The Age of the ΔΡΟΜΩΝ John Pryor, Elizabeth M. Jeffreys, 2006-07-01 This volume examines the development and evolution of the war galley known as the Dromon, and its relative, the Chelandion, from first appearance in the sixth century until its supersession in the twelfth century by the Galea developed in the Latin West. Beginning as a small, fully-decked, monoreme galley, by the tenth century the Dromon had become a bireme, the pre-eminent war galley of the Mediterranean. The salient features of these ships were their two-banked oarage system, the spurs at

their bows which replaced the ram of classical antiquity, their lateen sails, and their primary weapon: Greek Fire. The book contextualizes the technical characteristics of the ships within the operational history of Byzantine fleets, logistical problems of medieval naval warfare, and strategic objectives. Surviving Byzantine sources, especially tactical manuals, are subjected to close literary and philological analysis.

The Orsini Bride SWEETBLUNCH,2016-10-03 "I need you to find me a bride." Marco Orsini demanded this from the etiquette teacher, Francesca Marcolini. His grandfather's mandate was simple: Present a bride on the day of his 86th birthday--and thereby secure the continuity of his clan and the massive Orsini empire--or he will be disinherited. But Marco doesn't want just any woman. He wants the perfect woman, and he knew that only Francesca can help him find the perfect bride. She had all the connections to the best women in Italian society after all--She may have even taught them in the ways of the social graces, which intrigues Marco. The two will go to great lengths to find the perfect woman, but how far must they search to find the perfect Orsini bride?

Interim Goddess of Love Mina Esguerra,2013-02-18 College sophomore Hannah Maquiling doesn't know why everyone tells her their love problems. She's never even had a boyfriend, but that doesn't stop people from spilling their guts to her, and asking for advice. So maybe it shouldn't be a surprise when the cutest guy in school tells her that she's going to have to take on this responsibility -- but for all humanity.The Goddess of Love has gone AWOL. It's a problem, because her job is to keep in check this world's obsession with love (and lack of it). The God of the Sun, for now an impossibly handsome senior at an exclusive college just outside of Metro Manila, thinks Hannah has what it takes to (temporarily) do the job.While she's learning to do this goddess thing, she practices on the love troubles of shy Kathy, who's got a secret admirer on campus. Hannah's mission, should she choose to accept it, is to make sure that he's not a creepy stalker and they find their happily ever after -- or at least something that'll last until next semester. (As if she could refuse! The Sun God asked so nicely. And he's so, well, hot.)

#romanceclass: Learning to Write (and Finish) a Contemporary Romance Novella Mina Esguerra,2013-06-19

Contemporary romance novellas are fun, light, quick reads. Usually less than 50,000 words, about the many ways that men and women meet, fall in love, and live happily ever after.Maybe predictable, if you've read enough of them, but for a writer that just means this is a great format to start a career with. This book will help you:1.

Learn a simple plot structure for a romance novella². Set a reasonable and practical writing schedule³. Finish the manuscript and prepare it for publication. Lessons in this book were used in a free mentorship program that has helped writers (and people who never thought they'd be writers!) finish their very first fiction manuscript. (Note: Some of the publishing and writing advice is specific to the Philippines and Asia, where the class was first held.)

The Forensic Files of Batman Doug Moench, 2005 Although strong and relentless, Batman has no super powers. Instead he relies on Sherlock Holmes-like abilities of deduction and detection. The Forensic Files of Batman features two dozen entries from Batman's Case Files. Most are written by Batman himself, but two are from Police Commissioner Gordon, and there are a couple of other entries from Batman's right hand man, Alfred the butler. Cases range from the puzzling to the bizarre, and feature such classic Batman villains as The Joker, Catwoman, Poison Ivy, and Two-Face. Interspersed among the Case File reports are sidebars that explain the specific kinds of forensic science that Batman uses to solve his cases.
