Black Swan Green David Mitchell, 2007-02-27 By the New York Times bestselling author of *The Bone Clocks* and *Cloud Atlas* | Longlisted for the Man Booker Prize Selected by Time as One of the Ten Best Books of the Year | A New York Times Notable Book | Named One of the Best Books of the Year by The Washington Post Book World, The Christian Science Monitor, Rocky Mountain News, and Kirkus Reviews | A Los Angeles Times Book Prize Finalist | Winner of the ALA Alex Award | Finalist for the Costa Novel Award From award-winning writer David Mitchell comes a sinewy, meditative novel of boyhood on the cusp of adulthood and the old on the cusp of the new. *Black Swan Green* tracks a single year in what is, for thirteen-year-old Jason Taylor, the sleepest village in muddiest Worcestershire in a dying Cold War England, 1982. But the thirteen chapters, each a short story in its own right, create an exquisitely observed world that is anything but sleepy. A world of Kissingeresque realpolitik enacted in boys' games on a frozen lake; of "nightcreeping" through the summer backyards of strangers; of the tabloid-fueled thrills of the Falklands War and its human toll; of the cruel, luscious Dawn Madden and her power-hungry boyfriend, Ross Wilcox; of a certain Madame Eva van Outryve de Crommelynck, an elderly bohemian emigré who is both more and less than she appears; of Jason's search to replace his dead grandfather's irreplaceable smashed watch before the crime is discovered; of first cigarettes, first kisses, first Duran Duran LPs, and first deaths; of

Margaret Thatcher's recession; of Gypsies camping in the woods and the hysteria they inspire; and, even closer to home, of a slow-motion divorce in four seasons. Pointed, funny, profound, left-field, elegiac, and painted with the stuff of life, *Black Swan Green* is David Mitchell's subtlest and most effective achievement to date. Praise for *Black Swan Green* "[David Mitchell has created] one of the most endearing, smart, and funny young narrators ever to rise up from the pages of a novel. . . . The always fresh and brilliant writing will carry readers back to their own childhoods. . . . This enchanting novel makes us remember exactly what it was like."—The Boston Globe "[David Mitchell is a] prodigiously daring and imaginative young writer. . . . As in the works of Thomas Pynchon and Herman Melville, one feels the roof of the narrative lifted off and oneself in thrall."—Time

Ten Lessons in Theory Calvin Thomas, 2013-08-01 An introduction to literary theory unlike any other, *Ten Lessons in Theory* engages its readers with three fundamental premises. The first premise is that a genuinely productive understanding of theory depends upon a considerably more sustained encounter with the foundational writings of Hegel, Marx, Nietzsche, and Freud than any reader is likely to get from the introductions to theory that are currently available. The second premise involves what Fredric Jameson describes as the conviction that of all the writing called theoretical, Lacan's is the richest. Entertaining this conviction, the book pays more (and more careful) attention to the richness of Lacan's writing than does any other introduction to literary theory. The third and most distinctive premise of the book is that literary theory isn't simply theory about literature, but that theory fundamentally is literature, after all. *Ten Lessons in Theory* argues, and even demonstrates, that theoretical writing is nothing if not a specific genre of creative writing, a particular way of engaging in the art of the sentence, the art of making sentences that make trouble sentences that make, or desire to make, radical changes in the very fabric of social reality. As its title indicates, the book proceeds in the form of ten lessons, each based on an axiomatic sentence selected from the canon of theoretical writing. Each lesson works by creatively unpacking its featured sentence and exploring the sentence's conditions of possibility and most radical implications. In the course of exploring the conditions and consequences of these troubling sentences, the ten lessons work and play together to articulate the most basic assumptions and motivations supporting theoretical writing, from its earliest stirrings to its most current turbulences. Provided in each lesson is a working glossary: specific critical keywords are boldfaced on their first appearance and defined either in the text or in a footnote. But while each lesson constitutes a precise explication of the working terms and core tenets of theoretical writing, each also attempts to exemplify theory as a practice of creativity (Foucault) in itself.

I Will Survive Gloria Gaynor,2014-03-11 *I Will Survive* is the story of Gloria Gaynor, America's Queen of Disco. It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including Honey Bee, I Got You Under My Skin, Never Can Say Goodbye, and the song that has immortalized her, *I Will Survive*, which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

Tightwads on the Loose Wendy Hinman, 2012-03-31 Everyone dreams of tropical escape. But what happens when you escape for too long? Imagine spending 24 hours a day with your spouse in 31 not-so-square feet . . . for years; crossing the Pacific Ocean on two gallons of fuel; and tossing spaghetti marinara around your living room, then cleaning it up while bouncing like ice in a martini shaker. *Tightwads on the Loose* tells the story of Wendy and Garth, lured to sea by the promise of adventure. They buy a 31-foot boat that fits their budget better than it fits Garth's large frame and set sail for an open-ended voyage, never imagining they'd be gone seven years, or cover 34,000 miles at the pace of a fast walk. They live without most necessities and learn that teamwork and a sense of humor matter most as they face endless character-building opportunities. They make a long-anticipated visit to the island where Garth had been shipwrecked as a teenager, only to find it had become a penal colony. An electronic catastrophe in the Solomon Islands leaves them without navigation equipment, which forces them to trade their free-wheeling lifestyle for one that seems straight out of a '60s sitcom: jobs at a U.S. Army base in the Marshall Islands. In Asia, they dodge typhoons and ships that threaten to turn their home into kindling. Finally they endure a grueling 49-day nonstop ocean crossing. None of this prepares them for their arrival home to a post-9/11 America which leaves them wondering what had changed more, them or the world. *Tightwads on the Loose* offers a fun read to the armchair adventurer -- or anyone afflicted with wanderlust.

Creating Powerful Radio Valerie Geller, 1996 A handbook of sound byte advice on making talk radio a success written by Rush Limbaugh's consultant--a dubious distinction depending on one's point of view. As Geller points out in her preface, this is her STUFF, and she regales the reader with often repetitive and unoriginal advice on how to handle the talent, avoid burnout, interviews, news programming, and promotion. The scanty text is beefed up with vignettes on popular radio personalities from the reputable Mervin Block (former CBS news writer) to the more disreputable Danny Bonaduce (of Partridge Family fame). Not surprisingly, lacks a bibliography although there's a recommended reading list which includes *Men are from Mars, Women are from Venus* for effective communication strategies.
