New York Cab Driver and His Fare Charles Vidich, 2017-09-29

Using information derived from research and interviews with cab drivers, Vidich has written a basic work on New York City cab drivers (hacks) that also provides passengers (fares) with a survival manual. Cab drivers are quoted by newspaper columnists, politicians, and at dinner parties; yet a hard look at the profession and its role in the transportation system of the city has been completely lacking. Vidich brings out in clear language the conflicts between the cab driver's position as a dispenser of a public service and his needs as a working person subjected to violence and pressure. It is difficult to imagine a more enjoyable introduction to an industry whose members are a folk tradition. At the same time, this book provides insight into the history and sociology of an important urban institution. It is a book about cab drivers everywhere; and cab drivers and fares in all cities have a new handbook in this volume.

Handbook of Technology Application in Tourism in Asia Azizul Hassan, 2022-07-09 It is an undisputed reality that the tourism industry in Asia is getting exposed to more innovative technologies than ever before. This proposed book provides the latest research in the application of innovative technology to the tourism industry, covering the perspectives, innovativeness, theories, issues, complexities, opportunities and challenges. This book, a blend of comprehensive and extensive effort by the contributors and editors, is designed to cover the application and practice of technology in tourism, including the relevant niches. This book focuses on the importance of technology in tourism. This also highlights, in a comprehensive manner, specific technologies that are impacting the tourism industry in Asia, as well as the constraints the industry is facing. The contents of this

book deal with distinct topics, such as mobile computing, new product designs, innovative technology usages in tourism promotion, technology-driven sustainable tourism development, location-based apps, mobility, accessibility and so on. A good number of research studies have conducted outlining the contributions and importance of technologies in tourism, in general. However, the tourism industry of Asia so far has attracted very few researchers. Some contributions have been made but not sufficient. Considering the ongoing trend of technology application in the tourism industry in Asia, very few research attempts have been made aiming to explore diverse aspects. Tourism is expanding enormously across the world, which actually creates more demands for effective technologies. This book will be a reading companion, especially for tourism students in higher academic institutions. This book will also be read by the relevant policy planners and industry professionals. Apart from them, this book will be appreciated by expatriate researchers and researchers having keen interest in the Asian tourism industry.

Rip Your Heart Out (A Ripple Effect Cozy Mystery, Book 4)
Jeanne Glidewell, 2018-04-17 Seattle, WA: Philanthropist

Murdered, Rapella Ripple Investigates in Rip Your Heart Out, a Ripple Effect Cozy Mystery by Jeanne Glidewell While celebrating their fiftieth wedding anniversary on an Alaskan cruise, Rip experiences a serious cardiac event that results in a triple-bypass. Of course, the hospital is just the beginning; the Chartreuse Caboose isn't the best place to recuperate and heal. His cardiac care nurse, Sydney Combs, has the perfect solution: her recently deceased aunt's home. The Ripples move into the ancient Victorian mansion free of charge for the next two months. Mabel Trumbo bequeathed the home to the heart center to be used as temporary housing for heart patients' families, but it's not quite up to snuff, which offers a great project to distract Rapella. When an anonymous tip leads the police to suspect Sydney of murdering her aunt, Rapella's determined to exonerate Sydney. Despite several individuals with dubious intentions, a mouthy cockatoo and a huge St. Bernard to tend to, along with a house that seems possessed by evil spirits, Rapella can't help but get wrapped up in this newest mystery. Don't miss Rapella's heart-healthy recipe, Garlic-Roasted Salmon & Brussels Sprouts along with a special dessert, featured at the end of the story.
