The Run Your Butt Off! program is founded on the simple concept that in order to lose weight, calories burned must exceed calories consumed. No gimmicks, no shortcuts, no silver bullets can circumvent that reality. Run Your Butt Off! will make you fitter, stronger, and leaner.

Smart Marathon Training Jeff Horowitz,2011-10-01 Old-school marathon training plans ask runners to crank out 70 to 100 miles a week. It's no wonder those who make it to the start line are running ragged. Smart Marathon Training maps out a healthier, more economical approach to training that emphasizes quality over quantity. With more than 75 detailed exercises plus six easy-to-follow training plans for half and full marathons, Smart Marathon Training will get you to the starting line feeling refreshed and ready to run your best race yet. This innovative program eliminates junk miles, paring down training to three essential runs per week and adding a dynamic strength and cross-training program to build overall fitness. Runners will train for their best performance in less time and avoid the injuries, overtraining, and burnout that come from running too much. Smart Marathon Training builds up a runner's body to resist injury. Runners gain the strength they need to run long using functional exercises that target the hips, glutes, and quads. Running is a full-body sport, so this training program also builds a strong core and upper body to avoid injuries that begin above the waist. No one fakes a marathon or half-marathon--everyone has to do the work. But Smart Marathon Training replaces long, grinding miles with low-impact cross-training. Horowitz outlines a cycling plan to complement run workouts, boosting base fitness while saving runners' bodies for their best runs.

Running Like a Girl Alexandra Heminsley,2013-10-08 The inspiring, hilarious memoir of a "Bridget Jones-like

writer" (The Washington Post) who transforms her life by learning to run, with stories of miserable defeat, complete victory, and learning to choose the right shoes. When Alexandra Heminsley decided to take up running, she had hopes for a blissful runner's high and immediate physical transformation. After eating three slices of toast with honey and spending ninety minutes creating the perfect playlist, she hit the streets—and failed spectacularly. The stories of her first runs turn on its head the common notion that we are all "born to run"—and exposes the truth about starting to run: it can be brutal. *Running Like a Girl* tells the story of getting beyond the brutal part, how Alexandra makes running a part of her life, and reaps the rewards: not just the obvious things, like weight loss, health, and glowing skin; but self-confidence and immeasurable daily pleasure, along with a new closeness to her father—a marathon runner—and her brother, with whom she ultimately runs her first marathon. But before her first marathon, she has to figure out the logistics of running: the intimidating questions from a young and arrogant sales assistant when she goes to buy her first running shoes, where to get decent bras for the larger bust, how not to freeze or get sunstroke, and what (and when) to eat before a run. She's figured out what's important (pockets) and what isn't (appearance), and more. For any woman who has ever run, wanted to run, tried to run, or failed to run (even if just around the block), Heminsley's funny, warm, and motivational personal journey from nonathlete extraordinaire to someone who has completed five marathons is inspiring, entertaining, practical, and fun.
