**Slot Car Racing in the Digital Age** Robert Schleicher, Robert Schleicher wrote the book on slot car racing—literally. In the three short years since Schleicher’s Slot Car Racing: Tips, Tricks & Track Plans was published, the hobby has been virtually transformed by new products and technologies. This new volume, a perfect complement to its predecessor, brings readers and racers up to date, offering a concise, comprehensive overview of slot car racing’s developments, along with expert, practical guidance for putting this information to good use. A primer on the latest digital and analog developments for both 1/32 and HO scales, Schleicher’s book delivers the lowdown on building cars from individual components on ready-to-race chassis, as well as popular tune-up tips to get even more speed and better handling out of today’s cars. Schleicher also provides track tests of 70 cars and a slot-car shootout featuring 23 more vehicles. Finally, Schleicher includes nearly 50 track plans: 14 tabletop-size plans for Scalextric, Classic, Carrera, Sport, SCX, and Ninco brand track; 14 plans modeled on real circuits like Watkins Glen, Monaco, Spa-Francorchamps, Sears Point, and the Bahrain and Shanghai F1 courses; and 17 4x8-foot HO scale plans. Illustrated throughout with color photography and track plan line art, this is the book that no serious slot car racer can afford to be without.

The World’s Number One, Flat-Out, All-Time Great, Stock Car Racing Book Jerry Bledsoe,2019-02-01 On Labor Day weekend of 1972, journalist Jerry Bledsoe hooked up with the stock car racing circuit to begin research for his first book. The result of his efforts, first published in 1975, has been called the classic work on stock car racing. Bledsoe captures the beginnings of the modern NASCAR era, a time when legends like Richard Petty, David Pearson, Bobby Allison, and the Wood brothers ruled. It was also a time when independent drivers like Wendell Scott (NASCAR’s first African American driver) and Larry Smith could build a car in their garages during the week and race on Sunday alongside King Richard. With levels of access impossible to achieve today, Bledsoe is not only in the pits and garages with the drivers, but also is alongside their family driving to the next race in a van piled high with ice chests filled with sandwiches and fried chicken. He digs into the sport’s rough and rowdy history and shines a light into its nooks and crannies, uncovering the forgotten role that women drivers played in creating this most macho of motorsports. And then there are the fans. There’s Red Robinson, the self-proclaimed “World’s Number One Stock Car Racing Fan, who collects racing beauty queens the way some people collects stamps. And the fans camped out in the infield at Darlington, the biggest, wildest, whoopingest, holleringest, drinkingest, gamblingest, carousingest, knock-down, fall-out blowout held in the South. More than a book about racing, this is a close-up look at a cultural phenomenon that illuminates America and the South. In 1965, Tom Wolfe called racer Junior Johnson “the last American hero.” “The World’s Number One, All-Time Great, Stock Car Racing Book” shows that a decade later there were still plenty of heroes circling the track with no signs of them disappearing anytime soon.

**Full Throttle** Matthew Reilly,2006-10-24 Hyper-fast speeds come with hard choices, lost friendships, and what every racer dreams of--sponsorship by a professional team. Is Jason Chaser ready for the big time? Illustration.

**Carroll Shelby** Art Evans,2016-09-15 Art Evans was a sports car racer in the 1950s on the West Coast who raced against, and became close friends with, Carroll Shelby. Their intense competition on the track became a lifelong friendship off the track. He and Shelby collaborated on many business projects over the years, including books, marketing projects, projects for the Shelby Foundation, and so on. In his later years, Shelby loved the books about his cars and similar topics, but his eyesight was failing to the point where he had difficulty reading, and really preferred the books that were heavy with photos. It was from that realization that Shelby and Evans decided to work on one last book together. They both combed through the Shelby archives and selected Shelby's favorite images from his racing career. That is almost the entirety of this book. It is packed with photos selected by Shelby himself, and the captions are quotes from Shelby's commentary on the action in the photo, as well as his memories. Unfortunately, Carroll Shelby passed away before the book was fully completed, but Evans, following Shelby's instructions, carried this final project through to completion. Filled with images that have never been seen in print, as well as images not published since the 1950s and 1960s, this final work from Shelby is a personally curated collection by the legend himself. If you are a sports car racing fan, Ford fan, Shelby fan, or any combination of the three, this book is a perfect addition to your automotive library.
