Camming Angela Jones, 2020-02-18 Winner, Sociology of the Body and Embodiment Best Publication Award, given by the American Sociological Association Honorable Mention, 2021 Sexualities Section Book Award, given by the American Sociological Association The first inside look at how sex workers use webcams to make a living The erotic webcam industry, also known as “camming,” is a thriving global business. Angela Jones takes readers inside this multi-billion dollar industry, revealing how its workers experience intimacy, community, empowerment—and, as she compellingly argues, pleasure. Drawing on in-depth interviews, survey data, web analytics, and more, Jones highlights not only the dangers, but also the rewards, of working in one of the most taboo corners of the Internet. She provides an inside look at the public and private shows between cam models and their customers, from exotic dancing and pornographic videos, to masturbation shows and erotic chatrooms. A fascinating, much-needed glimpse into the lives of cam models, *Camming* takes us behind the webcam lens to experience the power of erotic labor in the

twenty-first century.

The Old Stones of Wales Andy Burnham,2019-01-01 There are many hundreds of fascinating prehistoric sites in Wales, in some of the most beautiful locations in Britain, from mountaintop settings, such as at Bryn Cader Faner, to headlands with all-round sea views, as at Coetan Arthur, or on truly remote moorland, as at Bannau Sir Gaer. The road links between North and South Wales are not that great, so it's probably best to choose one or the other as a destination unless you are up for a lot of motoring. In North Wales, Anglesey has a particularly dense concentration of megalithic sites, with many in Gwynedd and Conwy to visit on the way. South Wales stretches from Monmouthshire to Pembrokeshire, where there is the biggest and best variety of sites, including the iconic Pentre Ifan with its capstone apparently delicately floating over its three massive uprights. The Old Stones of Wales is part of a series covering the megalithic and other prehistoric sites of Britain and Ireland. The series is published together as *The Old Stones: A Field Guide to the Megalithic Sites of Britain and Ireland*, available as a book and an ebook.

Flesh of My Flesh Kaja Silverman,2009-10-28 What is a woman? What is a man? How do they—and how should they—relate to each other? Does our yearning for wholeness refer to something real, and if there is a Whole, what is it, and why do we feel so estranged from it? For centuries now, art and literature have increasingly valorized uniqueness and self-sufficiency. The theoreticians who loom so large within contemporary thought also privilege difference over similarity. Silverman reminds us that this is but half the story, and a dangerous half at that, for if we are all individuals, we are doomed to be rivals and enemies. A much older story, one that prevailed through the early modern era, held that likeness or resemblance was what

organized the universe, and that everything emerges out of the same flesh. Silverman shows that analogy, so discredited by much of twentieth-century thought, offers a much more promising view of human relations. In the West, the emblematic story of turning away is that of Orpheus and Eurydice, and the heroes of Silverman's sweeping new reading of nineteenth- and twentieth-century culture, the modern heirs to the old, analogical view of the world, also gravitate to this myth. They embrace the correspondences that bind Orpheus to Eurydice and acknowledge their kinship with others past and present. The first half of this book assembles a cast of characters not usually brought together: Friedrich Nietzsche, Sigmund Freud, Marcel Proust, Lou-Andréas Salomé, Romain Rolland, Rainer Maria Rilke, Wilhelm Jensen, and Paula Modersohn-Becker. The second half is devoted to three contemporary artists, whose works we see in a moving new light: Terrence Malick, James Coleman, and Gerhard Richter.

The Old Stones Andy Burnham, 2018-09-18 Winner of Current Archaeology's Book of the Year Discover the iconic standing stones and prehistoric sites of England, Wales, Scotland, and Ireland—this comprehensive, coffee table travel guide features over 750 must-see destinations, with maps and color photographs The ultimate insiders' guide, *The Old Stones* gives unparalleled insight into where to find prehistoric sites and how to understand them, by drawing on the knowledge, expertise and passion of the archaeologists, theorists, photographers and stones aficionados who contribute to the world's biggest megalithic website—the Megalithic Portal. Including over 30 maps and site plans and hundreds of color photographs, it also contains scores of articles by a wide range of contributors—from archaeologists and archaeoastronomers to dowsers and geomancers—that will change

the way you see these amazing survivals from our distant past. Locate over 1,000 of Britain and Ireland's most atmospheric prehistoric places, from recently discovered moorland circles to standing stones hidden in housing estates. Discover which sites could align with celestial bodies or horizon landmarks. Explore acoustic, color, and shadow theory to get inside the minds of the Neolithic and Bronze Age people who created these extraordinary places. Find out which sites have the most spectacular views, which are the best for getting away from it all and which have been immortalized in music. And don't forget to visit the Megalithic Portal website and get involved by posting your discoveries online. Camgirls Theresa M. Senft, 2008 This book is a critical and ethnographic study of camgirls: women who broadcast themselves over the web for the general public while trying to cultivate a measure of celebrity in the process. The book's over-arching question

is, «What does it mean for feminists to speak about the personal as political in a networked society that encourages women to 'represent' through confession, celebrity, and sexual display, but punishes too much visibility with conservative censure and backlash?» The narrative follows that of the camgirl phenomenon, beginning with the earliest experiments in personal homecamming and ending with the newest forms of identity and community being articulated through social networking sites like Live Journal, YouTube, MySpace, and Facebook. It is grounded in interviews, performance analysis of events transpiring between camgirls and their viewers, and the author's own experiences as an ersatz camgirl while conducting the research.

Camgirl Manual Jasmine Jade,2015-01-05 Jasmine Jade has been in the adult industry and camming since 1999. She has been featured on DVDs, appeared on many websites, magazines and also TV. There are not many performers who have been successfully camming longer than Jasmine. She performs on multiple sites, including Cam4 as their longest running Super Show (for over 5 years, continuously drawing top-ranked audiences). She is still active in the adult industry performing on DVD's, hosting workshops, appearing at conventions and more. She is also the Headmistress running Toronto's busiest dungeon and is known well in many communities. All of the content in Camgirl Manual was written by Jasmine to help give camgirls a better and quicker start. Camming is more competitive than ever and there is more information out there than ever. This can be overwhelming for someone looking to get started. The information in this book was assembled so that camgirls can have easy access to the

right information early in their pursuit of knowledge. I wrote this book to help new girls that don't have time to search through mountains of information just so they can begin. This book was not meant to replace other research but is meant as a headstart for camgirls so they can get up to speed faster with the information in one place. After reading Camgirl Manual you will be ready faster and do better right from the start.

Eva - A Novel by Carry van Bruggen Carry van Bruggen, 2019-11-01 *Eva*, a 1927 novel by Dutch writer Carry van Bruggen, is an experiment in depicting a woman's life from girlhood to marriage, and beyond, to sexual freedom and independence. At the same time, the narrative expresses Eva's dawning sense of self and expanding subjectivity through a stream of consciousness told by a shifting narrator. Burdened all of her life by feelings of shame, at the end of the novel Eva overcomes this legacy of her upbringing and declares that it is 'bodily desire that makes love acceptable'. Carry van Bruggen's rich and varied language conveys Eva's experience of the world. Powerful memories of an orthodox Jewish childhood pervade the novel with its fluid sense of time. As Eva puts it, 'I let these years slip through my fingers like a stream of dry, glinting sand.' Jane Fenoulhet makes this important modernist novel accessible to English readers for the first time. While it can be described as a becoming-woman of both Eva and her creator, so can the translation be seen as the translator's own becoming, as Fenoulhet explains in the accompanying commentary, where she also describes the challenges of translating van Bruggen's dynamic, intense narrative. For Fenoulhet, translation is more a matter of personal engagement with the novel than a matter of word choice and style. In this way, the emotional and intellectual life of the main character is re-enacted

through translation.

Super Pumped: The Battle for Uber Mike Isaac, 2019-09-03 Now a SHOWTIME® original series starring Emmy winners Joseph Gordon-Levitt and Kyle Chandler and Academy Award nominee Uma Thurman. Now streaming – Only on SHOWTIME. Named one of the best books of the year by NPR, Fortune, Bloomberg, Sunday Times A New York Times Book Review Editor's Choice "If you want to understand modern-day Silicon Valley, you need to read this book." —John Carreyrou, New York Times best-selling author of *Bad Blood* Hailed as the definitive book on Uber and Silicon Valley, *Super Pumped* is an epic story of ambition and deception, obscene wealth, and bad behavior that explores how blistering technological and financial innovation culminated in one of the most catastrophic twelve-month periods in American corporate history. Backed by billions in venture capital dollars and led by a brash and ambitious founder, Uber promised to revolutionize the way we move people and goods through the world. What followed would become a corporate cautionary tale about the perils of startup culture and a vivid example of how blind worship of startup founders can go wildly wrong.

Affective Health and Masculinities in South Africa Hans Reihling, 2020-04-03 Affective Health and Masculinities in South Africa explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African 'tradition' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.
