Fury's Gate One H. T. Martin,2011-08-29 Christian has a tough decision to make; does he go for the mysterious girl that teases and eludes him, or for the bubbly blonde who's near perfect in his eyes? Looking past their unique personalities and their incredible sex appeal that is so difficult for him to resist, his decision bears heavy burden because the girls in question are really a Valkyrie and a Harpy. The two races have been warring with each other for many millennia and Christian's final choice will decide one of their fates for good. As if a love triangle with devastating consequences wasn't enough, Christian also has to make a good impression his freshman year of college if he wants to have any chance of playing football next fall. While behaving like a good boy and dealing with two fantastical girls, he also has to come to terms with who his father is and, more importantly, what his father is. Mayhem, an immortal that previously held the title as The God of War, offers to help Christian on his journey to answer all of his questions. Mayhem's help proves to be detrimental rather than beneficial and forces Christian to take matters into his own hands. It's time for him to grow up and make up his mind; time is short.

I'll Never Forget My First Car Bill Sherk,2005-05-01 In this hilarious collection of stories, Old Autos columnist Bill Sherk describes in vivid detail the trials and tribulations of those brave souls who, throwing caution to the wind and money down the drain, made the fateful decision that would forever change the course of their lives. They went out and bought their very first cars. And whether it came from the showroom or the scrapyard, your first car was your ticket of admission into the adult world. Gas, oil, repairs, tow trucks, speeding tickets, insurance, and fender benders would take a vacuum cleaner to your bank account, but you didn't care. You were behind the wheel and on the road.

Spokane Hot Rodding John Gunsaulis,2015-04-13 Spokane, located just 20 miles from the Idaho border, is the largest city in Eastern Washington, and during the 1940s, it became a center point of an evolving postwar hot rod community. Auto sports were expanding at this time from stock car and midget racing to street cars and drag racing. Local car enthusiasts joined together with an influx of military personnel and college students who were just as passionate for hot rodding, and it was during this time that the Spokane hot rodding culture started flourishing. Together, they pushed the boundaries of hot rodding and created lifelong bonds in the process. This book explores that evolution of inland northwest hot rodding from the mid-1940s to the mid-1960s, starting with the jalopy-styled hot rods that began popping up on local streets to the formation of new clubs and organized racing.
