U.S. Marines in Afghanistan, 2001-2009 U S Marine Corps History Division,2017-02-05 This volume presents a collection of 38 articles, interviews, and speeches describing many aspects of the U.S. Marine Corps' participation in Operation Enduring Freedom from 2001 to 2009. This work is intended to serve as a general overview and provisional reference to inform both Marines and the general public until the History Division completes monographs dealing with major Marine Corps operations during the campaign. The accompanying annotated bibliography provides a detailed look at selected sources that currently exist until new scholarship and archival materials become available. From the Preface - From the outset, some experts doubted that the U.S. Marines Corps would play a major role in Afghanistan given the landlocked nature of the battlefield. Naval expeditionary Task Force 58 (TF-58) commanded by then-Brigadier General James N. Mattis silenced naysayers with the farthest ranging amphibious assault in Marine Corps/Navy history. In late November 2001, Mattis' force seized what became Forward Operating Base Rhino, Afghanistan, from naval shipping some 400 miles away. The historic assault not only blazed a path for follow-on forces, it also cut off fleeing al-Qaeda and Taliban elements and aided in the seizure of Kandahar. While Corps doctrine and culture advocates Marine employment as a fully integrated Marine air-ground task force (MAGTF), deployments to Afghanistan often reflected what former Commandant General Charles C. Krulak coined as the three-block war. Following TF-58's deployment during the initial take down of the Taliban regime, the MAGTF made few appearances in Afghanistan until 2008. Before then, subsequent Marine units often deployed as a single battalion under the command of the U.S. Army Combined Joint Task Force (CJTF) to provide security for provincial reconstruction teams. The Marine Corps also provided embedded training teams to train and mentor the fledgling Afghan National Army and Police. Aviation assets sporadically deployed to support the U.S.-led coalition mostly to conduct a specific mission or to bridge a gap in capability, such as close air support or electronic warfare to counter the improvised explosive device threat. From 2003 to late 2007, the national preoccupation with stabilizing Iraq focused most Marine Corps assets on stemming the insurgency, largely centered in the restive al-Anbar Province. As a result of the North Atlantic Treaty Organization (NATO) taking over command of Afghan operations and Marine Corps' commitments in Iraq, relatively few Marine units operated in Afghanistan from late 2006 to 2007. Although Marines first advocated shifting resources from al-Anbar to southern Afghanistan in early 2007, the George W. Bush administration delayed the Marine proposal for fear of losing the gains made as a result of Army General David H. Petraeus' surge strategy in Iraq. By late 2007, the situation in Afghanistan had deteriorated to the point that it inspired Rolling Stone to later publish the story *How We Lost the War We Won*. In recognition of the shifting tides in both Iraq and Afghanistan, the Bush administration began to transfer additional resources to Afghanistan in early 2008. The shift prompted senior Marines to again push for a more prominent role in the Afghan campaign, even proposing to take over the Afghan mission from the Army. . . .

U.S. Marines In Afghanistan, 2001-2002: From The Sea Colonel Nathan S. Lowrey,2015-11-06 Includes more than 100 maps, plans and illustrations. "This monograph is more than the story of Marine expeditionary operations in Afghanistan. It describes who

our nation's enemies are; how America became involved in the Global War on Terrorism; and how the Marine Corps struggled to acquire a major role in Operation Enduring Freedom, as well as the actions of Marines and sailors who helped prosecute the air and ground campaigns against Taliban and al-Qaeda forces.”— Dr. Charles P. Department of Death Lev Raphael,2021-04-09 Raphael makes the most of the academic setting of his immensely enjoyable....Raphael's witty prose enhances a crafty plot. Publishers Weekly starred review Years ago Nick Hoffman was given a position in the English Department at the State University of Michigan because SUM wanted to hire his partner as writer-in-residence, but now he's been unexpectedly installed by his dean as chairman of that department. It's a wildly unpopular choice, and he's suddenly the focus of more animosity from his colleagues than he's ever dealt with before. He can't seem to make anyone happy and can't get a handle on his myriad new responsibilities as an administrator, a position he never wanted. Then tragedy strikes again way too close to home: Someone seeking his help is murdered, and under the shadow of another recent murder, Nick is a prime suspect. Hounded by campus police, the local press, and social media, Nick wonders if this could finally be the end of his career—that is, if he manages to stay out of prison. In the spirit of David Lodge, Francine Prose, Richard Russo and Jane Smiley, Department of Death is Lev Raphael's most blistering satire yet of the current perversity of academic life.

The Rose Man of Sing Sing James McGrath Morris,2009-08-25 This biography of the early 20th-century newspaper giant who became news after killing his wife “has the pace and detail of an engrossing historical novel” (Boston Herald). As city editor of Joseph Pulitzer's New York Evening World, Charles E. Chapin was the quintessential newsroom tyrant: he drove reporters relentlessly, setting the pace for evening press journalism with blockbuster stories from the Harry K. Thaw trial to the sinking of the Titanic. At the pinnacle of his fame in 1918, Chapin was deeply depressed and facing financial ruin. He decided to kill himself and his wife Nellie. But after shooting Nellie in her sleep, he failed to take his own life. The trial made one hell of a story for the Evening World's competitors, and Chapin was sentenced to life in Ossining, New York's, infamous Sing Sing Prison. In *The Rose Man of Sing Sing*, James McGrath Morris tracks Chapin's journey from Chicago street reporter to celebrity New York powerbroker to infamous murderer. But Chapin's story is not without redemption: in prison, he started a newspaper fighting for prisoner rights, wrote a best-selling autobiography, had two long-distance love affairs, and transformed barren prison plots into world-famous rose gardens. The first biography of one of the founding figures of modern American journalism, and a vibrant chronicle of the cutthroat culture of scoops and scandals, *The Rose Man of Sing Sing* is also a hidden history of New York at its most colorful and passionate.

One Flew Over the Cuckoo's Nest Ken Kesey,2012-01-19 Ken Kesey's bracing, insightful novel about the meaning of madness and the value of self-reliance, and the inspiration for the new Netflix original series *Ratched* Boisterous, ribald, and ultimately shattering, Ken Kesey's *One Flew Over the Cuckoo's Nest* has left an indelible mark on the literature of our time. Turning conventional notions of sanity and insanity on their heads, the novel tells the unforgettable story of a mental ward and its inhabitants, especially tyrannical Big Nurse Ratched and Randle Patrick McMurphy, the brawling, fun-loving new inmate who resolves to oppose her. We see

the story through the eyes of Chief Bromden, the seemingly mute half-Indian patient who witnesses and understands McMurphy's heroic attempt to do battle with the powers that keep them all imprisoned. Hailed upon its publication as a glittering parable of good and evil (The New York Times Book Review) and a roar of protest against middlebrow society's Rules and the invisible Rulers who enforce them (Time), Kesey's powerful book went on to sell millions of copies and remains as bracing and insightful today as when it was first released. This new deluxe hardcover edition commemorates the fiftieth anniversary of the original publication of the novel on February 1, 1962, and will be a must have for any literature lover.

Twelve Years a Slave Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US,on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Hyenas of the Limpopo Xolani Tshabalala,2017-11-03 An increasing number of people today cross the Beitbridge border of South Africa and Zimbabwe. This comes with a corresponding growth of creative strategies that seek to aid the crossing of those people and goods that may lack the necessary documentation. Such 'informal' border crossings have come to define one of the important economic regions in Southern Africa, the post-1994 Limpopo Valley. This thesis approaches routine acts of facilitating undocumented border crossings as an everyday social politics with deep historical roots. By use of archival and ethnographic methods, the thesis examines the social history and embodied practices of a variety of actors who engage in undocumented border crossings. A particular focus is placed on the role of private transporters (omalayitsha), who represent an important link between an exclusionary and yet fragmentary migration regime and undocumented travellers. In three theoretical and four empirical chapters, and inspired by border studies as well as the critical realist approach in migration studies, the thesis connects border practice to irregular movement and cheap labour within a regional context defined, in part, by dispossession. Through thick interpretations of the lived experience of border practice, the study also connects such political economic processes (e.g. migrant irregularity, labour precarity and economic

informality) to questions of social identity and migrant subjectivities. By situating the figure of the hyena at the centre of Southern African border struggles, the thesis invents an analytical concept that serves both an empirical and a theoretical task. Empirically, it enables a synthetic understanding of how everyday contestations around the possibility to work across the border for low-skill migrants have been interacting, through time, with broader processes of capital accumulation to partly shape the region's migrant labour system. Theoretically, it shows how facilitation of undocumented border crossings calls for new sociological models that can account for processes that escape binary classification (as formal or informal, inclusive or exclusive, legal or illegal, ordered or disordered), thus contributing to a better understanding of the role of migration in the contemporary world. Allt fler människor korsar idag gränsen vid Beitbridge mellan Sydafrika och Zimbabwe. Samtidigt sker en motsvarande ökning av kreativa strategier som gör att även personer och varor som saknar rätt handlingar kan ta sig över gränsen. Dessa 'informella' gränsövergångar har kommit att definiera vad som efter 1994 blivit en av de viktigaste ekonomiska regionerna i södra Afrika, Limpopodalen. I denna avhandling betraktas rutinerna vid sådana oregistrerade gränsövergångar som en vardagens politik med djupa historiska rötter. Genom arkivstudier och etnografiska observationer undersöker avhandlingen en samhällshistoria och en mänsklig aktivitet där en rad aktörer är inblandade i en pågående, papperslös migration. En viktig roll i sammanhanget har omalayitsha, dvs. privata transportörer, som ofta är en viktig länk mellan de papperslösa resenärerna och den migrationsregim som å ena sidan stänger dem ute och å andra sidan är så fragmenterad att de tillåts passera igenom. I tre teoretiska och fyra empiriska kapitel, samt med ett angreppssätt hämtat från gränsstudier (border studies) och den kritiskt realistiska skolan inom migrationsstudier, syftar avhandlingen till att förstå gränsövergångens praktik i förhållande till den irreguljära mobilitet och det överskott på billig arbetskraft som sätter sin prägel på en region där många är fattiga och fördrivna. I avhandlingens djuptolkningar av migranternas levda erfarenhet vid gränsen förbinds i sin tur de politiskt-ekonomiska processerna (irreguljär migration, prekära arbetsvillkor och ekonomisk informalitet) med frågor om samhällelig identitet och migrantens subjektivitet. Avhandlingen ser hyenafiguren som central för förståelsen av de 'gränsskamper' (border struggles) som utkämpas i södra Afrika; med hyenan introduceras också ett analytiskt begrepp. Empiriskt sett möjliggör begreppet en syntetisk förståelse av hur vardagliga tvister och problem som präglar arbetsmigrantens försök att jobba på andra sidan gränsen över tid samverkar med större processer av kapitalackumulation, som delvis formar regionens migrantarbetsystem. I teoretiskt avseende visar begreppet hur förhandlingarna som sker vid gränskontrollen klargör behovet av nya sociologiska modeller som kan redogöra för samhällsprocesser som undflyr varje binär klassificering (som formell eller informell, inkluderande eller exkluderande, legal eller illegal, ordnad eller oordnad), och på så vis bidrar det till en bättre förståelse av migrationens betydelse i dagens värld.
