Burke E. Strunsky

Crown Deception Howard Lufburrow,2011-12 CROWN DECEPTION is set between the small Texas town of Triumph and a company headquartered in The Netherlands. Strange things are happening in Triumph, Texas. Jake Patterson, DDS and Kate Williams find themselves in the middle of this mystery when they both travel on the same flight to the Netherlands for meetings. Murder, mystery, and corporate espionage weave their way throughout the story, changing their lives forever.

Murder Takes Time Giacomo Giammatteo,2012-04-12 A string of brutal murders has bodies piling up in Brooklyn, and Detective Frankie Donovan knows what is going on. Clues left at the crime scenes point to someone from the old neighborhood, and that isn't good. Frankie has taken two oaths in his life--the one he took to uphold the law when he became a cop, and the one he took with his two best friends when they were eight years old and inseparable. Those relationships have forced Frankie to make many tough decisions, but now he faces the toughest one of his life; he has five murders to solve and one of those two friends is responsible. If Frankie lets him go, he breaks the oath he took as a cop and risks losing his job. But if he tries to bring him in, he breaks the oath he kept for twenty-five years--and risks losing his life. In the neighborhood where Frankie Donovan grew up, you never broke an oath.

The Humanity of Justice Burke E. Strunsky,2012 Against the backdrop of his most haunting, high-profile murder and child abuse cases, a veteran prosecutor goes beyond an insider's reflection to shine a light on the humanlike qualities personified in the U.S. criminal justice system and what this means for our future. *The Humanity of Justice* is a procedural true-crime book told through the eyes and heart of a veteran criminal prosecutor who cares about the people he meets and their life-altering circumstances. Burke E. Strunsky, a senior deputy district attorney in southern California, takes the reader inside the courtroom for some of the most haunting criminal cases in the state as well as the nation, including: a highly respected church leader who brutally murders his wife for the insurance money while their baby sleeps peacefully in another room; a twisted father who sexually molests his daughter's own friends at her slumber parties; a former police chief who drowns his wife of thirty years in their backyard spa; and a young man who sadistically tortures and kills a helpless three-year-old boy, yet manages to dodge the death penalty. Strunsky's own impassioned social and moral commentary is woven throughout this thought-provoking book on issues significant to the world of criminal justice. Even in the midst of the darkest stories, the voices and courage of the victims and those who love them will leave the reader touched and inspired. 100% of the proceeds from this book will be donated to The Humanity of Justice Foundation, a non-profit organization, to help prevent child abuse and neglect.

Transformations of the Liminal Self Alaa Alghamdi,2011 The concept of home has been changing for more than a century. This change began with colonialism and the movement of people across the globe, often within a set power dynamic. Since people now move with greater frequency, the question of where home is and what home means is more relevant than ever before. Meticulously researched, *Transformations of the Liminal Self* addresses the formation of home and identity and the ways in which the latter depends on the former. Using the postcolonial Muslim characters in the literary works of British authors Salman Rushdie, Hanif Kureishi, Zadie Smith, Monica Ali, and Fadia Faqir, author Alaa Alghamdi shows how home and identity are profoundly impacted by the power dynamics of the colonial relationship, the individual immigrant's experience, and the subject's multicultural setting. Drawing upon the theoretical work of Homi Bhabha, Rosemary Marangoly George, Gayatri Chakravorty Spivak, and Edward Said, the conception of home and the formation of hybrid identities is examined and connected to larger cultural manifestations of Muslim

Western relationships. More specifically, Alghamdi explores how these characters define their home. Bold and challenging, Alghamdi's work offers a rigorous and well-articulated contribution to the ongoing academic conversation about identity and postcolonial literature.
