William W. Johnstone, J. A. Johnstone

Rope Burn Jan Siebold,2012-07-01 Richard gets frustrated by most of Mr. Best's assignments, but this latest one is the worst. He has to write a composition about a proverb that illustrates something that has happened in his life. And as if that isn't bad enough, Mr. Best has told him he needs to find his writing voice. While working on the assignment, Richard finds his voice in more ways than one. He discovers that being himself makes a big difference in his writing and in his life.

The true story of one of the most notorious crime couples in recent American history is told. Michelle Michaud and James Daveggio forged a perverse alliance in late 1997. After customizing Michaud's minivan into a mobile torture chamber, the pair hit the road and began a nightmare spree of incest, kidnapping, rape, torture, and murder. Sixteen Pages of Shocking Photos! Michaud and Daveggio's case was featured on Oxygen's Snapped: Killer Couples.

Climbing a Burning Rope John Paul Davis,2024-02-13 In Climbing a Burning Rope, John Paul Davis focuses his peculiar imagination, philosophical lyricism, and misfit spiritual outlook on life in the hypercapitalist twenty-first century where the inscrutable logic of algorithms haunts our constantly connected selves. Celebrating the weird and wild, lamenting wounds and weariness, Davis's poems carve out a space in

which we can reclaim what is sacred and be reminded to keep something of ourselves for ourselves.

The Wood Burn Book Rachel Strauss, 2020-08-11 In The Wood Burn Book, Instagram star Rachel Strauss (@woodburncorner) teaches you everything you'll need to know to master your favorite new hobby: pyrography, or writing with fire. This essential guide opens with a brief background to the art of wood burning, a list of tools and how to use them, basic techniques that can be used over and over again, and even what to burn and how to be safe doing it. You will also find a detailed explanation of the process from start to finish, with patterns and frames, techniques for lettering and adding color, as well as dozens of projects ready for gifting, including picture frames,

cutting boards, coasters, cards, wooden spoons, and jewelry. Above all, Strauss has created the book she wished she had when she first discovered pyrography: a simple guide that quickly gets the reader successfully burning. With the right tools and a little time, you'll be able to create meaningful handmade gifts without breaking the bank. Whether it's to create a family name sign as a housewarming gift for newlyweds, or customize baby blocks for a new little one, wood burning is the versatile hobby that can be used time and time again to create memorable gifts for all of life's occasions. In addition, wood burning is a practice in mindfulness, requiring patience and focus to awaken the senses and calm the mind. Mastering the art of writing with fire begins with the ability to follow a line. If you can trace, you can burn.

The Art of Fire Daniel Hume, 2017-11-02 Fire can fascinate, inspire, capture the imagination and bring families and communities together. It has the ability to amaze, energise and touch something deep inside all of us. For thousands of years, at every corner of the globe, humans have been huddling around fires: from the basic and primitive essentials of light, heat, energy and cooking, through to modern living, fire plays a central role in all of our lives. The ability to accurately and quickly light a fire is one of the most important skills anyone setting off on a wilderness adventure could possess, yet very little has been written about it. Through his narrative Hume also meditates on the wider topics surrounding fire and how it shapes the world around us.

Never Burn Your Moving Boxes Jolyn

Young, 2023-09-26 A young woman's struggle with marriage and motherhood on some of the most remote ranches in the American West. Jolyn Young grew up in the "real" northern California—the forgotten

area at the tip-top of the state with small towns, extreme poverty, and about 40 miles to the Oregonian mountains. In a childhood defined by a subdivision, she decided she wanted to be a cowboy, and two years out of college, she saw that dream through, taking a job at a Nevada ranch in the search for a lifestyle subsisting of horses, cattle, and the wide open range. Falling in love was never part of the plan. Jim Young was tall, strong, and could ride a bronc and rope a steer like no one's business. And before she knew it Jolyn found her cowboyin' dreams overtaken by a new and intoxicating cowboy reality. With long days side by side in the saddle, nights sharing a bedroll, and the deep satisfaction that came with hard physical work in a place filled with natural beauty, it seemed life was all a strong-willed young woman might want it to be. But when a baby-to-be suddenly spun her wild romance into a very practical marriage, and one decrepit ranch trailer home led to the next, Jolyn found her young family desperately seeking stability in what is by definition a transient lifestyle that moves with the seasons. Often hours from the nearest grocery store and half-a-day from the closest hospital, pregnancy, childbirth, and illness required a do-it-yourself mentality. With days, sometimes weeks on her own as Jim worked the farthest reaches of whatever ranchlands they currently called home—and first with one child to care for...and eventually with three—Jolyn fought profound loneliness, finding comfort in writing and company in her camera. As the cowboy lifestyle pulled them further toward the brink of civilization and Jim's

drinking became a liability, losing him jobs and sending them packing, again, to yet another, different, distant cow camp, Jolyn struggled with the knowledge that she was choosing a life of scrubbing filthy mobile home floors and bunkhouse bathrooms in order to keep her family together. It would take leaving it, and Jim, for her to determine whether a world built on risk could coexist with the responsible mother she had needed to become. With a memoir that is brave, honest, and heartbreakingly funny, Jolyn Young has written the story of every young adventure-seeker, every new mother, and every partner who has loved an alcoholic in a whole new light—that of a campfire, on the edge of the desert night, miles away from cell phone reception.
