Casino Industry in Asia Pacific Kaye Sung Chon, Cathy Hc Hsu, 2012-11-12 This single volume gives you comprehensive information on Asia-Pacific gaming! *Casino Industry in Asia Pacific: Development, Operation, and Impact* is a one-of-a-kind comprehensive review of the gaming industry in various countries in the Asia-Pacific region. This valuable resource thoroughly details the history, the operational issues, and the impact of casino gaming in Australia, Korea, Macao, and Southeast Asia—and the Pachinko phenomenon in Japan. International authorities discuss crucial issues that involve policy makers and casino developers, allowing industry players a global perspective as they consider various important viewpoints in their long-range planning. *Casino Industry in Asia Pacific* is organized into three sections: Development, Operation, and Impact. Chapters in the Development section provide a thorough history of gaming for Australia, Japan, Korea, Macao, and Southeast Asia. Laws and regulations are also reviewed for each location. In the Operation section, each chapter analyzes an important casino operational issue, including regulations, licensing and due diligence, internal control and auditing, and rolling commissions. The last section reviews the economic and social impacts for various regions. Chinese culture and gaming are also examined in detail to illustrate the intertwined relationship between gaming and people's daily life. Extensive bibliographies, helpful tables, and

fascinating photographs are also included. Casino Industry in Asia Pacific discusses: casino history and gaming legislation in Australia, Korea, and Macao Japan's form of gambling—Pachinko gaming in Southeast Asia suggestions for Asian gaming jurisdictions casino licensing investigations accounting, internal controls, and casino auditing the use of non-negotiable chips the societal and economic impacts of gaming in Australia the impacts of casinos in Korea gaming and Chinese culture Casino Industry in Asia Pacific: Development, Operation, and Impact is an essential resource for graduate students, advanced undergraduate students, educators, researchers, gaming policymakers and lobbyists, concerned civic organization leaders and members, casino developers and executives, hotel professionals, travel and tourism professionals, and anyone interested in the gaming industry.

Casino Clubs NSW Betty Con Walker, 2009-10-13 *Casino Clubs NSW* describes how big clubs have attained and retained a dominant position in the gaming industry. While recognising the positive role of small mutual clubs, it questions the continuing government support to big clubs through tax and regulatory concessions and it refutes claims that the bulk of gaming profits is spent on community contributions and sport sponsorship.

How Local Art Made Australia's National Capital Anni Doyle Wawrzyńczak, 2020-08-31 Canberra's dual status as national capital and local city dramatically affected the rise of a unique contemporary arts scene. This complex story, informed by rich archival material and interviews, details the

triumph of local arts practice and community over the insistent cultural nation-building of Australia's capital. It exposes local arts as a vital force in Canberra's development and uncovers the influence of women in the growth of its visual arts culture. A broad illumination of the city-wide development of arts and culture from the 1920s to 2001 is combined with the story of Bitumen River Gallery and its successor Canberra Contemporary Art Space from 1978 to 2001. This history traces the growth of the arts from a community-led endeavour, through a period of responses to social and cultural needs, and ultimately to a humanising local practice that transcended national and international boundaries.
