The Deep Enders Dave Reardon,2021-10-12 Historical Romance Novel Based on Actual World War II Events “An action-packed adventure filled with wonderful characters, life, and color. The Deep Enders is a wild ride for readers!” —Leah James, film producer In the throes of the Pacific War, a troubled young man, Murph Turner, seeks solace in the Western Australia pearling town of Broome after his home was destroyed, but instead he finds true friendship, romance, adventure, and wartime treachery. A historical romance novel filled with adventure, danger, and more! His home destroyed in The Pacific War, a troubled young man, Murph Turner, stumbles into the exotic pearling town of Broome hoping for safe harbor. Instead, he discovers a lawless place brimming with espionage, treachery, and murder. An outsider in a bewildering land of red dust and paranoia, Murph is quickly taken under wing by Banjo—a cheeky Aboriginal scamp with a passion for pyrotechnics—and Micki, a beautiful teenager on the run from authorities. But even as the Japanese armada closes in on the northern coastline, the trio is suddenly thrust into a murderous adventure—all set against the backdrop of a true wartime tragedy. Follow Murph as he navigates a war-torn world, and comes of age through, friendship, romance, and resilience. Enter the turmoil of war-torn Australia during WWII. The Deep Enders is based on actual events linked to Pearl Harbor, so shocking that the matter was immediately covered up by Allied governments and has remained largely unknown for 75 years. If you liked Dark Fury by Evan Graver, The Coordinate by Marc Jacobs, or Seeking Safety by T.L Payne, your next read should be The Deep Enders by Dave Reardon.

Drive Daniel H. Pink,2011-04-05 The New York Times bestseller that gives readers a paradigm-shattering new way to think about motivation from the author of When: The Scientific Secrets of Perfect Timing Most people believe that the best way to motivate is with rewards like money—the carrot-and-stick approach. That's a mistake, says Daniel H. Pink (author of To Sell Is Human: The Surprising Truth About Motivating Others). In this provocative and persuasive new book, he asserts that the secret to high performance and satisfaction-at work, at school, and at home—is the deeply human need to direct our own lives, to learn and create new things, and to do better by ourselves and our world. Drawing on four decades of scientific research on human motivation, Pink exposes the mismatch between what science knows and what business does—and how that affects every aspect of life. He examines the three elements of true motivation—autonomy, mastery, and purpose—and offers smart and surprising techniques for putting these into action in a unique book that will change how we think and transform how we live.

Make Change Work for You Scott Steinberg,2015-01-06 Finding the courage to embrace change and take chances is the only way to succeed. Business, culture, and competitive landscapes have fundamentally changed, but basic principles and best practices for succeeding and future-proofing both yourself and your organization haven't. With a mix of compelling stories, research from the social sciences and psychology, and real-world insights, Make Change Work for You shows readers how to reignite their career, rekindle their creativity, and fearlessly innovate their way to success by providing the tools needed to master uncertainty and conquer every challenge they'll face in life or business. Make Change Work for You opens with an overview of the most common factors that lead to self-defeating behaviors, including fear of failure, embarrassment, underperformance, rejection, confrontation, isolation, and change itself. Using a simple four-part model, Steinberg guides readers to understand and better respond to the challenges that change can bring: Focus: Define the problem and come to understand it objectively. Engage: Interact with the challenge and try a range of solutions. Assess: Review the response(s) generated by your tactics. React: Adjust your strategy accordingly. And, finally, the book shows readers how to develop the vital personal and professional skills required to triumph in the “new normal” by understanding and engaging in the 10 new habits that highly successful people share: 1. Play the Odds 2. Embrace Tomorrow Today 3. Seek Constant Motion 4. Lead, Don't Follow 5. Never Stop Learning 6. Create Competitive Advantage 7. Connect the Dots 8. Pick Your Battles 9. Set and Align Your Priorities 10. Always Create Value

10 X 10 Sudoku Frank Longo, 2006-08 The sudoku craze keeps growing, with no end in sight--and as its popularity builds, fans keep an eagle eye out for fresh formats featuring their favorite puzzles. Here's one sure to draw them in: sudokus that add a little spice to the mix by changing the standard 9 x 9 puzzles to 10 x 10. That means solvers get 100 squares to fill in instead of just 81! And the numbers go from zero to nine, rather than one to nine. Plus, the smaller sections within each grid are no longer 3 x 3: half the puzzles feature rectangular 5 x 2 boxes and the rest come in various random shapes, with heavy lines marking out the separate areas. It may seem daunting at first--but it's fun!
