**New Era Card Tricks** August Roterberg, 1897

Bay of Fires Poppy Gee, 2013-03-12 Sarah Avery's reckless behavior has cost her a job, her boyfriend, and the independence she desperately craves.

Reluctantly home for the holidays in the Bay of Fires, a tiny seaside town on the Tasmanian coast, she hopes for a calm, quiet visit, with time to reflect on all that's gone wrong. Those hopes are crushed when, early one morning, she discovers the body of a young female backpacker washed up on the shore. A year earlier, another woman went missing and hasn't been seen since. Now everyone wonders: is there a killer in the brush? Or were these women victims of Tasmania itself? The island is place of savage beauty: pristine sand beneath orange-lichen covered granite boulders; heaving shadowy kelp fields; sweeping cold currents; crackling bush beyond the seashore. It's also a landscape as flawed, vulnerable and vengeful as any human. Once its fragile peace is shattered, the locals' anxiety fuels a string of speculations about happened to the women - and who might be the next victim. When journalist Hall Flynn arrives to investigate, haunted by recent failures and yearning for a fresh start, he's determined to do whatever it takes to break the story, and Sarah is his best source of local information. But Sarah - like everyone else in this close-knit town - has secrets she's desperate to keep hidden. And one of those secrets leads straight to a killer's door. Haunting, evocative, as wildly atmospheric as the remote island where it takes place, BAY OF FIRES is a startling and wholly original debut.

**The Card** Peter A. LaPorta,2019-04-29 Congratulations! You have been selected by the Foundation to take part in a social experiment for the duration of 365 days. Do not waste time. Use your card to purchase anything you like, and you will never be responsible for paying anything back monetarily. Failure to comply with any and all of the rules of the program may result in serious consequences, deathly consequences . . . The Card Program is the brainchild of an eccentric billionaire and operated by the Foundation, a covert division of the US government. One man pulls the strings of the cardholders he treats like puppets—Colonel Putnam. Day by day, each

cardholder wields their unlimited buying power for one extravagance after another. As they cross the line and break the strict rules of the program, Putnam hunts them down and makes them play by his rules or else . . . When the Colonel and his henchman cross too far over the line and the body count starts to rise, who will bring him to justice? Can the cardholders find each other in time to ban together and bring him down, or will Putnam crush them in the process? Will the government reel in one of their own, or will everything explode around them? From the mines of West Virginia to the shores of Mexico, you will be transported on an exciting journey around the states and into foreign lands. Come along on this thrilling adventure of suspense and intrigue as page after page brings you closer to the climactic conclusion of *The Card*.
