Burmese (Myanmar) John Okell, 2016-05-10 Burmese has two styles of speaking and writing: the colloquial style, which is used for talking to friends and for writing letters, and the literary style, which is used in more formal contexts, such as academic articles, newspaper reports, and narrative passages in fiction. This volume, the final book in a four-part Burmese language course, introduces learners to the literary style. It assumes a prior knowledge of Burmese script and a grounding in the colloquial style. Okell starts with simple sentences, and, over a series of short lessons, gradually increases the range of vocabulary and the level of complexity. The texts Okell uses for study are excerpts from Burmese children's schoolbooks highlighting themes of home- and school-life and Burmese nationalism and independence. Each passage is accompanied by a full translation and is followed by a set of

exercises designed to familiarize the reader with the new vocabulary and sentence structures. Accompanying audio files allow students to hear the texts read aloud. Language professors, their students, or those learning Burmese on their own will appreciate the accessible approach and the manageable size of the lessons of the very practical textbooks in this series.

The Secret Army Richard Michael

Gibson, 2011-10-18 The incredible story of how Chiang Kai-shek's defeated army came to dominate the Asian drug trade After their defeat in China's civil war, remnants of Chiang Kai-shek's armies took refuge in Burma before being driven into Thailand and Laos. Based on recently declassified government documents, *The Secret Army: Chiang Kai-shek and the Drug Warlords of the Golden Triangle* reveals the shocking true story of what happened after the Chinese Nationalists lost the revolution. Supported by Taiwan, the CIA, and the Thai government, this former army reinvented itself as an anti-communist mercenary force, fighting into the 1980s, before eventually becoming the drug lords who made the Golden Triangle a household name. Offering a previously unseen look inside the post-war workings of the Kuomintang army, historians Richard Gibson and Wen-hua Chen explore how this fallen military

group dominated the drug trade in Southeast Asia for more than three decades. Based on recently released, previously classified government documents Draws on interviews with active participants, as well as a variety of Chinese, Thai, and Burmese written sources Includes unique insights drawn from author Richard Gibson's personal experiences with anti-narcotics trafficking efforts in the Golden Triangle A fascinating look at an untold piece of Chinese—and drug-running—history, The Secret Army offers a revealing look into the history of one of the most infamous drug cartels in Asia.

THE INDIAN LISTENER All India Radio (AIR), New Delhi ,1945-08-07 The Indian Listener (fortnightly programme journal of AIR in English) published by The Indian State Broadcasting Service, Bombay ,started on 22 December, 1935 and was the successor to the Indian Radio Times in english, which was published beginning in July 16 of 1927. In My Own Key Liona Boyd, 2017-08-19 Exotic venues, sold-out concerts, and the companionship of the world's most powerful people have given Liona Boyd a lifestyle that, like her music, is one in a million. Exotic venues, sold-out concerts, and the companionship of the world's most powerful people have given Liona Boyd a lifestyle that, like her music, is one in a million. The internationally acclaimed classical guitarist has crossed numerous boundaries, both musically and romantically. In this colourful memoir covering her life up to 1998, she serves up a rich and fascinating mix: childhood with her progressive parents in England, Canada, and

Mexico, exacting music studies in Toronto, down-and-out years in London and Paris, her eight-year romance with Canadian prime minister Pierre Elliott Trudeau, drug experimentation in a Mexican artists' colony, and whirlwind trips around the globe to eminent concert stages. It all makes for a rousing, feisty, passionate tale, as compelling and entrancing as the music of her Ramírez guitar.

Iguana Invasion! Virginia Aronson, Allyn Szejko, 2010
Burmese Pythons are crawling across Florida from Lake Okeechobee to Key Largo. Hundreds of thousands of Green Iguanas relax along canals and on pool decks around the southern part of the state. And other non-native animals like seven-foot Nile Monitor Lizards and poop-tossing Rhesus Monkeys are scaring Florida residents. How did all these animals get into our public parks, canals and lakes, undeveloped areas and suburban yards? The unfortunate truth is, kids and their parents are partly to blame. Parents are purchasing cute baby animals for their kids, then abandoning the unwanted adult pets in the Everglades and anywhere else they think the animals might survive on their own. Some species are indeed surviving--and they are breeding wildly, becoming nuisance species. This book provides identification information for the most common exotic species and has the answers to these questions: What are these animals and how did they get here? What is a humane way to get rid of them? When should a trapper be called? Can I feed them? Are they dangerous? What is the effect of all these exotics on the environment? What can we do to help with the problem? Readers learn how to

stay safe, be humane, and appreciate nature--and are encouraged NOT to purchase exotic animals as pets. Recommended by the National Association of Science Teachers

When Global Meets Local - How Expatriates Can Succeed in Myanmar Hana Bui, 2019-03 This book offers a first-time essential guide on how to work well with Burmese people. It assists expatriates in achieving success in Myanmar by helping them overcome the biggest challenge of expats here - the cultural conflicts. Do you want to know What Readers Say about the Book? Please Look Inside!. An enchanting and mysterious country awakening after 60 years of dictatorship and isolation, Myanmar is emerging as the last frontier market. In the newly-opened country full of oddities and quirks, expats have found lots of challenges, especially cultural differences and subsequent cultural conflicts. It looks like Men Are from Mars and Women are from Venus. When Global Meets Local - How Expatriates Can Succeed in Myanmar: Full of vivid, real-life stories, the book presents, in a simple and applicable fashion for super-busy expats, the following: · 2 Survival Rules of Social Interaction and the most common cultural conflicts in Myanmar· 3 Keys to Success and 12 Simple and Applicable Lessons· What the locals think of foreigners and 15 comparable thoughts between expatriates and locals (how they easily misinterpret each other's strange behaviours)· Things expats wish they knew before coming here so they may avoid re-inventing the wheel and save lots of time, effort and money.· How to foster good relationships with the locals

(a must)• How to fix any damage done • Suggestions to Win - either for a two-year contract expat or a more long term one Having lived in Myanmar for six years doing business in HR services, author Hana Bui has a strong interest in global-local interrelations. She holds an MA degree on Globalization and Communications from University of Leicester, England. The author did a survey of over a hundred expatriates who work or have worked in Myanmar for over a year, plus over 50 local professionals. Further, 30 in-depth interviews were conducted. The interviewees are mostly in the commercial sector, but NGOs and diplomatic organizations are also included. The two Survival Rules, three Keys to Succeed, and twelve Simple and Applicable Lessons are gained from cultural insight into the values, beliefs, attitudes and behaviors of the amiable Burmese people. The book also assesses the local corporate working culture and the characteristics of the local talent pool. Plus, there are authentic stories of local giants transforming their lucrative businesses in a new, competitive, and open business environment. Who the book would benefit: • New expats and entrepreneurs coming here to work• Existing expats and entrepreneurs who want to improve their effectiveness and efficiency • Expatriates and investors who want to come to Myanmar or who are considering doing so• Travelers who want to have a deeper understanding about the people in the Golden Land• Local entrepreneurs and professionals who often work with expats, especially HR professionals• Anyone who is interested in gaining an understanding about Myanmar culture, business,

and people in the transition period of connecting with the global world.

Secrets and Power in Myanmar Andrew Selth,2019-09-06 No external observer knows more about Myanmar's security and intelligence apparatus than Andrew Selth. In this book he presents an account of the structure and functions of Myanmar's deep state, along with a tale of personal ambition, rivalry and ruthless power politics worthy of John Le Carre. A thoroughly educative, entertaining and intriguing read. – Professor Michael Wesley, Dean, College of Asia and the Pacific, The Australian National University Andrew Selth has once again amply illustrated the depth and penetration of his study of Myanmar/Burma and its institutions. This work on the more recent aspects of the country's intelligence apparatus goes beyond a masterful and comprehensive analysis of the Burmese intelligence community, and probes the social and institutional bases of the attitudes giving rise to that critical aspect of power. We are once again in Dr Selth's debt. This is required reading for serious observers of the Burmese scene. – David I. Steinberg, Distinguished Professor of Asian Studies Emeritus, Georgetown University By lifting the lid on a pervasive yet secretive intelligence apparatus, Andrew Selth makes an outstanding contribution to Myanmar Studies. For scholars and practitioners alike, this book provides an essential history of a security state that remains

powerful even during the transition away from overt authoritarian rule. – Professor Ian Holliday, Vice-President (Teaching and Learning), The University of Hong Kong
