*Bullet* Laurell K. Hamilton, 2010-06-01 Watch a video The music came back up and the next group of little girls, slightly older, came out. There was a lot of that in the next hour and change. I liked dance, and it was no reflection on the kids, but my will to live began to seep away on about the fifth group of sequined children... Anita Blake is back in St. Louis and trying to live a normal life-as normal as possible for someone who is a legal vampire executioner and a U. S. Marshal. There are lovers, friends and their children, school programs to attend. In the midst of all the ordinary happiness a vampire from Anita's past reaches out. She was supposed to be dead, killed in an explosion, but the Mother of All Darkness is the first vampire, their dark creator. It's hard to kill a god. This dark goddess has reached out to her here-in St. Louis, home of everyone Anita loves most. The Mother of All Darkness has decided she has to act now or never, to control Anita, and all the vampires in America. The Mother of All Darkness believes that the triumvirate created by master vampire Jean-Claude with Anita and the werewolf Richard Zeeman has enough power for her to regain a body and to immigrate to the New World. But the body she wants to possess is already taken. Anita is about to learn a whole new meaning to sharing her body, one that has nothing to do with the bedroom. And if the Mother of All Darkness can't succeed in taking over Anita's body for herself, she means to see that no one else has the use of it, ever again. Even Belle Morte, not always a friend to Anita, has sent word: Run if you can...

**The Bullet** Mary Louise Kelly, 2016-09-27 Nothing is what it seems in NPR correspondent Mary Louise Kelly's "riveting, twisty tale" (Hallie Ephron, author of *Night Night, Sleep Tight*), in which a woman discovers a decades-old bullet at the base of her neck. Caroline Cashion is stunned when an MRI reveals that she has a bullet lodged near the base of her skull. It makes no sense: she has never been shot. She has no scar. When she confronts her

parents, she learns the truth: she was adopted when she was three years old, after her real parents were murdered in cold blood. Caroline had been there the night of the attack, and she'd been hit by a single gunshot to the neck. Buried too deep among vital nerves and blood vessels, the surgeons had left it, and stitched up the traumatized little girl with the bullet still inside. Now, thirty-four years later, Caroline returns to her hometown to learn whatever she can about who her parents were, and why they died. A cop who worked the case reveals that even after all these years, police still don't have enough evidence to nail their suspect. The bullet in Caroline's neck could identify the murderer... and that person will do anything to keep it out of the law's hands. Now Caroline will have to decide: run for her life, or stay and fight? With non-stop action, "an extremely likable narrator and twists and turns galore" (Alice LaPlante, author of *Turn of Mind*), *The Bullet* will keep you riveted until the very last page.

**Here, Bullet** Brian Turner, 2014-09-01 Adding his voice to the current debate about the US occupation of Iraq, in poems written in the tradition of such poets as Wilfred Owen, Yusef Komunyakaa (Dien Cai Dau), Bruce Weigl (Song of Napalm) and Alice James' own Doug Anderson (The Moon Reflected Fire), Iraqi war veteran Brian Turner writes power-fully affecting poetry of witness, exceptional for its beauty, honesty, and skill. Based on Turner's yearlong tour in Iraq as an infantry team leader, the poems offer gracefully rendered, unflinching description but, remarkably, leave the reader to draw conclusions or moral lessons. Here, Bullet is a must-read for anyone who cares about the war, regardless of political affiliation.

The Bullet Journal Method Ryder Carroll, 2021-12 THE NEW YORK TIMES BESTSELLER Transform your life using the Bullet Journal Method, the revolutionary organisational system and worldwide phenomenon. The Bullet Journal Method will undoubtedly transform your life, in more ways than you can imagine' Hal Elrod, author of *The Miracle Morning* In his long-awaited first book, Ryder Carroll, the creator of the enormously popular Bullet Journal organisational system, explains how to use his method to: \* **TRACK YOUR PAST:** using nothing more than a pen and paper, create a clear, comprehensive, and organised record of your thoughts and goals. \* **ORDER YOUR PRESENT:** find daily calm by prioritising and minimising your workload and tackling your to-do list in a more mindful and productive way. \* **PLAN YOUR FUTURE:** establish and appraise your short-term and long-term goals, plan more complex projects simply and effectively, and live your life with meaning and purpose. Like many of us, Ryder Carroll tried everything to get organised - countless apps, systems, planners, you name it. Nothing really worked. Then he invented his own simple system that required only pen and paper, which he found both effective and calming. He shared his method with a few friends, and before long he had a worldwide viral movement. The system combines elements of a wishlist, a to-do list, and a diary. It helps you identify what matters and set goals accordingly. By breaking long-term goals into small actionable steps, users map out an approachable path towards continual improvement, allowing them to stay focused

despite the crush of incoming demands. But this is much more than a time management book. It's also a manifesto for what Ryder calls intentional living: making sure that your beliefs and actions align. Even if you already use a Bullet Journal, this book gives you new exercises to become more calm and focused, new insights on how to prioritise well, and a new awareness of the power of analogue tools in a digital world. \*\*\* This book has been printed with three different colour designs, black, Nordic blue and emerald. We are unable to accept requests for a specific cover. The different covers will be assigned to orders at random. \*\*\*

*Bullet Point* Peter Abrahams,2010-04-27 Wyatt never really thought much about his dad—a hardened criminal, a lifer in a prison somewhere on the other side of the state. But then the economy had to go and tank, and the community had to go and cut the baseball program from Wyatt's high school. And then the coach had to go and show Wyatt a photograph of his dad at sixteen, looking very much like Wyatt himself. Through a series of unfortunate—or perhaps they were fortunate—events, Wyatt meets a crazy-hot girl named Greer with a criminal dad of her own. A criminal dad who is, in fact, in jail with Wyatt's own criminal dad. Greer arranges a meeting, and Wyatt's dad is nothing like the guy he's imagined—he's suave, and smart, and funny, and cool, and—Wyatt's pretty sure—innocent. So Wyatt decides to help him out. A decision that may possibly be the worst he's ever made in his life. This is another hold-your-breath thriller by the New York Times bestselling and Edgar Award nominated Peter Abrahams.

**Forensic Analysis** National Research Council,Division on Earth and Life Studies,Board on Chemical Sciences and Technology,Committee on Scientific Assessment of Bullet Lead Elemental Composition Comparison,2004-04-26 Since the 1960s, testimony by representatives of the Federal Bureau of Investigation in thousands of criminal cases has relied on evidence from Compositional Analysis of Bullet Lead (CABL), a

forensic technique that compares the elemental composition of bullets found at a crime scene to the elemental composition of bullets found in a suspect's possession. Different from ballistics techniques that compare striations on the barrel of a gun to those on a recovered bullet, CABL is used when no gun is recovered or when bullets are too small or mangled to observe striations. Forensic Analysis: Weighing Bullet Lead Evidence assesses the scientific validity of CABL, finding that the FBI should use a different statistical analysis for the technique and that, given variations in bullet manufacturing processes, expert witnesses should make clear the very limited conclusions that CABL results can support. The report also recommends that the FBI take additional measures to ensure the validity of CABL results, which include improving documentation, publishing details, and improving on training and oversight.

**From the Bullet to the Ballot** Jakobi Williams, 2013-02-28 In this comprehensive history of the Illinois Chapter of the Black Panther Party (ILBPP), Chicago native Jakobi Williams demonstrates that the city's Black Power movement was both a response to and an extension of the city's civil rights movement. Williams focuses on the life and violent death of Fred Hampton, a charismatic leader who served as president of the NAACP Youth Council and continued to pursue a civil rights agenda when he became chairman of the revolutionary Chicago-based Black Panther Party. Framing the story of Hampton and the ILBPP as a social and political history and using, for the first time, sealed secret police files in Chicago and interviews conducted with often reticent former members of the ILBPP, Williams explores how Hampton helped develop racial coalitions between the ILBPP and other local activists and organizations. Williams also recounts the history of the original Rainbow Coalition, created in response to Richard J. Daley's Democratic machine, to show how the Panthers worked to create an antiracist, anticlass coalition to fight urban renewal, political corruption, and police brutality.
