IFP/Los Angeles Independent Filmmaker's Manual Eden H. Wurmfeld, Nicole LaLoggia, 2012-09-10 Backed by the resources of Independent Feature Project/West, co-authors Nicole Shay LaLoggia and Eden H. Wurmfeld have written the definitive low-budget production manual. Using examples from the *Swingers* and *Kissing Jessica Stein*, this comprehensive manual offers the independent filmmaker a single volume reference covering every aspect of making a film: script rights and rewrites, financing, breakdown, scheduling and budgeting, pre-production, production, postproduction, and distribution. A resource guide listing useful references and organizations, as well as a glossary, complete this guide. The downloadable resources feature interviews with important figures in the independent film industry, including Billy Bob Thornton and Ang Lee. Forms that are illuminated in the text are also included on the downloadable resources for ease of use. The new edition is updated with thorough coverage of digital and HD-how to decide which to shoot

on, what the financial impact is, and the effect on preproduction. There is also a new chapter on distribution and expanded material on postproduction.

The Complete Make-up Artist Penny Delamar, 2003 This fully revised second edition is essential for anyone who wants to become a successful make-up artist. It offers a personal guide to the exacting and exciting world of media make-up. A dedicated website features topic summaries and questions to test your knowledge and understanding.

Makeup Artistry for Film and Television Christine Sciortino, 2020-11-29 In this comprehensive handbook author, makeup artist, and educator Christine Sciortino offers a detailed introduction to the conceptual foundations, techniques, and on-set practices of the makeup design process, going beyond technique-centered makeup education to provide an in-depth look at the workings of the film and television world. Through personal stories,

interviews, demonstrations, and insights from Sciortino and her colleagues, this book explores the business of makeup artistry, including tailoring a resume, building a kit, self-marketing, breaking down a script, researching and creating makeup looks, working as part of a production team, and different ways to get paid. It further delves into on-set procedures and theory such as anatomy, skin science, color theory, and lighting design. With high-quality step-by-step photo tutorials, this book will help readers to learn and hone techniques for beauty makeup, character makeup, and light special effects including aging and dirtying, grooming, bruises and prosthetics, tattoos, and more. An emphasis is placed on working with actors of all ages, skin tones, and gender identities. This approachable and engaging blend of practical techniques and professional practice is ideal for both introductory-level and established artists. An online resource also offers downloadable templates and sample paperwork for on-set use and practice.

The Complete Guide to Film and Digital Production Lorene M.

Wales, 2023-08-08 This fully revised fourth edition offers a comprehensive

introduction to the roles, procedures, and logistics of the film and digital video production process. Author Lorene M. Wales takes the reader from development and pre-production all the way to post-production, marketing and distribution, offering a hands-on approach suitable for projects of any budget and scale, explaining every stage and key role in the life of a film. Focusing on how key roles shape the film production process, Wales guides filmmakers through the A-Z of making a film in today's industry and draws from insights and experiences from working filmmakers throughout. The book is practically focused and includes a wealth of sample checklists, schedules, budgeting, and downloadable forms and templates for practical use. The fourth edition has been fully revised and updated to include a new chapter on how to break into the industry, expanded and updated sections on distribution (including theatrical and streaming platforms), set safety, color grading, and legal matters, as well as updated insights from a diverse range of industry professionals. This is the ideal text for undergraduate students studying entry-level film and video production, producing, and cinematography, along with aspiring and working professionals in film and digital production. The updated companion website includes video tutorials, a personnel hierarchy, a guide to mobile apps useful during production, PowerPoints for instructor use, and a complete set of sample production forms and templates for download, including schedules, budgeting, releases, and production checklists.
