DJ culture Ulf Poschardt, 2002 Si le DJ ne fut pendant longtemps qu'un simple pourvoyeur de sons, son histoire est parallèle à celle de la musique pop dont il contribua largement à la naissance. Cantonné jusque dans les années 50 à n'être avant tout qu'un animateur [radio] de la culture de masse musicale naissante, le rôle du DJ, ainsi que les techniques lui permettant de tracer son sillon [retransmissions radios, vinyles, platines, table de mixage], évoluèrent au point d'en être devenu de nos jours la musique pop elle-même. Ulf Poschardt, dans cet ouvrage documentaire, développe la longue histoire du passeur de disques et de ses musiques, depuis le premier spécimen du genre [Reginald R. Fedessen retransmettant le Largo de Händel en 1906] jusqu'aux plus récents genres musicaux nés de la culture DJ [trip-hop, drum'n'bass]. On y croise ainsi Alan Freed, l'inventeur du rock'n roll. Kool DJ Herc, qui donna naissance au hip-hop. Francis Groso. DJ de disco qui donna son véritable sens au terme mix, Frankie Knuckles et Tony Humphries, artisans de la house, jusque DJ Shadow. Massive Attack, Aphex Twin et Daft Punk. S'appuyant sur les travaux de Greil Marcus, Nik Cohn. David Toop, Simon Reynolds ou Nelson George, Ulf Poschardt retrace dans ses moindres détails [historiques, sociologiques, techniques et musicaux] la courte [mais dense] histoire sonore de cette musique pop dont la vie ne fut rien d'autre que celle d'une culture DJ avec laquelle elle se confond désormais.

The Second Summer of Love Alon Shulman, 2019-05-02 'The definitive look at dance music and club culture - a must read' - Paul Oakenfold 'Brilliantly woven collection of aural histories ... a damn fine read' - DJ MAG In 1987, four friends from London, Paul Oakenfold, Danny Rampling, Nicky Holloway and Johnny Walker, took a week-long holiday to Ibiza. What they saw there, and brought back home, would give rise to a new global music and counterculture movement. As the eighties drew to their close, with Thatcherism holding the nation tight in its grip, something funny was happening right across the jungle of Britain's nightlife scene. People were dressing down, not up, to go to clubs. And they were dancing right through the night armed seemingly with only bottles of water. Ecstasy and acid house music had arrived on British shores, and a tribal battle between for the moral future of the nation, between the youth and the establishment, had begun. In *The Second Summer of Love*, author and dance music promoter Alon Shulman uses exclusive contributions from the world's biggest DJs, including Paul Oakenfold, Carl Cox, Fatboy Slim, Moby, Faithless, Mr C, Farley & Heller, Danny Rampling and many others to faithfully recreate the story of the summers of 1988 and 1989, and chart the birth and rise of Acid House, dance music and club culture right through to the modern day where dance music has become a culturally dominant global industry. Complete with stunning unseen photographs, this is the first authentic account of what really happened in that glorious period - from the politics and the people to the music, the drugs, the fashion and the culture - told by people who were there, as they bring to life the creation of an underground scene which inadvertently altered the course of modern global youth culture forever. 'It's as if house music and rave culture tapped into this ancient predilection of humans to stay up all night dancing and staring into the fire, and just supercharged it with electricity and MDMA' - Moby 'What I was experiencing was right in front of my eyes, it was happening right now and I loved it' - Carl Cox 'It opened my eyes and ears to a different spirit in music' - Fatboy Slim

Oh yes, oh yes! Carl Cox,2021-08-19 From warm up DJ at the birth of Acid House to global main stage headline artist today, Carl Cox continues to inspire and influence audiences and artists. Carl has been everything from a recording artist and producer to label owner, radio DJ and broadcaster. He is still all these things and much more with his star shining brighter than ever. Oh yes, oh yes! tells the story, in his own words, of the man known as 'The Three Deck Wizard' on the rave scene before evolving into 'The People's Choice' and the King of Ibiza; a DJ and artist who remains at the very top of his game and continues to innovate and thrill music-lovers on the world's biggest stages. Starting off as a shelf-stacker, grass cutter and scaffolder in the south London suburbs, Carl's phenomenal talents as a DJ grew out of a love of music nurtured in his parents' front room. In Oh yes, oh yes! he takes us to the heart of the party, from the UK rave scene to Burning Man and from Ibiza to Melbourne, and a career that in many ways is the story of club culture and an inspiration to all those who choose to follow their dreams turning him into a living legend along the way. Oh yes, oh yes! is a remarkably candid and intimate portrait of an artist who has never lost touch with the people who share the dancefloor with him. 'Carl is one of the few true pioneers of UK club culture internationally. He has opened the door to so many DJs and inspired so many, including me.' Gilles Peterson 'Carl Cox wrote the script of what it means to be a DJ.' David Guetta 'People use the term legend far too easily for my liking but Carl is legend personified.' Grooverider 'Carl has always been my favourite. He is the complete DJ, also the DJs

DJ. Records come to life when he plays them, rooms come to life when he rocks them. His enthusiasm is infectious, his commitment complete.' Norman Cook aka Fatboy Slim
