The Stuff of Spectatorship Caetlin Benson-Allott,2021-04-06 Film and television create worlds, but they are also of a world, a world that is made up of stuff, to which humans attach meaning. Think of the last time you watched a movie: the chair you sat in, the snacks you ate, the people around you, maybe the beer or joint you consumed to help you unwind—all this stuff shaped your experience of media and its influence on you. The material culture around film and television changes how we make sense of their content, not to mention the very concepts of the mediums. Focusing on material cultures of film and television reception, The Stuff of Spectatorship argues that the things we share space with and consume as we consume television and film influence the meaning we gather from them. This book examines the roles that six different material cultures have played in film and television culture since the 1970s—including video marketing, branded merchandise, drugs and alcohol, and even gun violence—and shows how objects considered peripheral to film and television culture are in fact central to its past and future.

The Cartoons That Shook the World Jytte Klausen,2009-10-13 On September 30, 2005, the Danish newspaper Jyllands-Posten published twelve cartoons of the Prophet Muhammad. Five months later, thousands of Muslims inundated the newspaper with outpourings of anger and grief by phone, email, and fax; from Asia to Europe Muslims took to the streets in protest. This book is the first comprehensive investigation of the conflict that aroused impassioned debates around the world on freedom of expression, blasphemy, and the nature of modern Islam. --Publisher.

Hanna-Barbera Jared Bahir Browsh,2021-12-28 With careers spanning eight decades, William Hanna and Joseph Barbera were two of the most prolific animation producers in American history. In 1940, the two met at MGM and created Tom and Jerry, who would earn 14 Academy Award nominations and seven wins. The growth of television led to the founding of Hanna-Barbera's legendary studio that produced countless hours of cartoons, with beloved characters from Fred Flintstone, George Jetson and Scooby-Doo to the Super Friends and the Smurfs. Prime-time animated sitcoms, Saturday morning cartoons, and Cartoon Network's cable animation are some of the many areas of television revolutionized by the team. Their productions are critical to our cultural history, reflecting ideologies and trends in both media and society. This book offers a complete company history and examines its productions' influences, changing technologies, and enduring cultural legacy, with careful attention to Hanna-Barbera's problematic record of racial and gender representation.
