

Button Maker

John Nott (Button-maker.)

The Button Maker Sarah Beaman,2006-01 Buttons are found everywhere - either as fastenings or simply as a decorative device. The perfect button can transform a handcrafted piece into something really special, and change a mass-produced shirt or cardigan into a truly unique item. With 'The Button Maker' you can make knitted, crochet, felted and knotted buttons as well as buttons using clay, polymer clay, fabric, beads, and natural materials such as wood and shells. Each technique is carefully explained with step-by-step instructions and photographs of each stage, while the projects detail a range of different ideas for you to put into practice. Try making a traditional Dorset button, a knitted bobble or natural wood toggle. Every buttonhole deserves the best button – and this book will teach you everything you need to know to create the most beautiful hand-crafted buttons.

Muscatine's Pearl Button Industry Melanie K. Alexander,2007 The Mississippi River town of Muscatine produced billions of pearl buttons. By 1905, Muscatine made 37 percent of the world's buttons and earned the title of Pearl Button Capital of the World. The rise and fall of the pearl button occurred over a period of 75 years. John Frederick Boepple, a German immigrant button maker, launched the industry in 1891. The button and clamming industries started small but quickly overwhelmed the town. Clamming became the Mississippi River's gold rush while large automated factories and shell-cutting shops employed nearly half the local workforce. Entire families--men, women, and children--contributed to the industry, giving weight to the popular local saying No Muscatine resident can enter Heaven without evidence of previous servitude in the button industry. Although the industry peaked in 1916, several decades passed before the American-made pearl button buckled under the pressure of foreign competition, changing fashion, limited availability of shell, and the development and refinement of plastic buttons.

An Appeal to the Inhabitants of Birmingham John Nott (Button-maker.),1792

The Button Sampler Lillian Smith Albert,Jane Ford Adams,1951 Buttons? Why should anyone collect buttons? To judge from the experience of a museum that has a sizeable collection, buttons still remain unconsidered trifles in the minds of many who have not yet discovered the variety and fascination of these indispensables. But visitors to the museum come, see and are conquered; and the same captivation is in store for the readers of the present book. -- Foreword.
