**Raising an Entrepreneur** Margot Machol Bisnow, 2016-09-01 In this book, a political powerhouse and mother of two thriving entrepreneurs interviews the moms of over fifty of today's most successful innovators and—based on her findings—provides ten rules for raising confident, fearless, self-made individuals whose ideas and drive will change the world. Is your child passionate about something? Maybe it's music, sports, theatre, writing, building things, or helping others—the kind of creative pursuits that create distinguished leaders and make change in the world. All parents want their kids to have success, but how do you help them cultivate their talent and vision for a personally fulfilling and financially successful life? Once you've recognized their drive and passion, how do you set your little trailblazers free? Raising an Entrepreneur presents seventy-six stories from the mothers of some of the most successful entrepreneurs today. Entrepreneurs are the new rock stars—they're the ones who turn their passions into ingenious projects, because they're willing to risk failure to make their dreams come true. Highlighting the various achievements of innovators from a wide range of cultural and socioeconomic backgrounds—such as Geek Squad's Robert Stephens and Nantucket Nectars' Tom Scott, nonprofit founders like Mama Hope's Nyla Rodgers and Pencils of Promise's Adam Braun, profit for purpose creators like TOMS Shoes' Blake Mycoskie and FEED Projects' Ellen Gustafson, activists like Mike de la Rocha and Erica Ford, and artists like actress Emmanuelle Chriqui and songwriter Benny Blanco—and with photos of the entrepreneurs as children, these inspirational interviews will provide guidance and support on nurturing your own change maker. Not every kid will be an entrepreneur, but all kids have something that makes them unique. If you're seeking a way to nurture your children's passions and help them harness their talent, drive, and grit into a fulfilling life purpose, this book is for you. With these ten rules and numerous inspiring stories, you'll gain confidence in raising your child into a creatively successful adult.

**Make No Small Plans** Elliott Bisnow, Brett Leve, Jeff Rosenthal, Jeremy Schwartz, 2022-04-12 From the founders of the acclaimed Summit event series and community comes the story of their unconventional journey to business success and the hard lessons they learned along the way. “[Make No Small Plans] neatly crystallizes the teachings and takeaways—basic truths—from the past fifteen years of Summitemeering.”—Forbes In 2008, with no event production experience and two college degrees between the four of them, Elliott Bisnow, Brett Leve, Jeff Rosenthal, and Jeremy Schwartz became business partners and set out to build a global events company. With passion and tenacity, they began cold calling as many inspiring company founders as they could and tried to convince them to attend their first event. In the beginning, only nineteen people said yes. Since then, they have grown Summit into a global community with events all over the world, hosting luminaries including Jeff Bezos, Richard Branson, Shonda Rhimes, Brené Brown, Kendrick Lamar, and Al Gore. In 2013, the Summit founders—with help from their behind-the-scenes co-founder and partner Ryan Begelman—acquired Powder Mountain, the largest ski resort in the United States, with a dream of building a mountaintop town of the future. In Make No Small Plans, they reveal the triumphs, mistakes, and cornerstone lessons from their journey, which began during the Great Recession and continues today. Alongside teachings from some of the most inspiring entrepreneurs of our time, the authors offer takeaways such as: • No idea should go unspoken. • Reputations are earned by the drop and lost by the bucket. • The road to success is always under construction. • Become a favor economy millionaire. Entertaining and empowering, Make No Small Plans shows that anyone can think big and—with a thirst for knowledge, a talented team, and a little humility—accomplish the impossible.

**Sleepwalking Through History** Haynes Johnson, 2003 National bestseller: In this brilliantly readable book, a Pulitzer Prize-winning journalist chronicles the Reagan decade, when America fell from dominant world power to struggling debtor nation and when optimism turned to foreboding. In human terms and living case histories, Haynes Johnson captures the drama and tragedy of an era nurtured by greed and a morality that found virtue in not getting caught. It is morning again in America, Reagan's campaign commercials told us, and for too long we embraced that convenient lie. Indeed,

the problems that came to plague us in that decade are with us even more today, as Johnson memorably demonstrates in--his afterword, Notes on an Era, written especially for this new paperback reissue. This book will remain a signature work of political analysis for years to come.

**The Third Door** Alex Banayan, 2018-06-05 FORBES #1 CAREER BOOK TO READ IN 2018 The larger-than-life journey of an 18-year-old college freshman who set out from his dorm room to track down Bill Gates, Lady Gaga, and dozens more of the world's most successful people to uncover how they broke through and launched their careers. The Third Door takes readers on an unprecedented adventure—from hacking Warren Buffett's shareholders meeting to chasing Larry King through a grocery store to celebrating in a nightclub with Lady Gaga—as Alex Banayan travels from icon to icon, decoding their success. After remarkable one-on-one interviews with Bill Gates, Maya Angelou, Steve Wozniak, Jane Goodall, Larry King, Jessica Alba, Pitbull, Tim Ferriss, Quincy Jones, and many more, Alex discovered the one key they have in common: they all took the Third Door. Life, business, success... it's just like a nightclub. There are always three ways in. There's the First Door: the main entrance, where ninety-nine percent of people wait in line, hoping to get in. The Second Door: the VIP entrance, where the billionaires and celebrities slip through. But what no one tells you is that there is always, always... the Third Door. It's the entrance where you have to jump out of line, run down the alley, bang on the door a hundred times, climb over the dumpster, crack open the window, sneak through the kitchen—there's always a way in. Whether it's how Bill Gates sold his first piece of software or how Steven Spielberg became the youngest studio director in Hollywood history, they all took the Third Door.

**Summary of Elliott Bisnow, Brett Leve, Jeff Rosenthal & Jeremy Schwartz's Make No Small Plans** Everest Media, 2022-04-26T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 In 2007, Elliott Bisnow, Brett Leve, Jeff Rosenthal, and Jeremy Schwartz were thinking about starting a company. They weren't the Beatles, but they had a similar story of how they came together. They all had different problems they wanted to solve, and they wanted to do it together. #2 After graduating from college, Elliott went straight into working for his father's company. He was selling local real estate ads, and he finally got a check in the mail after a few months. He realized he had a job. #3 Jeff's childhood was shaped by his grandfather's philosophy: A large extended family is the greatest luxury in life. His grandmother Joy was the matriarch of the family, and she held seventy cousins, aunts, and uncles together by hosting family dinners nearly every weekend. #4 The band's success was growing, but Jeremy was starting to feel the pressure of being in a band. He decided to leave and join us, which was the first of many bold ideas that would shape a generation of world-changing companies.

**How to Win at College** Cal Newport, 2005-04-12 The essential guide to getting ahead once you've gotten in—proven strategies for making the most of your college years, based on winning secrets from the country's most successful students “Highly recommended because it is full of practical tips that will help high school grads take the next step in life.”—Money How can you graduate with honors, choose exciting activities, build a head-turning resume, gain access to the best post-college opportunities, and still have a life? Based on interviews with star students at universities nationwide, from Harvard to the University of Arizona, How to Win at College presents seventy-five simple rules that will rocket you to the top of your class. These often surprising strategies include: • Don't do all your reading • Drop classes every term • Become a club president • Care about your grades, Ignore your GPA • Never pull an all-nighter • Take three days to write a paper • Always be working on a “grand project” • Do one thing better than anyone else you know Proving you can be successful and still have time for fun, How to Win at College is the must-have guide for making the most of these four important years—and getting and edge on life after graduation. “This deliberately provocative book is a good way for a smart student to see how out-of-the-box thinking can lead to success in college.”—Seattle Times

**Who Is Michael Ovitz?** Michael Ovitz, 2018-09-25 If you're going to read one book about Hollywood, this is the one. As the co-founder of Creative Artists Agency, Michael Ovitz earned a reputation for ruthless negotiation, brilliant strategy, and fierce loyalty to his clients. He reinvented the role of

the agent and helped shape the careers of hundreds of A-list entertainers, directors, and writers, including Steven Spielberg, Martin Scorsese, Meryl Streep, Sean Connery, Bill Murray, Robin Williams, and David Letterman. But this personal history is much more than a fascinating account of celebrity friendships and bare-knuckled dealmaking. It's also an underdog's story: How did a middle-class kid from Encino work his way into the William Morris mailroom, and eventually become the most powerful person in Hollywood? How did an agent (even a superagent) also become a power in producing, advertising, mergers & acquisitions, and modern art? And what were the personal consequences of all those deals? After decades of near-silence in the face of controversy, Ovitz is finally telling his whole story, with remarkable candor and insight.

**Two Presidents Are Better Than One** David Orentlicher, 2013-03-11 “Can Orentlicher be serious in calling for a plural executive? The answer is yes, and he presents thoughtful and challenging arguments responding to likely criticisms. Any readers who are other than completely complacent about the current state of American politics will have to admire Orentlicher’s distinctive audacity and to respond themselves to his well-argued points.” —Sanford Levinson, author of *Framed: America’s 51 Constitutions and the Crisis of Governance* “In this refreshingly provocative book, David Orentlicher explains why it is due time for us to reconsider dominant ideas about the presidency, now arguably our most powerful political institution.” —William E. Scheuerman, Indiana University When talking heads and political pundits make their “What’s Wrong with America” lists, two concerns invariably rise to the top: the growing presidential abuse of power and the toxic political atmosphere in Washington. In *Two Presidents Are Better Than One*, David Orentlicher shows how the “imperial presidency” and partisan conflict are largely the result of a deeper problem—the Constitution’s placement of a single president atop the executive branch. Accordingly, writes Orentlicher, we can fix our broken political system by replacing the one person, one-party presidency with a two-person, two-party executive branch. Orentlicher contends that our founding fathers did not anticipate the extent to which their checks and balances would fail to contain executive power and partisan discord. As the stakes in presidential elections have grown ever higher since the New Deal, battles to capture the White House have greatly exacerbated partisan differences. Had the framers been able to predict the future, Orentlicher argues, they would have been far less enamored with the idea of a single leader at the head of the executive branch and far more receptive to the alternative proposals for a plural executive that they rejected. Analyzing the histories of other countries with a plural executive branch and past examples of bipartisan cooperation within Congress, Orentlicher shows us why and how to implement a two-person, two-party presidency. Ultimately, *Two Presidents Are Better Than One* demonstrates why we need constitutional reform to rebalance power between the executive and legislative branches and contain partisan conflict in Washington. David Orentlicher is Samuel R. Rosen Professor at Indiana University Robert H. McKinney School of Law. A scholar of constitutional law and a former state representative, David also has taught at Princeton University and the University of Chicago Law School. He earned degrees in law and medicine at Harvard and specializes as well in health care law and ethics.
