John Claiborne Isbell

**The Northwestern Reporter** ,1909

**Fanny von Arnstein: Daughter of the Enlightenment** Hilde Spiel,2013-09-15 Berlin-born Fanny von Arnstein married a financier to the Austro-Hungarian imperial court, and in 1798 her husband became the first unconverted Jew in Austria to be granted the title of baron. Soon Fanny hosted an ever more splendid salon which attracted the leading figures of her day, including Madame de Staël and Arthur Schopenhauer. Hilde Spiel's biography provides a vivid portrait of a brave and passionate woman, illuminating a central era in European cultural and social history. Von Arnstein represents one of the most fascinating and paradoxical eras in modern Jewish history ... For an American Jewish reader, Fanny von Arnstein is fascinating above all as a cautionary tale — and a reminder of our luck at having avoided the excruciating choices that Fanny, and so many Jews like her, had to face. - Adam Kirsch, Tablet Magazine “This book is indispensable for those interested in the history of culture, the role of women, and the transition of the Jewish community out of the ghetto toward the center of European life.” - Leon Botstein, President of Bard College, author of *Judentum und Modernität* and co-editor of *Vienna: Jews and the City of Music* “In capturing the fascination of Fanny von Arnstein and her times, Hilde Spiel provides both a finely drawn portrait of a defining figure of her era, but also of the times themselves.” - John Kornblum, former U.S. Ambassador to Germany

**Music in the Present Tense** Emanuele Senici,2019-11-13 In the early 1800s, Rossini's operas permeated Italy, from the opera house to myriad arrangements heard in public and private. But after Rossini stopped composing, a sharp decline in popularity drove most of his works out of the repertory. In the past half century, they have made a spectacular return to operatic stages worldwide, but this recent fame has not been accompanied by a comparable critical reevaluation. Emanuele Senici's new book provides a fresh look at the motives behind the Rossinian *fuore* and its aftermath by examining the composer's works in the historical context in which they were conceived, performed, seen, heard, and discussed. Situating the operas firmly within the social practices, cultural formations, ideological currents, and political events of early nineteenth-century Italy, Senici reveals Rossini's dramaturgy as a radically new and specifically Italian reaction to the epoch-making changes witnessed in Europe at the time. The first book-length study of Rossini's Italian operas to appear in English, *Music in the Present Tense* exposes new ways to explore nineteenth-century music and addresses crucial issues in the history of modernity, such as trauma, repetition, and the healing power of theatricality.

**Ancient Numerology** Charles William Johnson,1999-10-01

*Official Gazette of the United States Patent and Trademark Office* ,2000

*The Medical Directory* ,1872

**The Time is Out of Joint** Agnes Heller,2002 *The Time Is Out of Joint* presents an examination of Shakespeare's distinctly modern confrontation with time and temporality, the difference between the truth of the fact, that of theory, and that of interpretation and revelatory truth, and finds that Shakespeare anticipated post-metaphysical philosophy and its central concerns at a time when modern metaphysics had not yet reached it speak. **An Outline of Romanticism in the West** John Claiborne Isbell, 2022-09-05 Navigating the landscape of Romantic literature and art across Europe and the Americas, *An Outline of Romanticism in the West* invites readers to embark upon a literary journey. Showcasing a breadth of theoretical and contextual approaches to the study of Romanticism, John Isbell provides an insightful contemporary overview of the field, paired with wide-ranging comparative reflections on the art and literature that helped shape it. Discussing seminal Romantic texts such as Mary Shelley's *Frankenstein*, or Germaine de Staël's *Corinne ou l'Italie*, Isbell provides a foundation through which to investigate core concepts, such as the continuum of Romance, the Romantic hero, and Romantic literature's characteristic repudiation of its own Romanticism. Unusually for a single-author monograph, the book includes both published and unpublished material covering Romantic creation across Europe and the two Americas. Identifying Romanticism as an international movement, Isbell seeks to emphasise a theme frequently ignored by many academics: the roots of Romanticism, and its variations, as a national art. His arguments are supported by extensive interrogations of the political and historical contexts that moulded the outlooks of the writers and artists central to the period. *An Outline of Romanticism in the West* underlines the interplay between nationalism, history, and artistic inspiration, and will therefore be of value to students and scholars of literature and history, as well as to general readers with an interest in Romanticism in the West.

*The Life of Rossini* Henry Sutherland Edwards, 187?

*The English Illustrated Magazine* , 1911

**Haydn and His World** Elaine R. Sisman, 2012-01-16 Joseph Haydn's symphonies and string quartets are staples of the concert repertory, yet many aspects of this founding genius of the Viennese Classical style are only beginning to be explored. From local Kapellmeister to international icon, Haydn achieved success by developing a musical language aimed at both the connoisseurs and amateurs of the emerging musical public. In this volume, the first collection of essays in English devoted to this composer, a group of leading musicologists examines Haydn's works in relation to the aesthetic and cultural crosscurrents of his time. *Haydn and His World* opens with an examination of the contexts of the composer's late oratorios: James Webster connects the Creation with the sublime--the eighteenth-century term for artistic experience of overwhelming power--and Leon Botstein explores the reception of Haydn's Seasons in terms of the changing views of programmatic music in the nineteenth century. Essays on Haydn's instrumental music include Mary Hunter on London chamber music as models of private and public performance, fortepianist Tom Beghin on rhetorical aspects of the Piano Sonata in D Major, XVI:42, Mark Evan Bonds on the real meaning behind contemporary comparisons of symphonies to the Pindaric ode, and Elaine R. Sisman on Haydn's Shakespeare, Haydn as Shakespeare, and originality. Finally, Rebecca Green draws on primary sources to place one of Haydn's Goldoni operas at the center of the Eszterháza operatic culture of the 1770s. The book also includes two extensive late-eighteenth-century discussions, translated into English for the first time, of music and musicians in Haydn's

milieu, as well as a fascinating reconstruction of the contents of Haydn's library, which shows him fully conversant with the intellectual and artistic trends of the era.

**History of the Opera from Its Origin in Italy to the Present Time** Henry Sutherland Edwards, 1862

**Waiting for Verdi** Mary Ann Smart, 2018-06-22 The name Giuseppe Verdi conjures images of Italians singing opera in the streets and bursting into song at political protests or when facing the firing squad. While many of the accompanying stories were exaggerated, or even invented, by later generations, Verdi's operas—along with those by Rossini, Donizetti, and Mercadante—did inspire Italians to imagine Italy as an independent and unified nation. Capturing what it was like to attend the opera or to join in the music at an aristocratic salon, *Waiting for Verdi* shows that the moral dilemmas, emotional reactions, and journalistic polemics sparked by these performances set new horizons for what Italians could think, feel, say, and write. Among the lessons taught by this music were that rules enforced by artistic tradition could be broken, that opera could jolt spectators into intense feeling even as it educated them, and that Italy could be in the vanguard of stylistic and technical innovation rather than clinging to the glories of centuries past. More practically, theatrical performances showed audiences that political change really was possible, making the newly engaged spectator in the opera house into an actor on the political stage.

**History of the Opera** Henry Sutherland Edwards, 1862

*Lockdown Therapy* Stefano Carpani, Monica Luci, 2022-10-17 This fascinating volume explores — from the perspective both of analysts and their patients—how the COVID-19 pandemic quickly and unexpectedly created profound and lasting changes in the ways psychoanalysis is conducted, and what those changes mean for analysis moving forward. The first part of the book is made up of interviews conducted by Stefano Carpani with authoritative authors in analytical psychology during the earliest phase of lockdown, centered on themes of the pandemic, lockdown, and how each individual was coping with the challenges those circumstances brought on. The second part features personal essays that further details the subjective experiences of Jungian analysts and therapists worldwide, comprising a collection of reflections on how COVID-19 affected and changed the way analysts work with patients. These reflections focus on the theoretical, clinical, technical, and also practical points of view, including clinical materials on transference and counter-transference considerations. The third part of the book is specular to the second and offers reflections from patients' perspective on how the pandemic changed their therapies and lockdown affected their experience of therapy. Patients have provided anonymous testimonies through their writing of how they experienced of the change of setting, mindset and related implications. A comprehensive overview of an important and ongoing conversation, *Lockdown Therapy* is crucial reading for Jungian analysts and scholars, as well as other clinicians training in analysis, psychotherapy and counselling.

Decoding **Carpanion**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force.
