The Negro Motorist Green Book Victor H. Green, The Negro Motorist Green Book was a groundbreaking guide that provided African American travelers with crucial information on safe places to stay, eat, and visit during the era of segregation in the United States. This essential resource, originally published from 1936 to 1966, offered a lifeline to black motorists navigating a deeply divided nation, helping them avoid the dangers and indignities of racism on the road. More than just a travel guide, The Negro Motorist Green Book stands as a powerful symbol of resilience and resistance in the face of oppression, offering a poignant glimpse into the challenges and triumphs of the African American experience in the 20th century.

Virginia Woolf Gillian Gill,2019 An insightful, witty look at Virginia Woolf through the lens of the extraordinary women closest to her. How did Adeline Virginia Stephen become the great writer Virginia Woolf? Acclaimed biographer Gillian Gill tells the stories of the women whose legacies--of strength, style, and creativity--shaped Woolf's path to the radical writing that inspires so many today. Gill casts back to Woolf's French-Anglo-Indian maternal great-grandmother Thérèse de L'Etang, an outsider to English culture whose beauty passed powerfully down the female line; and to Woolf's aunt Anne Thackeray Ritchie, who gave Woolf her first vision of a successful female writer. Yet it was the women in her own family circle who had the most complex and lasting effect on Woolf. Her mother, Julia, and sistersStella, Laura, and Vanessa were all, like Woolf herself, but in markedly different ways, warped by the male-dominated household they lived in. Finally, Gill shifts the lens onto the famous Bloomsbury group. This, Gill convinces, is where Woolf called upon the legacy of the women who shaped her to transform a group of men--united in their love for one another and their disregard for women--into a society in which Woolf ultimately found her freedom and her voice.

The 100 Best Business Books of All Time Jack Covert,Todd Sattersten,2011 More than 11,000 business books are published every year but, amidst the myriad of hints, tips and theories out there, how is anyone supposed to know which title is right for them? Here, Jack Covert and Todd Sattersten use their 25 years worth of experience to produce the definitive collection of the greatest books in business history. No matter what their line of work or specific issue is, readers will find the text to suit them, whether it be a bestseller, a classic or an overlooked gem.

The 100 Best Business Books of All Time Jack Covert,Todd Sattersten,Sally Haldorson,2016-08-02 Thousands of business books are published every year— Here are the best of the best After years of reading, evaluating, and selling business books, Jack Covert and Todd Sattersten are among the most respected experts on the category. Now they have chosen and reviewed the one hundred best business titles of all time—the ones that deliver the biggest payoff for today’s busy readers. The 100 Best Business Books of All Time puts each book in context so that readers can quickly find solutions to the problems they face, such as how best to spend The First 90 Days in a new job or how to take their company from Good to Great. Many of the choices are surprising—you’ll find reviews of Moneyball and Orbiting the Giant Hairball, but not Jack Welch’s memoir. At the end of each review, Jack and Todd direct readers to other books both inside and outside The 100 Best. And sprinkled throughout are sidebars taking the reader beyond business books, suggesting movies, novels, and even children’s books that offer equally relevant insights. This guide will appeal to anyone, from entry-level to CEO, who wants to cut through the clutter and discover the brilliant books that are truly worth their investment of time and money.

Start with Why Simon Sinek,2011-12-27 The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. START WITH WHY asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. START WITH WHY shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.
