*The Atlas of Environmental Migration* Dina Ionesco, Daria Mokhnacheva, François Gemenne, 2016-11-25 As climate change and extreme weather events increasingly threaten traditional landscapes and livelihoods of entire communities the need to study its impact on human migration and population displacement has never been greater. The Atlas of Environmental Migration is the first illustrated publication mapping this complex phenomenon. It clarifies terminology and concepts, draws a typology of migration related to environment and climate change, describes the multiple factors at play, explains the challenges, and highlights the opportunities related to this phenomenon. Through elaborate maps, diagrams, illustrations, case studies from all over the world based on the most updated international research findings, the Atlas guides the reader from the roots of environmental migration through to governance. In addition to the primary audience of students and scholars of environment studies, climate change, geography and migration it will also be of interest to researchers and students in politics, economics and international relations departments.

**50 AOS DEL VICENTE CALDERN/ 50 YEARS OF THE VICENTE CALDERN** Miguel Ángel Guijarro, Nacho Montero, Cristina Mosquera, 2016 El Vicente Calderón cumple 50 años, pero el Atlético de Madrid tiene más de 113 años de historia en los que fue acomodándose en distintas casas que ayudaron a su evolución. 50 años del Vicente Calderón nos sitúa en los campos en los que jugó antes de llegar a la ribera del Manzanares. Conoceremos los proyectos, sueños e ilusiones de los directivos que hicieron grande al Atlético, descubriremos la intrahistoria de la salida del Metropolitano y los obstáculos que hubo para culminar la obra del nuevo estadio. Un trabajo periodístico, riguroso y documentado que contextualiza el porqué de algunas decisiones que, en su momento, no fueron entendidas por los aficionados y desgastaron a personajes importantes en la historia,

como Javier Barroso. Descubriremos a Vicente Calderón. Sabremos quién era y cómo llegó a manejar la nave rojiblanca; profundizaremos en su figura, en su personalidad, en su amor por el Atlético de Madrid. Sabremos más del estadio, de sus transformaciones, de sus instalaciones, de su evolución en el mundo del fútbol, su aportación y todos sus rincones. También hablaremos de pasión y de los momentos históricos vividos en el césped. Recordaremos a los grandes jugadores, los grandes partidos, las grandes victorias y alguna que otra decepción. En definitiva, la vida de un campo contada por los que sudaron allí la camiseta. Pero el Calderón es mucho más que fútbol. Es también un templo de la música. Nos vamos a sumergir en la intrahistoria de los grandes eventos realizados en estos 50 años. Si el Calderón está en el centro del mundo futbolístico, también es un referente musical a nivel mundial. Por él han pasado los más grandes y muchas generaciones de fans han vibrado allí con sus ídolos. El Calderón cumple 50 años. Pasa sin miedo. Todo el que entra sale enamorado.

*Antiracist Discourse in Brazil* Teun A. van Dijk, 2020-09-28 Antiracist Discourse in Brazil: From Abolition to Affirmative Action follows Teun A. van Dijk's earlier studies on racist discourse in Europe, the USA, and Latin America. This book focuses on antiracist discourse, focusing on the history of the discourse against slavery and racism and in favor of abolition and affirmative action in Brazil. After a theoretical chapter on antiracism and

antiracist discourse, the author studies Jesuit texts of the 17th and 18th century criticizing the abuses against slaves and the texts of black and white writers in the 19th century advocating abolition. The author analyzes discourses of 20th century scholars, journalists, and activists who explicitly combat prevalent international eugenicist and racist ideologies as well as post-abolition discrimination of black people all while challenging the dominant myth of Brazil as a 'racial democracy.' After the historical study of these antiracist discourses, this book offers a detailed case study of contemporary debates on affirmative action in Brazilian parliament.

**Transnational Orientalisms in Contemporary Spanish and Latin American Cinema** Michele C. Dávila

Gonçalves, 2016-02-08 In recent decades in Spain and Latin America, transnational voices, typically stereotyped, alienated or co-opted in the Western world, have been gaining increasing presence in cultural texts. The transnational representation of the "Oriental" subject, namely Arabs and Jews, Chinese and other ethnic groups that have migrated to Spain and Latin America either voluntarily or forcefully, is now being seen anew in both literature and cinema. This book explores Orientalism beyond literature, in which it has already garnered attention, to examine the new ways of seeing and interpreting both the Middle East and the East in contemporary films, in which many of the immigrants traditionally omitted from the dominant narratives are able to present the trauma, memories and violence of their exile and migration. As such, this volume explores the representation of those single and doubly marginalized groups in contemporary Spanish and Latin American cinema, analysing how films from Spain, Mexico, Chile, Brazil and Argentina portray transnational subjects from a wide spectrum of the "Orient" world, including Maghrebs from North Africa, and Palestinian, Jewish, Chinese, and Korean peoples. Once vulnerable to the dominant culture of their adopted homes, facing ostracism and marginalisation, these

groups are now entering into the popular imagination and revised history of their new countries. This volume explores the following questions as starting points for its analysis: Are these manifestations the new orientalist normative, or are there other characterizations? Are new cinematic scopes and understandings being created? The old stereotypical orientalist ways of seeing these vulnerable groups are beginning to change to a more authentic representation, although, in some cases, they may still reside in the subtext of films.

*Financial Crisis Management and Democracy* Bettina De Souza Guilherme, Christian Ghymers, Stephany Griffith-Jones, Andrea Ribeiro Hoffmann, 2020-12-09 This open access book discusses financial crisis management and policy in Europe and Latin America, with a special focus on equity and democracy. Based on a three-year research project by the Jean Monnet Network, this volume takes an interdisciplinary, comparative approach, analyzing both the role and impact of the EU and regional organizations in Latin America on crisis management as well as the consequences of crisis on the process of European integration and on Latin America's regionalism. The book begins with a theoretical introduction, exploring the effects of the paradigm change on economic policies in Europe and in Latin America and analyzing key systemic aspects of the unsustainability of the present economic system explaining the global crises and their interconnections. The following chapters are divided into sections. The second section explores aspects of regional governance and how the economic and financial crises were managed on a macro level in Europe and Latin America. The third and fourth sections use case studies to drill down to the impact of the crises at the national and regional levels, including the emergence of political polarization and rise in populism in both areas. The last section presents proposals for reform, including the transition from finance capitalism to a sustainable real capitalism in both regions and at the inter-regional level of EU-LAC relations. The volume concludes

with an epilogue on financial crises, regionalism, and domestic adjustment by Loukas Tsoukalis, President of the Hellenic Foundation for European and Foreign Policy (ELIAMEP). Written by an international network of academics, practitioners and policy advisors, this volume will be of interest to researchers and students interested in macroeconomics, comparative regionalism, democracy, and financial crisis management as well as politicians, policy advisors, and members of national and regional organizations in the EU and Latin America.

**Parenting Across Cultures** Helaine Selin, 2022-11-22 This second edition of Helaine Selin's successful Parenting Across Cultures comes at a time where interest in parenting has increased across the world as a result of the COVID pandemic, as parents and children were put into different and often challenging conditions. This new edition, like the first, contains chapters from countries in Asia, Africa, and South America as well as from indigenous cultures of several Western countries. The chapters were revised to include new research in the post-pandemic world. They show that there is a strong connection between culture and parenting: there are differences in affection and distance,

harshness and repression, and acceptance and criticism. Some parents insist on obedience; others are concerned with individual development. This clearly differs from parent to parent, but there is just as clearly a connection to culture, which these chapters explore. In addition to the chapters on individual countries, the second edition includes a section on the pandemic, as well as new research on parenting and technology, gender, religion, adoption, step parenting, divorce, single parents, racism, gay parents, disabilities, autism, eating habits, transgender, attachment, migration, bullying, and refugee resettlement.

**Long-lasting peaces** Bruno Basílio Rissi, Débora Hanna F. de Lima, Mila Pereira Campbell, Raquel Fanny Bennet Fagundes, Wladimir Santana Fernandes, 2015-08-01 Long-lasting peaces: overcoming the war-peace hiatus for a sustainable future is composed by seven chapters distributed in 3 parts destined to provoke reflections about a common theme: the existent obstacles and plausible solutions to achieve sustainable peaces. Among the matters it can be found: the participation of belligerent actors as a means to an effective peace accord, the contradiction between structural violence and formal peace in South America, the promotion of women equity in peace processes, ethnic tensions and the achievement of peace through justice, new perspectives on food security and its impacts on refugees and IDPs, environmental commitments to lessen climate change, and mechanisms for socioeconomic human development.

El camino a Rusia Umberto Jara, 2018-03-20 Existe una historia que se inicia el 2 de marzo de 2015, con la llegada del director técnico Ricardo Alberto Gareca a Perú, y culmina el 15 de noviembre de 2017 con la clasificación de la Selección peruana de fútbol al Mundial de Rusia 2018, tras una larga ausencia de treinta y seis años. Este libro cuenta por vez primera todos los detalles de la hazaña que hizo posible el retorno de Perú a un Mundial. Cómo y por qué se eligió a Gareca; por qué se puso fin al ciclo de “Los

cuatro fantásticos”; cuál es la verdad de la exclusión de Claudio Pizarro, Juan Manuel Vargas y Carlos Zambrano; cómo y dónde surgió el liderazgo de Paolo Guerrero; por qué lograron convertirse en figuras jóvenes jugadores del torneo local; cómo se logró el cambio de mentalidad que hizo posible que Perú se mantenga invicto durante todo el año 2017.

**Estadio-nacion** GUSTAVO. LOPEZ ANASCO, 2021-12-22 ¿A

qué responde el sentimiento nacional suscitado por la selección colombiana de fútbol? En el Mundial Brasil 2014 el equipo nacional clasificó por primera vez en su historia a los cuartos de final tras vencer a su similar uruguayo por 2 a 0. El segundo gol llevó al clímax a gran parte del país: la gente, una vez acabado el partido, salió a las calles como nunca lo había hecho, a abrazarse, a sentirse parte de una nación, mientras el país político (instituciones, congreso, presidencia) estaba paralizado en función de ese encuentro. Sin embargo, tras esas emociones y sentimiento de amor, aparentemente, a un país, se encontraba una

confluencia estratégica entre márketing deportivo, medios de comunicación y poder político. Desde el nacimiento del fútbol y en diálogo permanente con el poder también se han gestado los elementos del discurso nacionalista en Colombia. En este libro se analizan los mecanismos internos de esa relación que se ensambla en los andamiajes del mercadeo y la publicidad. De igual manera, aquí se recuerdan eventos que el país ha olvidado o, al menos, ha separado quirúrgicamente de la memoria, como si la ocurrencia de un factor velara la ocurrencia de otro. Ese es el efecto fundamental del fútbol en la vida social: servir de anestésico sobre las cosas que duelen y separan. Ese es el origen de su utilización explícita, jamás ocultada, por parte de la política. Bienvenidos a nuestro Estadio-Nación.
