From Hello to Yes in 3 Minutes Or Less Paul G. Walmsley, 2018-10-11 When I pick up the telephone, I just freeze. I don't know what to say, I get all nervous and just throw up all over them. I am afraid of calling my friends; what if they get upset at me? What if they say no? What if they get mad at me for trying to sell them something? I am not a salesperson. I'm terrified of them saying no. I can't handle rejection. Any of the above ring a bell? Not to worry, you have in your hands exactly what you need to overcome call reluctance, know exactly what to say and deal with rejection when using the telephone as a network marketing professional. *From Hello To Yes In 3 Minutes Or Less* is the go-to reference book, guide and comfort blankie for anyone who needs to pick up the telephone and make calls in order to promote themselves and their business. Learn how to put together a game plan for each call, pique interest, introduce 3rd Party Tools, set up 3-Way Calls and ask for the order - all in 3 minutes or less! Have this book with you whenever you look at your telephone and are ready to make those calls. Leaf through its pages for a quick recap... and then pick up the phone and crush it!

The Last Lecture Randy Pausch, 2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled *The Last Lecture*. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what

would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.
