*Reclaiming Early Childhood Literacies* Richard J Meyer,Kathryn F. Whitmore,2016-09-01 At a time when literacy has become more of a political issue than a research or pedagogical one, this volume refocuses attention on work with young children that places them at the center of their literacy worlds. Drawing on robust and growing knowledge which is often marginalized because of political and legislative forces, it explores young children’s literacies as inclusive, redefined, and broadened—encompassing technologies, the arts, multiple modalities, and teaching and learning for democracy, cultural sustainability and social justice. Highlighted themes include children’s rights to grow through playful engagements with multiple literacies to interrogate their worlds; adults who expand and inspire children’s consciousness and awareness of others and the world around them; the centrality of meaning making in all aspects of language and literacy development; a deep respect for diversities, including languages, cultures, sexual orientation, socioeconomic status and more; and an expansive understanding of the nature of texts.

**The Limits of Familiarity** Lindsey Eckert,2022-06-17 What did Wordsworth wear, and where did he walk? Who was Byron’s new mistress, and how did his marriage fare? Answers—sometimes accurate, sometimes not—were tantalizingly at the ready in the Romantic era, when confessional poetry, romans à clef, personal essays, and gossip columns offered readers exceptional access to well-known authors. But at what point did familiarity become overfamiliarity? Widely recognized as a social virtue, familiarity—a feeling of emotional closeness or comforting predictability—could also be dangerous, vulgar, or boring. In *The Limits of Familiarity*, Eckert persuasively argues that such concerns shaped literary production in the Romantic period. Bringing together reception studies, celebrity studies, and literary history to reveal how anxieties about familiarity shaped both Romanticism and conceptions of authorship, this book encourages us to reflect in our own fraught historical moment on the distinction between telling all and telling all too much.
