAN Method then encourages the reader to observe and formulate probing questions to uncover customers' real needs and wants. *The Art of the Q* concludes with approaches for addressing buyers' doubts, cementing productive relationships, and following through to close the sale. * Questions help you differentiate your products and get a higher price by guiding buyers to become aware of their needs and wants. * Qualification helps save you time by recognizing the buyers who will say yes to you. * Questions help you identify and remove obstacles. * Qualification helps you prioritize real buyers who can afford your solutions. The abilities to ask questions and to qualify are two core competencies. Whether you target businesses or consumers in your work, you need to learn *The Art of the Q*. * Unlock your internal qualities to become a super communicator! Business people who work on their own traits find the keys to success, despite industry change or recession. * Learn how Questions - and specifically Qualification sequences - can put money in your pocket and save you hours of effort. * Understand the counseling and closing skills that keep you task-oriented while preserving relationships. * Learn to advance the sale using trial closes and next-step questions without fear of being pushy or rude. And if you think, But I'm not in sales, take a moment to consider: Where does selling actually take place in your own career and life? Author Charlie Van Hecke explains that we're all in sales, whether selling ideas, methods, solutions, or widgets. My hope in the short term is that you make more money with less work. In the long term, I believe this book can transform your career and help you build a more satisfied and loyal customer base. I passionately believe that if you read, absorb and apply *The Art of the Q*, then YOU will learn to become more efficient and successful in business, sales, and life. -- Charlie Van Hecke
