**South Carolina Postcards** Howard Woody, Thomas L. Johnson, 2000-09-01 From the 1890s through the 1920s, the postcard was an extraordinarily popular means of communication, and many of the postcards produced during this golden age can today be considered works of art. A key link in the connection of South Carolina's four principal sections--the Piedmont, the Coastal Plain, the Pee Dee, and Savannah River Valley--Lexington County has provided an abundance of images that serve as a microcosm of the state's growth and development during the first third of the twentieth century. This fascinating new history of Lexington County showcases more than two hundred of the best vintage postcards available and allows readers a nostalgic view into another way of life: a mirror of a bygone day in largely rural but diverse settings, from The Fork in the southwest to the Dutch Fork in the northeast of the county.

*Paris Postcards* Leonard Pitt, 2016-02-15 A unique slice of life in the Golden Age of Paris, the City of Light, in this illuminating volume of collected postcards.

**River Towns of the Delaware Water Gap** Don Dorflinger, Marietta Dorflinger, 2009-03-16 As early as 1829, Antoine Dutot saw potential for a profitable resort industry at the Delaware Water Gap and began construction of the first Kittatinny House overlooking the Delaware River. After the arrival of the Delaware, Lackawanna and Western Railroad in 1856, other hostelryes of various sizes and appointments followed and were soon filled each summer with happy vacationers from New York City and Philadelphia. Residents of surrounding villages on both sides of the Delaware River also shared the seasonal wealth of this natural playground, yet they still managed to make a living during the rest of the year. River Towns of the Delaware Water Gap salutes the grand hotels, their diminutive little sisters, and the people who ran them or lived in the gap and its neighboring river towns.

Columbus, Georgia in Vintage Postcards Kenneth H. Thomas Jr., 2001-08-01 Founded in 1828 as a planned city by the Georgia Legislature, Columbus prospered due to its location on the Chattahoochee River. Industry sprang up along the shores of the Chattahoochee and shaped Columbus's identity as one of Georgia's premier cities. Today a thriving metropolis, it is the Columbus of yesteryear that is illuminated within these pages. Early postcard views reflect the city from around 1905 to 1942, showcasing many of its businesses, neighborhoods, and parks. Included are places virtually unknown to citizens today—the Bell Tower, the City Market, North Highlands Park, and Wildwood Park—as well as those that were landmarks a century ago and landmarks still: the Iron Bank, the Springer Opera

House, the Union Depot, the YMCA, and Fort Benning.

*Old Los Angeles and Pasadena in Vintage Postcards* C. Milton Hinshilwood, Elena Irish Zimmerman, 2001 Covering the history and geography of Los Angeles and Pasadena between 1900 and 1950, the collection of over 200 vintage postcards compiled in this new volume offers a unique glimpse into turn-of-the-century southern California. As communication by postcards became popular in the late 19th century, those who received them were offered a rare view of the right here, right now aspect that only postcard photography could offer. From the earliest images of the Angels' Flight in Los Angeles, to the Tournament of Roses parades gliding down Colorado Street, the authors celebrate the history of these two beautiful cities through the personal medium of vintage postcards.

*South Carolina Postcards* Howard Woody, 2001-04-01 In the heart of South Carolina lies Richland County, an area steeped in stories of conflict and resolution amidst America's formation. Home to Columbia, the present-day capital of South Carolina, Richland County has witnessed firsthand the state's growth and change as it has faced an ever-evolving palette of ideas and traditions. This new volume showcases over 200 postcards that illustrate early 20th-century South Carolina, highlighting the ways of life that still exist today and reminding readers of those that have since been abandoned.

**Orlando in Vintage Postcards** Lynn M. Homan, Thomas Reilly, 2001-09-25 Beautiful weather here. When are you coming? Those words have been written millions of times on postcards mailed from Orlando. Known today as home to America's most famous theme parks, Orlando has always been a destination for visitors from all over the world. During its early period as The Phenomenal City, through the years as The City Beautiful, to the era of The Action Center of Florida, Orlando has a story to tell.

**Vintage Postcards from the African World** Jessica B. Harris, 2020-05-15 For over forty years, professor and culinary historian Jessica B. Harris has collected postcards depicting Africans and their descendants in the American diaspora. They are presented for the first time in this exquisite volume. *Vintage Postcards from the African World: In the Dignity of Their Work and the Joy of Their Play* brings together more than 150 images, providing a visual document of more than a century of work in agricultural and culinary pursuits and joy in entertainments, parades, and celebrations. Organized by geography—Africa, the Caribbean, and the United States—as well as by the types of scenes depicted—the farm, the garden, and the sea; the marketplace; the vendors and the cooks; leisure, entertainments, and festivities—the images capture the dignity of the labors of everyday life and the pride of festive occasions. Superb and rare images demonstrate everything from how Africans and their descendants dressed to what tools they used to how their entertainments provided relief from toil. Three essays accompany the postcards, one of which details Harris's collection and the collecting process. A second presents suggestions on how to interpret the cards. A final essay gives brief information on the history of postcards and postcard dating and its increasing use and value to scholars.

*Carte Postale* Christine Pyle, Heather Johnson, 2014-04-15 Postcard Art Book

*The Post Card* Jacques Derrida, 2020-10-28 17 November 1979 You were reading a somewhat retro loveletter, the last in history. But you have not yet received it. Yes, its lack or excess of address prepares it to fall into all hands: a post card, an open letter in which the secret appears, but indecipherably. What does a post card want to say to you? On what conditions is it possible? Its destination traverses you, you no longer know who you are. At the very instant when from its address it interpellates, you, uniquely you, instead of reaching you it divides you or sets you aside, occasionally overlooks you. And you love and you do not love, it makes of you what you wish, it takes you, it leaves you, it gives you. On the other side of the card, look, a proposition is made to you, S and p, Socrates and Plato. For once the former seems to write, and with his other hand he is even scratching. But what is Plato doing with his outstretched finger in his back? While you occupy yourself with turning it around in every direction, it is the picture that turns you around like a letter, in advance it deciphers you, it preoccupies space, it procures your words and gestures, all the bodies that you believe you invent in order to determine its outline. You find yourself, you, yourself, on its path. The thick support of the card, a book heavy and light, is also the specter of this scene, the analysis between Socrates and Plato, on the program of several others. Like the soothsayer, a fortune-telling book watches over and speculates on that-which-must-happen, on what it indeed might mean to happen, to arrive, to have to happen or arrive, to let or to make happen or arrive, to destine, to address, to send, to legate, to inherit, etc., if it all still signifies, between here and there, the near and the far, da und fort, the one or the other. You situate the subject of the book: between the posts and the analytic movement, the pleasure principle and the history of telecommunications, the post card and the purloined letter, in a word the transference from Socrates to Freud, and beyond. This satire of epistolary literature had to be farci, stuffed with addresses, postal codes, crypted missives, anonymous letters, all of it confided to so many modes, genres, and tones. In it I also abuse dates, signatures, titles or references, language itself. J. D. With *The Post Card*, as with *Glas*, Derrida appears more as writer than as philosopher. Or we could say that here, in what is in part a mock epistolary novel (the long section is called *Envois*, roughly, dispatches ), he stages his writing more overtly than in the scholarly works. . . . The *Post Card* also contains a series of self-reflective essays, largely focused on Freud, in which Derrida is beautifully lucid and direct.—Alexander Gelley, *Library Journal*

*Brilliance Postal Notes Box* Chronicle Books, Phillippe Glade, 1998-08 Tucked into a keepsake wooden box, these elegant postcards feature twenty-four images and matching printed envelopes to give polish and privacy to your messages.

**Lake Geneva in Vintage Postcards** Carolyn Hope Smeltzer, Martha Kiefer Cucco, 2005-05-18 Lake Geneva was originally called Kishwauketoe by the Oneota tribe, a name meaning clear or sparkling water. Carved out by a glacier, this same crystal water has attracted residents and tourists for centuries, and continues to be a retreat for many in every season. Through a collection of vivid vintage postcards, authors Carolyn Hope Smeltzer and Martha Kiefer Cucco provide an overview of Lake Geneva's rich history, rendered in views of mansions, cottages, and camps, and

in images of recreation, the surrounding towns, and, of course, Lake Geneva itself.
