India and the IT Revolution A. Greenspan, 2004-10-08 The 'Indian Techie' has become a global icon, taking its place alongside McDonalds and MTV as one of the key symbols of contemporary globalization. India and the IT Revolution explores the contemporary emergence of cosmopolitan, high-tech India as marking the arrival of a truly global cyberculture. It argues against the notion that globalization is a process of 'Westernization', which radiates out unilaterally from the core, imposing itself upon a passive, backward periphery. Instead, it conceives of global culture as a dynamic, innovative network, which proceeds primarily from its edges.

*LA ULTRA* Dr Rajat Chauhan, Dr Darren James Player, Harsheath Chauhan, 2022-01-31 Society, in one way or another, has repeatedly told you that you can't run and then you've spent a lifetime fulfilling that prophecy. It's time to change that. It starts with that first unsure step...literally. No, it's not about a rat race. It's about you, becoming better than what you were yesterday, one day at a time. They've lied to you when they told you that they'll teach you how to run. You ran perfectly well when you were a young child, not corrupted by teachers and gurus. Afterall, no cheetah or gazelle has ever been to any running school. All that sitting has made you forget how to move. It's time to remind you of what aeons ago came naturally to you. Running isn't about numbers, it is about rediscovering your true self. Rediscover the joy and love of running before society happened to you. For that you have to get off your royal backside and get moving.

**Kissed By A Deer** Margi Gibb, 2015-10-01 Prepare to be swept away by a story that is intimate, true, and utterly compelling. Margi Gibb's much-loved father dies and, with her immediate family largely gone, her life is changed irrevocably. Immersing herself more deeply in art and music, she travels to America to study the sacred art of the mandala, exploring the wisdom traditions of Indigenous Indian peoples in the process. Then after a serendipitous encounter back in Australia she travels to Dharamsala to care for children in an after school program at a Tibetan women's handicraft cooperative. Her underlying passion is to initiate guitar lessons for Tibetan refugees. What follows is unexpected. Margi's developing bonds with two very different Tibetan men, Tenzin and Yonten, change her life in complex and enduring ways. Eventually she journeys to Tibet. Kissed by a Deer is a book about East and West. It is a passionate quest for the personal and intellectual truth that only comes through lived experience. Gibb's story gives us amazing places, and wonderful characters, people we come to love and care about despite their failings. In its pages, wisdom searchingly finds its humble roots in the connections of heart, imagination and mind; in the midst of the act of living.

**The Brave** Rachna Bisht, 2014-08-15 21 riveting stories from the battlefield about how India's highest military honour was won The Brave takes you to the hearts and minds of India's bravest soldiers, all of whom won the Param Vir Chakra, India's greatest military honour. With access to the Army, families and comrades-in-arms of the soldiers, Rachna Bisht Rawat paints the most vivid portrait of these men and their extraordinary deeds. How hard is it to fight at 20,000 feet in sub-zero temperatures? Why did Captain Vikram Batra say 'Yeh dil maange more'? How do wives and girlfriends of soldiers who don't return cope? What happens when the enemy is someone that you have trained? How did the Charlie Company push back the marauding Chinese? How did a villager from Uttar Pradesh become a specialist in destroying tanks? Both gripping and inspiring, The Brave is the ultimate book on the Param Vir Chakra.

Frontline Pakistan Zahid Hussain, 2008 Veteran Pakistani journalist and commentator Zahid Hussain explores Pakistan's complex political power web and the consequences of Musharraf's decision to support America's drive against jihadism, which essentially took Pakistan to war with itself. Conducting exclusive interviews with key players and grassroots radicals, Hussain pinpoints the origin of the jihadi movement in Pakistan and Afghanistan, the long-standing and often denied links between militants and Pakistani authorities, the weaknesses of successive elected governments, and the challenges to Musharraf's authority posed by politico-religious, sectarian, and civil society elements within the country. The jihadi madrassas of Pakistan are incubators of the most feared terrorists in the world. Although the country's war on terror has so far been a stage show, a very real battle is looming, the outcome of which will have grave implications for the future security of the world.

**The Untold Vajpayee** Ullekh N P, 2018-01-01 Despite his grand 'secular' statements in Parliament that bordered on the Nehruvian, Atal Bihari Vajpayee has often taken brief excursions into the hardline camp. In 1983, he made an incendiary speech during the Assam elections in which the presence of 'Bangladeshi foreigners' in the state was a big issue. Even the BJP had disowned Vajpayee's speech, which possibly inspired the massacre of over 2000 people, mostly Muslims, in Nellie in Assam. Vajpayee, one of the shrewdest politicians of India, is known for negotiating multiple contradictions: from militant nationalism to his secret family life; his stint as a communist; his indulgence in food; influence of Gandhi and Nehru; Narendra Modi and Gujarat issues; foreign policies; and his attempt to project himself as a moderate face, if not liberal, among others. Exploring crucial milestones of Vajpayee's career and his traits as a seasoned politician, the book looks at his relationship with leaders of his party and the love-hate association with RSS and its feeder organizations. Thoroughly researched, supported by hard facts and accompanied by inside stories and anecdotes, insightful interviews and archival photographs, The Untold Vajpayee would open a window to the life and times of a poet politician.

**Water in Himalayan Towns: Lessons for Adaptive Water Governance** Anjal Prakash, David Molden, 2020-07-15 Increasing urbanization and changing climate are two critical stressors that are adversely affecting the biophysical environment of urban areas in the Hindu Kush Himalaya. The book discusses various choices and options - from demand management to supply enhancement, understanding ecological footprints of towns to managing water at a bioregional scale. In doing so, it is vital to address issues of equity and empower local institutions in managing water. The focus for the future must be on building urban resilience by strengthening the adaptive capacities of affected communities while also understanding the limits to adaptation. In Focus - a book series that showcases the latest accomplishments in water research. Each book focuses on a specialist area with papers from top experts in the field. It aims to be a vehicle for in-depth understanding and inspire further conversations in the sector.
