Book Review: Average Joe's RV Refrigerator Troubleshooting and Repair Guide made me feel confident that I (an average Joanne) could pull out my own RV refrigerator and know what I was looking at, what to check first depending on the problem, and where to proceed from there. Without the guide, I'd never know where to start. There are a lot of photos and the troubleshooting charts are easy to read, with a column for symptoms, possible problem areas, and causes and remedies. They identify specific problems for which I need to call on a repair specialist

but I was surprised to see that many of the remedies are simple enough that I would not be afraid to tackle them myself. This guide will help anyone assess problems with their RV refrigerator and try, first, to fix it yourself, thereby saving on costly repair bills. [frugal-rv-travel](#)
