The Protectors Israel Idonije,Ron Marz,2018-10 Superstars ... or superheroes? This series is the first creation by former NFL defensive lineman and lifelong comic fan Israel Idonije. The diverse Protectors include football's Isaac Chike, baseball's Miguel Montiero, basketball's Douglass Larter, soccer's Danielle Peters and hockey's Gerard Rioux, who are all stars in their respective sports. Each is blessed with a genetic spark that, when fully activated, will give them incredible abilities, as well as awesome responsibilities. They will learn that mankind is threatened by powerful adversaries called the Dissenters, who have come from their extra-dimensional home and taken positions of power through religion, politics and the media. The Dissenters plan to dominate the Earth and enslave mankind. Only the Protectors stand in their way. The initial six-issue mini-series introduces the characters, concepts and conflicts, recounting the origin of the Protectors, as well as their first major battle with the forces of the Dissenters. Each of the Protectors must choose between their lives of athletic stardom, and the great responsibilities placed before them. They must join the fight against those who would enslave us.

Interview with the Vampire Anne Rice,2010-11-17 The spellbinding classic that started it all, from the #1 New York Times bestselling author—the inspiration for the hit television series “A magnificent, compulsively readable thriller . . . Rice begins where Bram Stoker and the Hollywood versions leave off and penetrates directly to the true fascination of the myth—the education of the vampire.”—Chicago Tribune Here are the confessions of a vampire. Hypnotic, shocking, and chillingly sensual, this is a novel of mesmerizing beauty and astonishing force—a story of danger and flight, of love and loss, of suspense and resolution, and of the extraordinary power of the senses. It is a novel only Anne Rice could write.

A Dry Spell Susie Moloney,1998 Goodlands, North Dakota, has been suffering a massive drought for the past four years. Farms are in foreclosure, people's livelihoods are on the wane, and the town's beleaguered mortgage lender, Karen Grange, is beginning to think she should pack up and go back to Minneapolis. Then Tom Keatley arrives. He calls himself a rainmaker. Karen thinks he's a drifter. And the townsfolk--well, the townsfolk aren't about to trust the tall, mysterious stranger who wanders their streets, visits their dying farms, and keeps his thoughts to himself. They don't need an out-of-towner surveying their land, hands in pockets, eyes looking at the sky. What they need is rain. What happens to Goodlands when Tom Keatley arrives is as mysterious as the elements. And what he unleashes is much more profound than a storm. There is a mystery behind this terrible drought, and a message, and its unrelenting fierceness can destroy the town of Goodlands. Tom knows this. But Karen does not. Not yet. Tom and Karen's love affair, elemental and profound, is intertwined with the story of a town gripped by fear, and paralyzed by the sickness at its core. Suspenseful and gripping from the first page, A Dry Spell is a mesmerizing read.

Over the course of 2020, Crisis Zone has amassed unprecedented amounts of new fans to the Megg and Mogg universe and is presented here, unabridged and uncensored, with a slew of added pages and scenes deleted from the webcomic, as well as an extensive “Director’s Commentary” from Hanselmann himself.

I Feel... Different DJ Corchin,2020-08-25 I Feel...Different helps kids understand that sometimes we feel different than everyone else, and that's okay! Everyone is different in their own special way, but sometimes that can make us feel odd or left out. It's important to remember that our differences are what make us who we are, and that's wonderful! Sometimes I feel different. Like I'm slightly too tall. Or unusually big and I don't fit at all... This series helps kids recognize, express, and deal with the roller coaster of emotions they feel every day. It has been celebrated by therapists, psychologists, teachers, and parents as wonderful tools to help children develop self-awareness for their feelings and those of their friends. With fun, witty illustrations and simple, straightforward text, these books make it easy for kids to identify their own emotions—and have fun too.

The Routledge Companion to Radio and Podcast Studies Mia Lindgren,Jason Loviglio,2022-06-15 This comprehensive companion is a much-needed reference source for the expanding field of radio, audio, and podcast study, taking readers through a diverse range of essays examining the core questions and key debates surrounding radio practices, technologies, industries, policies, resources, histories, and relationships with audiences. Drawing together original essays from well-established and emerging scholars to conceptualize this multidisciplinary field, this book's global perspective acknowledges radio's enduring affinity with the local, historical relationship to the national, and its unpredictably transnational reach. In its capacious understanding of what constitutes radio, this collection also recognizes the latent time-and-space shifting possibilities of radio broadcasting, and of the myriad ways for audio to come to us 'live.' Chapters on terrestrial radio mingle with studies of podcasts and streaming audio, emphasizing continuities and innovations in form and content, delivery and reception, production cultures and aesthetics, reminding us that neither 'radio' nor 'podcasting' should be approached as static objects of analysis but rather as mutually constituting cultural forms. This cutting-edge and vibrant companion provides a rich resource for scholars and students of history, art theory, industry studies, journalism, media and communication, cultural studies, feminist analysis, and postcolonial studies. Chapter 42 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution-Non Commercial-No Derivatives (CC-BY-NC-ND) 4.0 license.
