Doing business in Dubai Giovanni Battista Martelli,2014-10-22 Dubai enjoys one of the highest per capita incomes in the world, government policies that allow full repatriation of profits and capital, no income tax and no corporate tax. I like to think of Dubai as fertile land in continuous evolution, which does not only feed on modernism, luxury, finance and technology but also on tradition and culture. Ultimately, it is a complete and complex ecosystem which is booming and capable of bearing so much fruit. But there is more to this. In fact, Dubai is the privileged opening for anyone who looks to the East: it is strategically located at the centre of the Middle East, overlooking the sea, only three hours by air away from a market - the Indian market to be precise - with 1.3 billion potential consumers. That is why a multitude of international investors and companies of all sizes continue to choose it every year, and increasingly by the Italians. However, Dubai, and the United Arab Emirates in general can offer their very best to those who know the rules inside out and knows how to comply with them. Dubai rewards those who not only master the legal, fiscal and economic aspects but also those based purely on human relationships and cultural activities. This little guide stems from just that: to be a means of knowledge, a small manual for Italian entrepreneurs. With the hope that it will become a key that will open new doors to the future for many of its readers.

Business Start-ups in Dubai and Germany. A Comparative Analysis Yasemen Aslan,2024-04-08 Seminar paper from the year 2024 in the subject Business economics - Company formation, Business Plans, grade: 1,0, University of Applied Sciences München (Medienmanagement), course: Language Proficiency and Cultural Sensitivity, language: English, abstract: This work focuses on business start-ups and the contextual factors in Dubai and Germany, two significant economic centers. What are the reasons behind this trend? What opportunities and challenges exist for entrepreneurs? The study aims to provide a comprehensive understanding of these two distinct but equally significant business locations. Unemployment, the desire for independence, self-determination, to advance an innovation or the ambition to build up your own business – these are the main motivations for prospective entrepreneurs, and they are indeed becoming increasingly important nowadays. In various parts of the world, a growing number of people are seeking a reorientation and questioning their career prospects. In 2023, the worldwide count of entrepreneurs reached 582 million, and the numbers continue to rise. While entrepreneurship is rapidly expanding globally, numerous business owners tend to show a stronger preference for specific countries. Robust infrastructures stand out as a primary factor influencing entrepreneurs to favor one region over another. Especially one country has emerged as an attractive location for starting a business in recent years: Dubai, a city that has transformed from a small marketplace to a global business area over the previous decades. Dubai is developing faster than almost any other country and the population is growing exponentially. Of the 3.5 million inhabitants, 85% are foreigners. In past times, there also has been a noticeable increase in the number of entrepreneurs and influencers choosing to expatriate to the Persian Gulf emirate. Principally, tax benefits, strong economic growth, security, quality of life, and social cohesion attract people from all over the world to move to the Middle East and establish their companies there. So not only is Dubai one of the top travel destinations globally, but it also attracts international entrepreneurs as a growing economic hub.

Opportunity Dubai Peter Cooper,2008 Opportunity Dubai is the autobiographical account of a real-life business adventure in the modern city of Dubai. The author was a financial journalist in the city before deciding to join the internet revolution in 2000 by establishing the financial information website AME Info (www.ameinfo.com).However, this book is far more than the story of a relatively small business and its success (albeit a business that became a resource now used by millions of readers and sold for a multi-million dollar fortune in 2006). It is also an inside track on what is happening in modern Dubai, the focal point of hundreds of billions of dollars of investment, and a city whose GDP has quadrupled in a decade, outperforming any other in the world, including China.The author charts the progress of Dubai in the 2000s and setbacks such as the Second Gulf War and 9/11, which actually proved the source of a remarkable injection of repatriated capital into the increasingly ambitious projects of the Maktoum family under the leadership of His Highness Sheikh Mohammed bin Rashid Al Maktoum.Perhaps, as the trading hub of the Middle East, it should be no surprise that Dubai has been able to capitalise greatly on the Third Oil Boom. But Sheikh Mohammed's restless business vision never stands still. He created the Dubai Internet City in late 1999, just in time in fact to give the author of this book a dedicated free zone with 100 per cent ownership for his small business. And other developments such as the Burj Dubai and The World Islands proceed at an amazing pace.Opportunity Dubai asks where this is all leading to and whether it can be sustained. However, the author's own experience of prospering from the opportunities presented by

this incredible city point in a positive direction; and many of his insights will benefit anybody thinking of joining this adventure, whether doing business in Dubai, buying a home there, or just taking up a job as an expatriate.

The Business Year: Dubai 2020 Peter Howson, 2020—the turn of decade, the intended year of Expo, and the eve of the UAE's 50th anniversary—is indeed an opportune time. Even as shockwaves from a truly unexpected disruption, known colloquially as coronavirus and officially COVID-19, resonate around the world, Dubai's diversification as well as its orientation toward innovation will undoubtedly help the Emirate lead the way through a challenging time. The Business Year's country-specific publications, sometimes featuring over 150 face-to-face interviews, are among the most comprehensive annual economic publications available internationally. This 244-page publication covers green economy, banking, capital markets, insurance, energy, industry, telecoms and IT, transport and logistics, maritime, real estate, construction, health, education, and tourism.

Setting Up in Dubai Essam Al Tamimi, 2006 Book & CD. Dubai is your ideal base for business in the Middle East region and beyond. Strategically located midway between the Far East and Europe, and between the former Soviet Union and Africa, this position places the Emirate in the hub of the dynamic trading environment of the Arabian Gulf. Nevertheless, even within a world-class trading centre, setting up a company necessarily entails a large number of complex procedures and regulations. Understanding these, and how to navigate your company through them is key to your future success. Dubai imposes no taxes on profit or income; it offers complete freedom of capital movement; it boasts a sophisticated financial and services sector; its communications facilities are excellent; and the cost structure for doing business is highly competitive. In the Jebel Ali Free Zone and the Dubai Airport Free Zone, overseas companies are permitted to set up wholly-owned ventures and can enjoy an array of incentives, including exemption from import duties. The Dubai Technology, E-commerce and Media Free Zone, allows 100% foreign ownership of companies. Aside from these, and many more economic advantages, business people can be assured that the city of Dubai offers a superb quality of life for themselves and their families. The book features information on: Housing and Accommodation; Health and Education; Transport; Leisure Activities; Local Customs and Traditions. The CD includes reference forms and select directory.

Doing Business with the United Arab Emirates Marat Terterov, 2006 Annotation * Unique guide to one of the Middle East's main business and financial centres * Assessment of investment opportunities in the seven Emirates * Up-to-date guide to the regulatory and tax regime and the rules of business engagement * Profiles of the UAE's industry sectors and some of its most dynamic companies * Written by professionals with on-the-ground experience * Of interest to professional investors, international companies, analysts, consultants, law firms, banks, accountants, and business academics *Doing Business with the United Arab Emirates* is the definitive English language guide to investment potential, commercial opportunity and business practice in the seven Emirates. The fact that the UAE played host to the recent annual meeting of the Board of Governors of the World Bank and the International Monetary Fund, confirmed that the world's leading financial and business authorities clearly see the crucial importance of the UAE as a global business center. Despite the recent invasion of Iraq, international investment flows are still being encouraged into the region -- something that *Doing Business with the UAE* aims to promote concretely. The book also highlights that the UAE has now developed a highly sophisticated, forward looking economy and a society seeking to capitalize upon the unique assets at its command. With its progressive business environment, an increasingly diversified economy, modern infrastructure and sound legal system, the UAE is asserting itself as the primary location for business in the highly competitive Arab Gulf region.
