Contemporary Hollywood Masculinities Susanne Kord, Elisabeth Krimmer, 2013-12-04 Kord and Krimmer investigate the most common male types - cops, killers, fathers, cowboys, superheroes, spies, soldiers, rogues, lovers, and losers - by tracing changing concepts of masculinity in popular Hollywood blockbusters from 1992 to 2008 - the Clinton and Bush eras - against a backdrop of contemporary political events, social developments, and popular American myths. Their in-depth analysis of over sixty films, from *The Matrix* and *Iron Man* to *Pirates of the Caribbean* and *The Lord of the Rings*, shows that movies, far from being mere entertainment, respond directly to today's social and political realities, from consumerism to family values to the War on Terror.

Everyone in the neighborhood dreams of a taste of Omu's delicious stew! One by one, they follow their noses toward the scrumptious scent. And one by one, Omu offers a portion of her meal. Soon the pot is empty. Has she been so generous that she has nothing left for herself? Debut author-illustrator Oge Mora brings to life a heartwarming story of sharing and community in colorful cut-paper designs as luscious as Omu's stew, with an extra serving of love. The New Wildcrafted Cuisine Pascal Baudar ,2023-07-27 Wild foods are increasingly popular, as evidenced by the number of new books about identifying plants and foraging ingredients, as well as those written by chefs about culinary creations that incorporate wild ingredients (Noma, Faviken, Quay, Manreza, et al.). The New Wildcrafted Cuisine, however, goes well beyond both of these genres to deeply explore the flavors of local terroir, combining the research and knowledge of plants and landscape that chefs often lack with the fascinating and innovative techniques of a master food preserver and self-described “culinary alchemist.” Author Pascal Baudar views his home terrain of southern California (mountain, desert, chaparral, and seashore) as a culinary playground, full of wild plants and other edible and delicious foods (even insects) that once were gathered and used by native peoples but that have only recently begun to be re-explored and appreciated. For instance, he uses various barks to make smoked vinegars, and combines ants, plants, and insect sugar to brew primitive beers. Stems of aromatic plants are used to make skewers. Selected rocks become grinding stones, griddles, or plates. Even fallen leaves and other natural materials from the forest floor can be utilized to impart a truly local flavor to meats and vegetables, one that captures and expresses the essence of season and place. This beautifully photographed book offers up dozens of creative recipes and instructions for preparing a pantry full of preserved foods, including Pickled Acorns, White Sage-Lime Cider, Wild Kimchi Spice, Currant Capers, Infused Salts with Wild Herbs, Pine Needles Vinegar, and many more. And though the author’s own palette of wild foods are mostly common to southern California, readers everywhere can apply Baudar’s deep foraging wisdom and experience to explore their own bioregions and find an astonishing array of plants and other materials that can be used in their own kitchens. The New Wildcrafted Cuisine is an extraordinary book by a passionate and committed student of nature, one that will inspire both chefs and adventurous eaters to get creative with their own local landscapes.

Vernon God Little DBC Pierre,2012-08-07 “If Huckleberry Finn were set on the Mexican-American border and written by the creators of South Park, it might read something like this.” —San Francisco Chronicle Hailed by critics and lauded by readers for its riotously funny and scathing portrayal of America in an age of trial by media, materialism, and violence, Vernon God Little was an international sensation when it was first published in 2003 and awarded the prestigious Man Booker Prize. The memorable portrait of America is seen through the eyes of a wry, young protagonist. Fifteen-year-old Vernon narrates the story with a cynical twang and a four-letter barb for each of his townsfolk, a medley of characters. With a plot involving a school shooting and death-row reality TV shows, Pierre’s effortless prose and dialogue combine to form a novel of postmodern gamesmanship. “A dangerous, smart, ridiculous, and very funny first novel . . . Pierre renders adolescence brilliantly, capturing with seeming effortless the bright, contradictory hormone rush of teenage life.” —Sam Sifton, The New York Times

Twelve Years a Slave Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US,on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.
