*View From the Top* D. Michael Lindsay, M. G. Hager, 2014-05-05 Learn leadership from the best-proven insights from the power elite in business, government, and beyond *View from the Top* brings readers inside the corridors of power and relates the personal stories and powerful findings from the Platinum Study, a groundbreaking study of 550 elite American CEOs, senior government leaders, and nonprofit executives based on ten years of research. The largest study of its kind, the Platinum Study delves into the domains of the elite with stories that illustrate both the use and misuse of power across the landscape of prominent American institutions such as AT&T, Harvard University, Under Armour, JP Morgan Chase, Bain & Company, and the White House. The book explores not only how leaders wield power, but it also provides readers with insight into applying the strategies of the successful in their own lives. In the United States, only a few thousand individuals make the decisions that influence the lives of over 300 million people. Whether in the government, business, higher education, or the arts, these individuals direct policy and set the terms of national debates, yet remain virtually unknown. *View from the Top* explores the real lives of the elite and the social worlds they inhabit, revealing lessons about influence at the top, and the seven principles that shape those in power. The results of the Platinum Study include unexpected truths such as: Being born into wealth is a poor predictor of leadership success One program can set you on the path to leadership It doesn't matter what college you attend A leader's best work never sees the light of day Time-crushed executives are better situated than most to manage their family lives Crisis is the quickest way for a leader to shape an institution Working longer does not mean working better The book examines the different paths to power and describes the essence of leadership and the fundamental traits that distinguish a leader from the pack. For anyone seeking sharpen their leadership skills and impact the world around them, *View from the Top: An Inside Look at How People in Power See and Shape the World* provides the roadmap to taking charge and inspiring change.

Leadership by the Good Book David L. Steward, 2020-05-12 *Leadership by the Good Book* will inspire, empower, and equip men and women to lead their businesses, their teams, their ministries, and even their families to greater heights and to have an eternal impact. For David L. Steward, founder and chairman of World Wide Technology, his philosophy for building a successful business is simple and founded on a Biblical principle: For even the Son of Man did not come to be served, but to serve (Mark 10:45 NIV). As a business leader, he says, the first priority is to serve employees. Together with Brandon K. Mann, these two leaders distill their wisdom in this field guide for

leaders who want to bring respect, integrity, honesty, and trust to the workplace. Steward and Mann draw from personal experiences as well as share insights and examples of how God's Word has informed and influenced their leadership. Each chapter ends with a section titled Your Leadership Flywheel: Learn, Live, Lead, Legacy, which includes self-reflection questions, application of biblical principles, as well as a prayer.

**Together on Top of the World** Phil Ershler, Susan Ershler, Robin Simons, 2007-04-02 On May 16, 2002, Phil and Susan Ershler reached the top of Mt. Everest and became the first couple in history to scale the fabled Seven Summits. What made their achievement all the more remarkable was that Susan was not a mountain climber, but a high-powered Fortune 500 executive who had never hiked or climbed until she met Phil at the age of 36. Phil, a professional mountain guide who was the first American to summit Everest from its treacherous north face, had climbed his whole life with Crohn's disease, a chronic, debilitating illness. Adding to these challenges, just before their final summit, Phil was diagnosed with colon cancer, and the resulting surgeries and complications were expected to end his career. This is Susan and Phil's story: a tale of love set in the mountains, a story of triumphal highs and devastating lows in quest of a seemingly impossible dream.

**Doing Business by the Good Book** David Steward, Robert L. Shook, 2012-04-24 An indispensable volume that shows how to succeed in business by using the Bible and its lessons as a source of inspiration and guidance. In 1990, David L. Steward founded his company, Worldwide Technology, Inc., on a shoestring budget and borrowed money, well aware of the high-risk nature of the venture he was undertaking. Despite the fact that he was a novice entrepreneur, he was certain he would succeed. Steward believed intensely that God wouldn't let him down. *Doing Business by the Good Book* shares the inspiring lessons culled straight from the Bible, that Steward used to build his privately held billion-dollar company into a global information technology enterprise.

**The Case for Marriage** Linda Waite, Maggie Gallagher, 2002-03-05 A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. *The Case for Marriage* is a critically important intervention in the national debate about the future of family. Based on the authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book's findings dramatically contradict the anti-marriage myths that have become the common sense of most Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced—physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. *The Case for Marriage* combines clearheaded analysis, penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. “A compelling defense of a sacred union. *The Case for Marriage* is well written and well argued, empirically rigorous and learned, practical and commonsensical.” -- William J. Bennett, author of *The Book of Virtues* “Makes the absolutely critical point that marriage has been misrepresented and misunderstood.” -- *The Wall Street Journal*

Building Better Schools with Evidence-based Policy Kelly-Ann Allen, Andrea Reupert, Lindsay Oades, 2021-04-29 Building Better Schools with Evidence-based Policy: Adaptable Policy for Teachers and School Leaders provides an extensive set of free-to-use policies for building better schools. The policies included in this book cover a broad range of popular topics for schools that are not readily accessible, and each policy is built on theory, driven by research, and created by experts. Each policy is based on substantial evidence, and this is ensured through the inclusion of contributors who are active and highly reputable in their respective field. Most schools are obliged to write and maintain policy, and not all school leaders have the required skills, time, or expertise to do this effectively. Building Better Schools with Evidence-based Policy: Adaptable Policy for Teachers and School Leaders is a time-saving resource for schools. It aims to address the reported research-to-practice gap in education by delivering accessible evidence-based practice in a ready-to-use adaptable format. All policies within this book are designed to be adapted and tailored to the unique diversity and needs of each school as reflected by the context and the people that make up the school community. This book is relevant to every person who works in a school - worldwide. Users of this book can rest assured that each policy has been carefully formulated from the current understandings of best practice. This is a practical innovation and an example of how schools can use research evidence in their day-to-day practices. The Open Access version of this book, available at [www.taylorfrancis.com](http://www.taylorfrancis.com), has been made available under a Creative Commons Attribution-Non-Commercial-No Derivatives 4.0 license.

**The Last Climb** David Breashears, Audrey Salkeld, 1999-09-30 An account of the doomed attempt by Mallory and Irvine to be the first to reach the summit of Mount Everest in 1924. The remains of Mallory were found in May 1999, 75 years after his disappearance.

Vision Mindset Grit Scott Burrows, 2013-01-03 Scott Burrows' riveting story of overcoming adversity through sheer determination, will power and goal setting is infectious. Scott played college football at Florida State University under coach Bobby Bowden and was a top ranked kickboxing champion, having his last fight broadcast by ESPN. His future was filled with promise until November 3, 1984 when, at the age of 19, he was critically injured in a disastrous automobile accident and everything changed in the blink of an eye. Scott survived, but was paralyzed and diagnosed a quadriplegic. Despite this grim prognosis, he refused to be sidelined. He endured years of grueling physical therapy, learned to walk again with the aid of a cane, graduated from college, had a successful career in the insurance and financial industry—even qualifying for Million Dollar Round Table (MDRT), a 100% commission-driven award that fewer than 8% of agents worldwide achieve yearly. Later, Scott became a world-class motivational speaker. Vision, Mindset and Grit—three powerful words that describe Scott Burrows—will also inspire you to achieve your absolute best. This book is more than the story of Scott's determination to overcome enormous obstacles and rebuild his life. It is a testament to his intention to inspire others and help them triumph over adversity as well. He has shared his message of hope and success with audiences throughout the world and motivated them to make positive changes in their own lives.

But for David Beck, there can be no closure. A message has appeared on his computer, a phrase only he and his dead wife know.
