Community Journalism Jock Lauterer,2009-11-20 No matter how ambitious they may be, most novice journalists don't get their start at the New York Times. They get their first jobs at smaller local community newspapers that require a different style of reporting than the detached, impersonal approach expected of major international publications. As the primary textbook and sourcebook for the teaching and practice of local journalism and newspaper publishing in the United States, *Community Journalism* addresses the issues a small-town newspaper writer or publisher is likely to face. Jock Lauterer covers topics ranging from why community journalism is important and distinctive; to hints for reporting and writing with a community spin; to design, production, photojournalism, and staff management. This third edition introduces new chapters on adjusting to changing demographics in the community and best practices for community papers. Updated with fresh examples throughout and considering the newest technologies in editing and photography, this edition of *Community Journalism* provides the very latest of what every person working at a small newspaper needs to know.

**Baseball’s Dead of World War II** Gary Bedingfield,2009-12-10 While most fans know that baseball stars Ted Williams, Hank Greenberg, and Bob Feller served in the military during World War II, few can name the two major leaguers who died in action. (They were catcher Harry O’Neill and outfielder Elmer Gedeon.) Far fewer still are aware that another 125 minor league players also lost their lives during the war. This book draws on extensive research and interviews to bring their personal lives, baseball careers, and wartime service to light.

**Holy Smoke** John Shelton Reed,Dale Volberg Reed,2009-11-30 North Carolina is home to the longest continuous barbecue tradition on the North American mainland. Authoritative, spirited, and opinionated (in the best way), *Holy Smoke* is a passionate exploration of the lore, recipes, traditions, and people who have helped shape North Carolina's signature slow-food dish. Three barbecue devotees, John Shelton Reed, Dale Volberg Reed, and William McKinney, trace the origins of North Carolina 'cue and the emergence of the heated rivalry between Eastern and Piedmont styles. They provide detailed instructions for cooking barbecue at home, along with recipes for the traditional array of side dishes that should accompany it. The final section of the book presents some of the people who cook barbecue for a living, recording firsthand what experts say about the past and future of North Carolina barbecue. Filled with historic and contemporary photographs showing centuries of North Carolina's barbeculture, as the authors call it, *Holy Smoke* is one of a kind, offering a comprehensive exploration of the Tar Heel barbecue tradition.

**The Political Career of W. Kerr Scott** Julian M. Pleasants,2014-11-25 “This biography will find its place among a growing literature on post-war Southern politics.” —Charles Holden, author of *The New Southern University: Academic Freedom and Liberalism at UNC* When W. Kerr Scott (1896–1958) began his campaign for the North Carolina gubernatorial seat in 1948, his opponents derided his candidacy as a farce. However, the plainspoken dairy farmer quickly gathered loyal supporters and mobilized a grassroots attack on the entrenched interests that had long controlled the state government, winning the race in a historic upset. In this meticulously researched book, Julian M. Pleasants traces Scott’s productive and controversial political career, from his years as North Carolina commissioner of agriculture, through his governorship (1949–1953), to his brief tenure as a U.S. senator (1954–1958). Scott was elected at a time when southern liberals were on the rise in post-World War II America. McCarthyism and civil rights agitation soon overwhelmed progressivism, but the trend lasted long enough for the straight-talking “Squire from Haw River” to enact major reforms and establish a reputation as one of the more interesting and influential southern politicians of the twentieth century. This long-overdue look at his political career illuminates the spirit that transformed an introspective, segregated society dependent on tobacco and textiles into a vibrant, diversified economy at the center of the industrial, banking, and information revolution in the South. “Pleasants writes with clarity and authority.” —Jeffrey J. Crow, Deputy Secretary, North Carolina Department of Cultural Resources (ret.)
